WORTHINGTON FOODS:

Every item offered under the Worthington label is guaranteed to be pure, wholesome, and of superior quality. For the best in flavor, best in quality, and best in service use Worthington Foods. We're proud to make them, you can be proud to serve or sell them.

CHOPLETS:

Delicious, high protein vegetable fillets packed in savory sauce. Easily prepared in numerous ways and economical, too. They provide the sturdy main course which is so often lacking on vegetable plates. Choplets are a premium product recommended for meatless diets, Friday menus, Lenten dishes, vegetable plates, and sandwiches. They never fail to satisfy!

CHOPLET BURGER:

A product that answers the many calls for a vegetarian "ground meat." May be added to meat loaves or shaped into patties for frying. Serve as meat alternate or extender.

SOYLOIN STEAKS:

Meat-like cutlets made from wheat and soya proteins and packed in tasty broth. Specially tenderized to insure finest texture. For extra flavor, extra food value, and economy serve Soyloin Steaks.

PROAST AND NUMETE:

For a delightful vegetable "meat loaf," we suggest Proast (dark) or Numete (light). Both are distinctive in flavor and rich in food value. May be used as sandwich filling or diced and used in salads.

MEATLESS WIENERS:

Something new—something different! Worthington Meatless Wieners represent the result of months of research at the Worthington Foods Laboratory. These wieners are tops in purity, food value, and flavor. A year-round favorite with all customers!

WORTHINGTON BREADING MEAL:

A seasoned breading mix for extra body and extra flavor. Adds food value and appetizing color to fried dishes. May also be used in meat loaves and patties. Packed in container with convenient pouring spout. Also available in bulk.

SAV-REE BROWN GRAVY:

A prepared meatless gravy with a real gravy flavor. Just heat and serve.

BETA BROTH:

Made from Brewer's Yeast and vegetable extract. An instant broth with a full-bodied meatlike flavor. Excellent for soups and gravy stocks. Packed in granulated form.

TASTEX:

A concentrated flavoring made from Brewer's Yeast and vegetable extracts. Just the thing for gravies and soups! Packed in paste form.

TASTEX FOOD YEAST:

Enrich cooked dishes, pastries, and baked goods by adding a small amount of this pleasant tasting yeast. Contains all the natural B complex as found in yeast and averages 42-46% protein.

MILLER'S CUTLETS

This well-known and popular food is the same product formerly made by International Nutrition Laboratory. Cutlets are made from wheat protein which has been tenderized to give the product a distinctive texture and juicy tenderness. A delicious and economical main dish at any time and for any occasion.

VEELETS:

Tender, juicy, bite-size fillets of wheat protein with a mild flavor and meaty texture all their own! They are especially delicious dipped in Worthington Breading Meal, browned in a frying pan, and served with your favorite tartar sauce. Also excellent for stews and other dishes calling for a meaty substance and flavor.

KEL-JEL:

A new all-vegetable gelatin mix for desserts and salads. Contains no animal products. Kel-Jel has a clear, smooth texture and keeps firm at high temperatures with a minimum of moisture seepage. Available in six delicious flavors, all quickly and easily prepared. 3 oz. makes one pint of jell.
