

7 Planters on West Side of High Street, and 2 beds on East side in front of Bank

- Allysum (white) Out-side row. Plant 6" from outer edge of Bed and 9" apart in row.
- x Ageratum (blue) Second row from edge. space same as Allysum (9" from Allysum and in row)
- S Salvia (red) Fill in remaining spaces. Place plants 12"- 15"
(or Celosia)

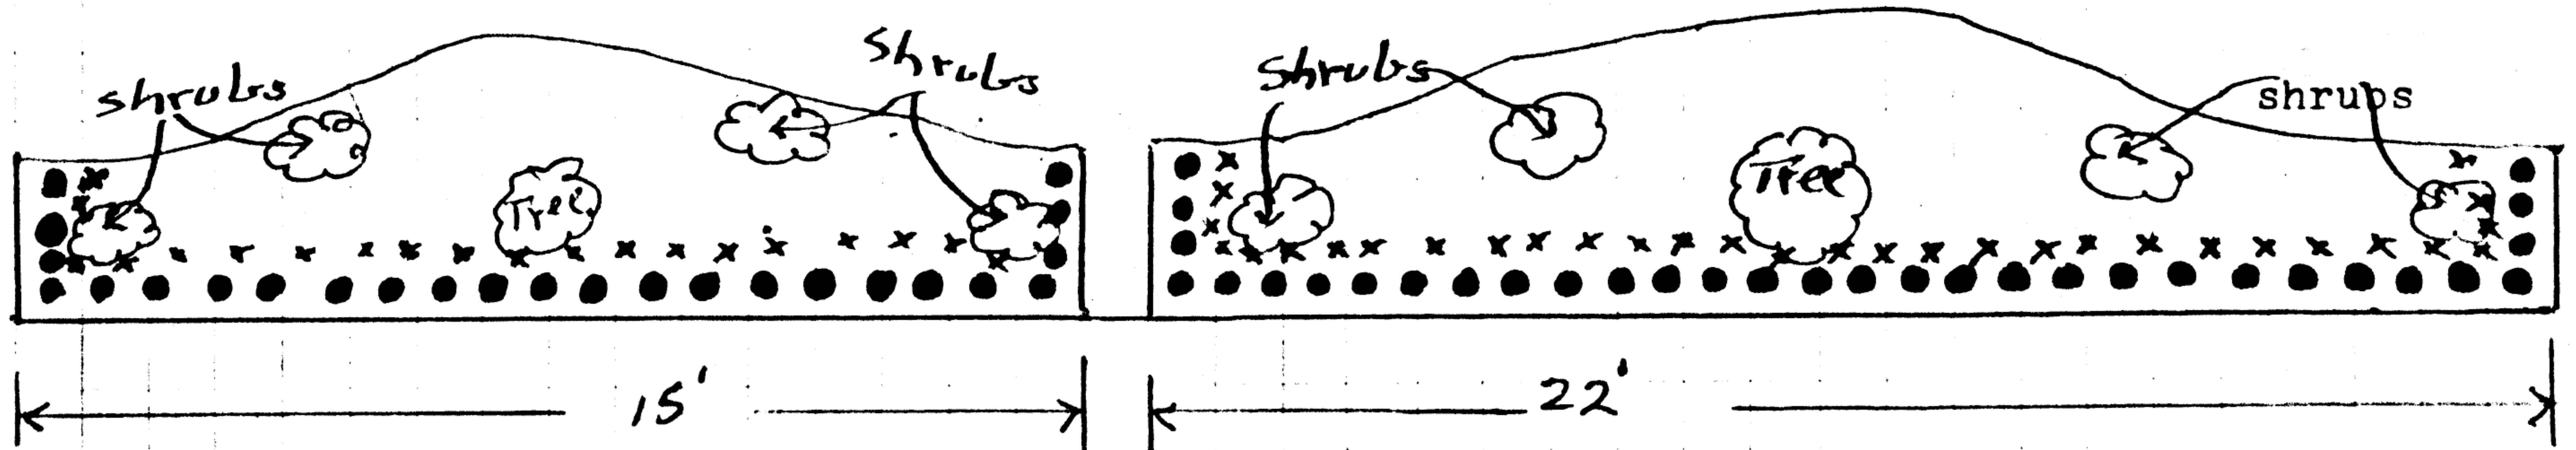

Fertilizer - Apply one cup of fertilizer 25 square feet of surface. Use complete analysis.
Work the fertilizer into the upper 2 to 4 inches of surface.

Watering- Apply pint or more of water around each plant, then pull a little dry soil around the plant.

Mulching- Use approximately 2" of "Peat Moss", "Shredded hardwood bark", "Bark", Ground Corn cobs, Composted leaves, Pine needles, Grass clippings or other mulch that will not ignite from matches thrown in the bed.

Watering throughout the growing season: Water the upper 3" to 4"

Sketch for planting 3 beds on east side of High Street. (In front of Home Market)

- Allysum (white) Out-side row. Plant 6" from outer edge of Bed and 9" apart in row.
- × Ageratum (Blue) Second row from edge. Space same as Allysum. (9" from Allysum and 9" in row)
- ⊙ Salvia or (Celosia) to fill in remaining spaces. Place plants 12" to 15" in rows or random spacing in remainder of bed. It is best to keep plants 15" from shrubs and trees.

Fertilizing - Apply one cup of complete analysis for 25 square feet of surface.
Work the fertilizer into the upper 2" to 4" of surface.

Watering = Apply a pint or more of water around each plant at time of planting, the pull a little dry soil around each plant.

Mulching - It is advisable to use approximately 2" of "peat moss", shredded hardwood bark, Ground corn cobs, Pine needles, Grass clippings or other mulch that will not ignite from matches or cigarette butts thrown in the bed.

Watering throughout the grown season: water the upper 3" to 4" when needed.
