## SCHOOL SPIRIT ??

Do the students of W.H.S. have good school spirit? This question can be answered in any number of ways. The students of W.H.S. used to be known all over Franklin County for their great enthusiasm over sports. But during the past three or four years this enthusiasm has lost its pep considerably.

Last winter the spirit at W.H.S. was the lowest it has ever been. The basketball team began to lose games which with the right spirit they could have won. Then suddenly everyone seemed to realize what was happening to this spirit. Slowly with each game the pep and enthusiasm of the followers as well as the team began to rise and by the end of the year W.H.S.'s spirit was almost at its peak again.

This year, everyone, at first, seemed to forget what low school spirit could do to a team. After the first football game everyone, including the team, went to work to bring the lost spirit back. Now the pep and enthusiasm is slowly gaining back what it lost over the summer months.

Don't let this spirit fail again. Don't slacken your pace. Worthington has its toughest seasons ahead in both football and basketball. So let's all keep up the good school spirit that we now have and try to improve it in every way possible. Let's all be able to answer, "Yes, the students of W.H.S. have real, extra-special, fine school spirit."

## CALENDAR OF EVENTS

- October 13- Football game at Marysville  
17- X-country meet at Newark  
19- X-country meet with Central at Beacon Light  
20- Football game with Grove City (Parent's night)

### HOME COMING

Friday, October 6, from ten 'til one, the 1950 Homecoming Dance was held in the gym at Worthington. The walls of the gym were decorated with large posters of cheerleaders and players. Rows of tables filled the west side of the room and were occupied by the fortunate early-comers. Late arrivals had to be content with the bleachers. Gay streamers of red and white were strung from the ceiling, adding a colorful touch to the scene. Pennants of the mid-six schools were also to be found hanging from the rafters, and various colored balloons turned the baskets into a bright spot of color. Pictures of the team formed the main attraction at each end of the room. Cider and doughnuts were served for refreshments. Dick Jolly's band played and everyone had a wonderful time.

### SOMETHING NEW HAS BEEN ADDED

This year, we're going to try to give all you readers something new and different in the way of a school paper. Though the first issue may seem a bit slim, we promise you a gigantic Christmas issue. We'd like to pack the covers with features, news that's news, and printable gossip. But we can't do this without some bang-up reporting. Those folks who've worked on this one are all wonderful kids, willing to put forth some effort. Would any of the rest of you care to add your two cents' worth? We'd love to have any suggestions, and anything you'd care to write. Contrary to rumor, you don't have to take journalism to write. Any and all are welcome to contribute. Please do.
