## Leadership Worthington ... A Foundation for Community Character

*Bricks and mortar, an icon of Worthington's historic character, are the foundation of the distinctive original and restored structures which line our streets and anchor our public centers. Fittingly, the names of Worthington leaders, young and old, are chiseled in bricks and mortar on the walkway to our municipal building – for, with the help of Leadership Worthington, leadership has become the bricks and mortar of Worthington's moral character.*

*Celebrating its tenth anniversary this year, Leadership Worthington has added a meaningful new chapter to the pages of Worthington's proud history. Launched in fall 1989 as a collaborative partnership of schools and businesses, the program has groomed more than 200 new leaders who are graduates of an intense nine-month program of personal and leadership skills development. Now active members of civic and human service organizations, the graduates left lasting legacies through class projects completed as part of the program. Their efforts are remembered when volunteers pool resources each spring on Service Day to assist senior citizens and clean up public areas ... or computer users view Worthington's community Web site ... or visitors at our municipal building read the names of exemplary citizens who have been honored with Leadership for a Lifetime Awards.*

*Worthington's youth also are prepared for responsible positions of leadership in our community, thanks to Leadership Tomorrow, a high school-focused partner program of Leadership Worthington which debuted in 1997, and Leadership Plus, a similar program for middle school students which was introduced in 1999. Through the programs, students from area public and private schools have developed their communication, time management and volunteer skills.*

*In fostering new leadership, recognizing and rewarding existing leaders, and serving as a catalyst for positive change in our community, Leadership Worthington is advancing its mission to better the quality of life in our community. For information on how the program is structured and how you can get involved, see page 4.*

*Class of 2000 project team members Lori Trego, Lisa Fuller, Ann Wennberg, Kathy Kneubel and Gary Reiss present a landscape plan for a habitat and wild site on the grounds of Wilson Hill Elementary School. Their plan is based on Settlers' Gardens cultivated by early Worthington residents.*

## Leadership for a Lifetime Award Winners

Through the annual Leadership for a Lifetime Awards, which began as a Leadership Worthington class project, the Worthington community annually recognizes two adults, one senior high student, one middle school student and one elementary school student for exemplary community, school and organizational leadership.

Winners are chosen by a selection committee of Leadership Worthington alumni and past recipients which carefully screens candidates who have been nominated by residents and business leaders.

Each honoree's name is engraved in a brick which paves the walkway to Worthington's Municipal Building, giving lasting recognition to special individuals who are committed to a lifetime of leadership.
