ACTIVITIES

They floated
in the rain . . .

"Go west, young man. Go west!" This was the cry as the mighty cardinal tucked in his wings, firmly placed his cowboy hat on his head, and followed his horse to this year's Homecoming festivities.

As the "Cards flew West," so did the floor tradition. With the completion of a new track, the usual floats, those pulled by car, were "outlawed". Instead, the so-called "floats" had to either be carried or staged as a walking play. Lots of hard work and determination, however, made the parade a success.

Hard work and determination also proved successful for the football team. The western Cardinals bravely shot down the Westerville South Wildcars by a score of 21-12. This proved that the good guys always win!

Celebrating victory was easy since Student Council sponsored an excellent dance. The band, Bean Oller, kept the cowboys happy and the cowgirls misty eyed as they played classic country-and-western music. Marci DeMuth joined Annie Oakley as a "queen of the west" when she was crowned Homecoming Queen.

Cowboys don't live forever, and neither do homecoming festivities; however, the memories of this year's walking "floats", surprising, upset football victory and marvelous dance will never die.

1. Pat Poletti and Tom Dop pose with the illustrious WHS Cardinal. 2. Wendy Long hams it up with fellow float builders. 3. Ann Schroeder says, "It'll never work!" 4. The Senior float, "Cardinal Express", begins its long, wet ride to the football stadium. 5. College Fair helps ease college fear

The "What am I going to do after high school?" question is one that can strike fear into the hearts of even the bravest souls. The Worthington Activity Club, with the help of several area guidance departments, however, helped ease that dilemma by sponsoring the College Fair. More than 3000 high school students and 130 college representatives converged at WHS and the College Fair. The options within the educational jungle which students could explore were endless: colleges and universities, vocational schools, and the military to name a few. Students also had the opportunity to learn about such vital topics as

financial aid, applications, aptitude tests, admission requirements, and basic college life in general.

Many thanks should go to the participating schools and the Activity Club. Maybe there was chaos and confusion, or an hour-long wait to see the representative from that favorite college, but the relieved looks on many of the students' faces were proof enough that the wait was well worth it. The post-high school graduation decision is a matter of extreme importance, and the College Fair was certainly successful in helping to make that choice a little easier.

1. Junior Karen Mock chokes at the thought of college. 2. Transylvania? Lisa Brennan must like vampires. 3. Jenny Frenzer fills out one of those many forms. 4. Wendy Lund receives some helpful advice from a representative. 5. One of the many representatives discusses applications with a student.

Seniority triumphed again! In a rough Powder Puff football game, the Senior women whipped the Junior girls, 14-0. Although school administration would not allow the game to be held under the lights on the varsity football field, the annual fund raiser was a success. The Juniors were well coached, and the girls played exceptionally well; however, the experience of the Senior coaches and the Senior women's savage hunger for victory was just too much for the underclassmen to endure. The Senior team wishes the Juniors good luck next year, though, . . . because they'll need it!

The Juniors execute a difficult play.

The matches begin to strike . . .

What happens when a wealthy, prominent, respected citizen wants to find a wife, but he also happens to be stingy, stubborn and middle-aged? Simple; he hires a matchmaker. But what if the matchmaker turns out to be a trouble maker? The answer can only be found in Thornton Wilder's zany farce, *The Matchmaker*, presented by the WHS Thespians on November 14 and 15.

The play involves the exploits of a loveable but scheming matchmaker, Dolly Levi, and seven innocent characters who are all looking for "a little risk and adventure." Dolly Levi was played by Julie Hollander, and Tom St. Pierre played Yonker's leading citizen, Horace Vandergelder. Other characters included John Hickman and Keith McNamara as Vandergelder's clerks, Cornelius and Barnaby. Sarah Wilson superbly portrayed the giddy Minnie Faye, and Carol Collins played her employer, Irene Molloy.

Bronwynn Hopton directed the production with the assistance of student director, Leslie Price, and a highly skilled technical crew. The play was performed in the Kilbourne auditorium which provided an intimacy between the actors and the audience.

1. "We hope you have just the right amount of sitting at home and just enough adventure." 2. Barnaby and Cornelius sit in peril as they impersonate Ambrose and Ermengarde. 3. Vandergelder begs Dolly to marry him and make him a happy man. 4. The maid and Miss Van Huysen contemplate the tragedies of life and love. 5. Ermengarde is alarmed to find the impersonators. 6. The happy couples join to dance as the show ends happily ever after. 7. The fantastic stage crew and technical workers. 8. Malachi the drunk, tells stories of his past employers and their habits.

"Hear ye, hear ye . . ."

The Fall Mock Trials celebrated its 16th anniversary in November 1980, playing before students, parents, and invited guests for two days in the Main Campus auditorium. The trials were the brain-child of Personal Law teacher, Shirley Nault, who felt the need to involve her students in an actual legal trial from beginning to end. Each period class presents its own trial, electing class members to fill the various roles in the trial. Both attorneys and their witnesses receive only three days to prepare their cases. Once the trial commences, it is conducted exactly as if it were an actual trial, with each side trying to influence the jury through opening statements, questionings and cross-examinations of witnesses, and closing statements. After both sides have presented their cases, the jury deliberates on a verdict. When the verdict is announced, Miss Nault traditionally reveals the verdict of the Mock Trials' real-life counterpart trial. A good deal of the time the two verdicts are different, proving that there are two sides to every issue.

1. Miss Nault brings the Fall Mock Trials to a close.
2. "I swear to tell the truth, the whole truth . . ."
3. Attorney Paul Clingon presents his case.
4. Behind the scenes.
5. "Are you sure that's what happened?"
6. Witness Mark Schnurr stays calm on the stand.

Winter Wonderland

This year's holiday season brought several changes to WHS's traditional "Christmas Formal". As of this year, the dance is no longer a Christmas dance, being termed "Holiday Dance" instead. Also, the dance is no longer strictly formal. One tradition which did remain, however, was the election of a Cardinal King and Queen. Senior Steve Byers was elected King, and Sophomore Stephanie Merrick was radiant as the Queen. Special guests at the dance included Mr. and Mrs. Santa Claus. Providing the music and atmosphere was the student band, "Popular Demand". Visiting the "Winter Wonderland" was a perfect way to start the holiday season off right.

1. Mr. and Mrs. Santa Claus, alias Mr. and Mrs. Donald Wilke. 2. "All right, who drugged the cookies?" 3. Jeff Mawhirter regrets losing his earplugs. 4. King Steve Byers and Queen Stephanie Merrick receive their crowns.

" . . . Where the wind comes

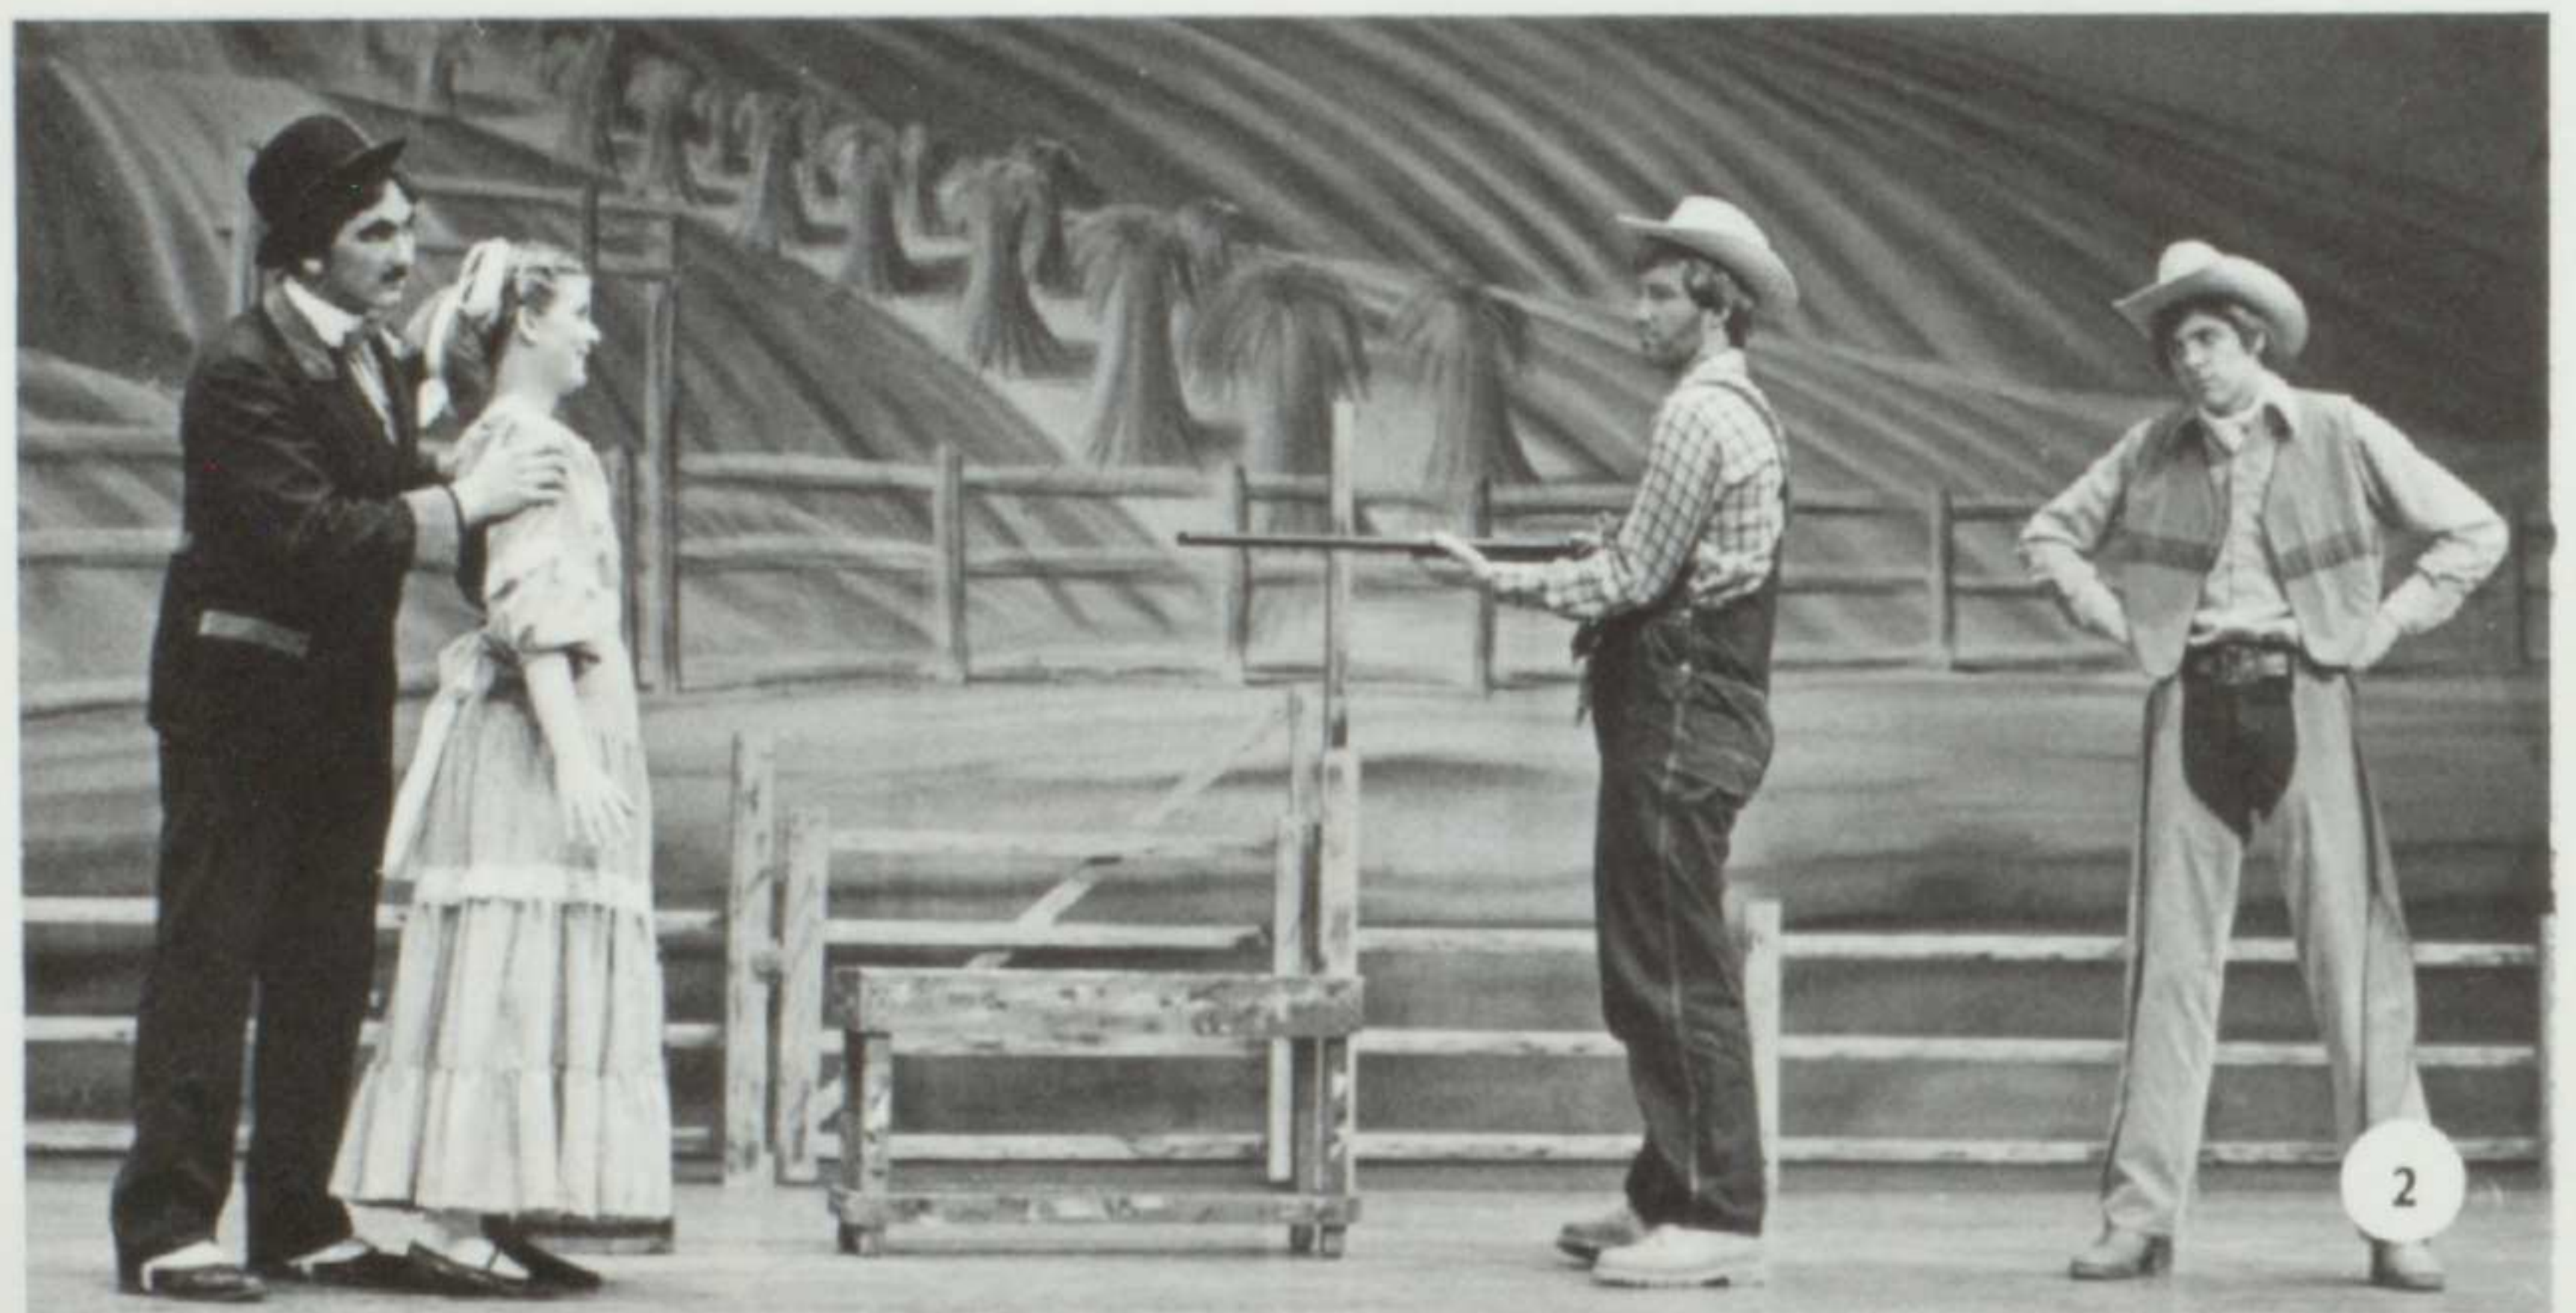

"O-O-O-O-klahoma," the Rodgers and Hammerstein musical came to life on the stage of the WHS auditorium as this year's operetta.

Presented by the High School Music Department, the story revolves around the romance of Laurey Williams (Sarah Wilson) and Curley McClain (Jon Wink). The couple's happiness is disrupted, though, by the villainous Jud Fry (Glenn Lines) who is also in love with Laurey. The two men battle for Laurey's love and affections, and the consequences are somewhat tragic. Comic relief is wonderfully provided by Aunt Eller (Ann Maddox) and Laurey's friend, Ado Annie (Lynn Brunk), who is torn between Will Parker (Tom Barlow), whose intentions of marrying her are purely hon-

orable, and the fast-talking peddler Ali Hakim (Phil Hugus), who has other things than marriage on his mind. Ado Annie's problem is that she can't say "no" to either one:

The show was highlighted by such musical favorites as: "Oh What a Beautiful Morning," "The Farmer and the Cowman," "Kansas City" which featured an excellently choreographed dance led by Tom Barlow, and of course, the song the show is famous for, "Oklahoma!"

Special thanks go out to Joel Haney, Elaine Hottenroth, Bronwynn Hopron, and Jim Scowden for all the time and effort they dedicated to make this year's sellout musical production such a tremendous success.

Cupid's Cards

The "Sadie Hawkins Valentine's dance" is a very exciting tradition at WHS in that it proves that turn-about is fair play! Because the dance is "girls ask guys," the guys at last receive the chance to sit back and relax while the girls take charge and make the arrangements for an evening out, full of fun and romance.

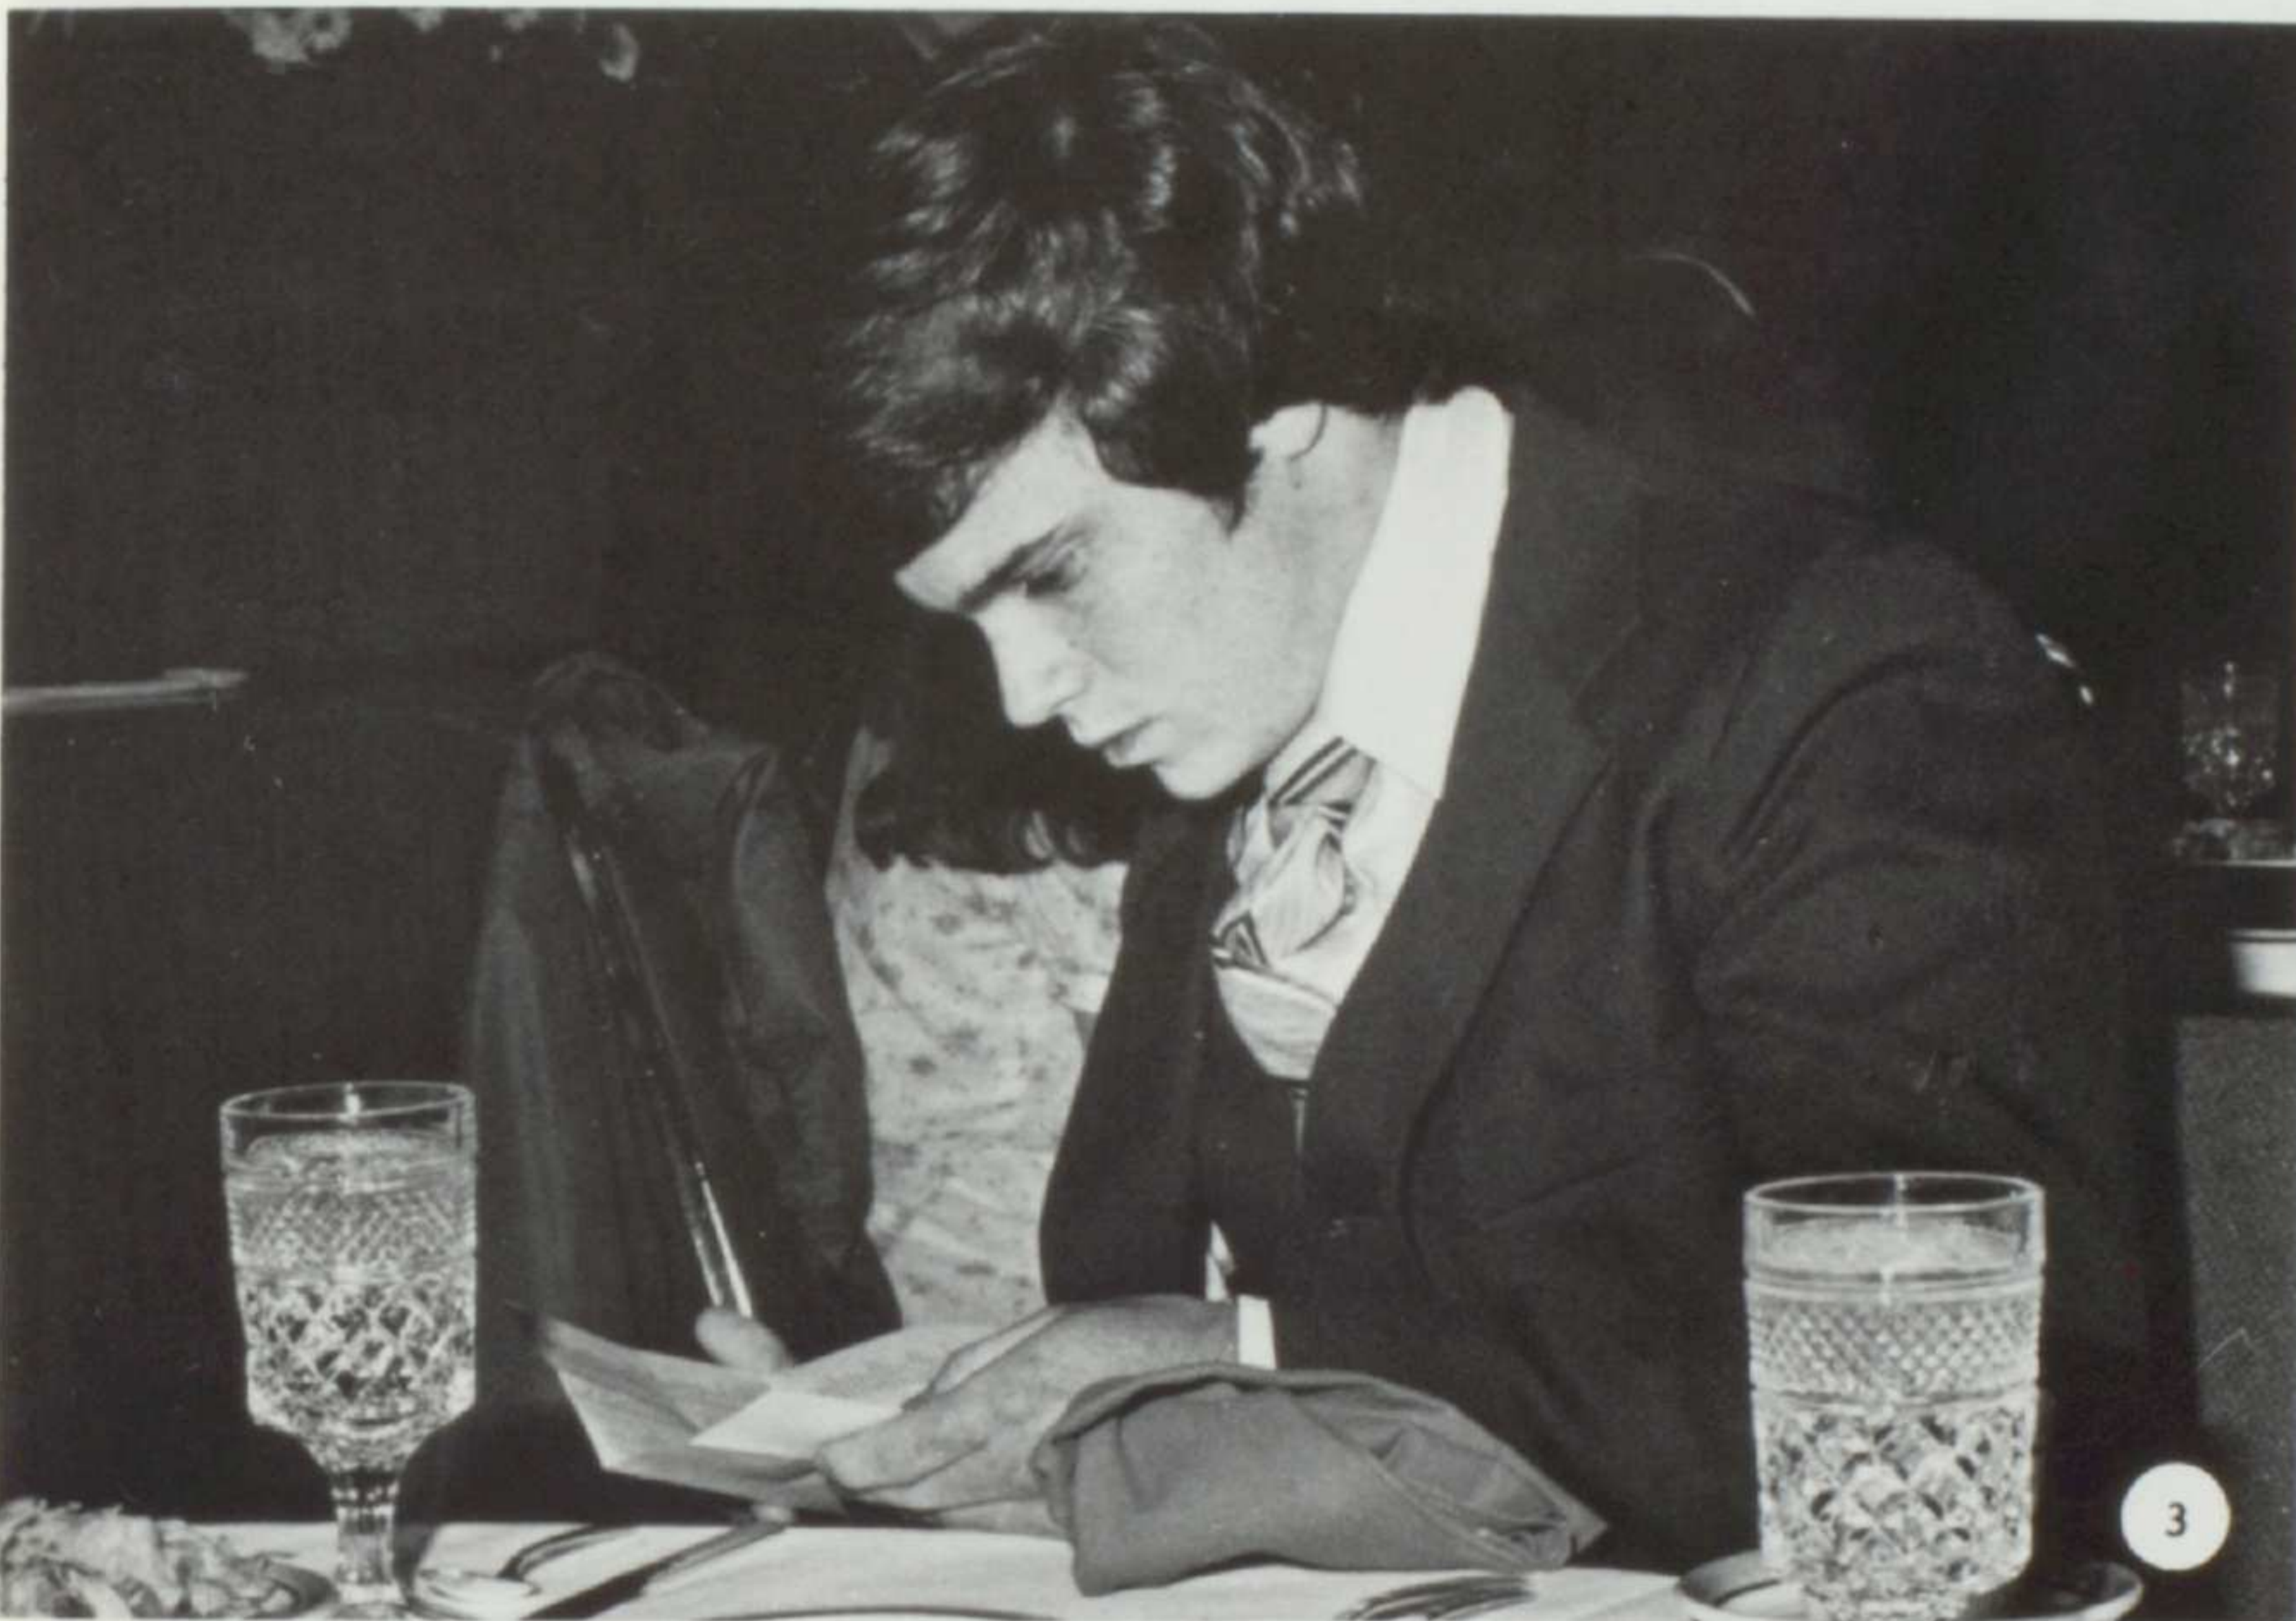

The week preceding the dance, students are given the opportunity to order carnations for other students, with the proceeds from the sale benefitting the heart fund. The flowers are then delivered during homeroom on Friday before the dance. Each color of carnation has a special significance: white is from a secret admirer; pink is from a friend; and red is from one's **true love**. The best part about receiving a carnation is often trying to figure out who sent it!

At this year's dance, heartshaped balloons formed a walkway into the school gym. As the couples entered, many busied themselves by checking the walls and ceiling for the red paper heart with their names on it. WHS's own stage band provided the music, and Senior Troy Dendiu was elected "King of Hearts." All in all, the atmosphere of love and romance which prevailed at the dance certainly made it an evening worth remembering.

1. Delivering the carnations. 2. "Why Bill, I think you've got it! 3. One, two, three . . . KICK! 4. "Oh, my foot!" 5. The total scene.

The few, the proud . . .

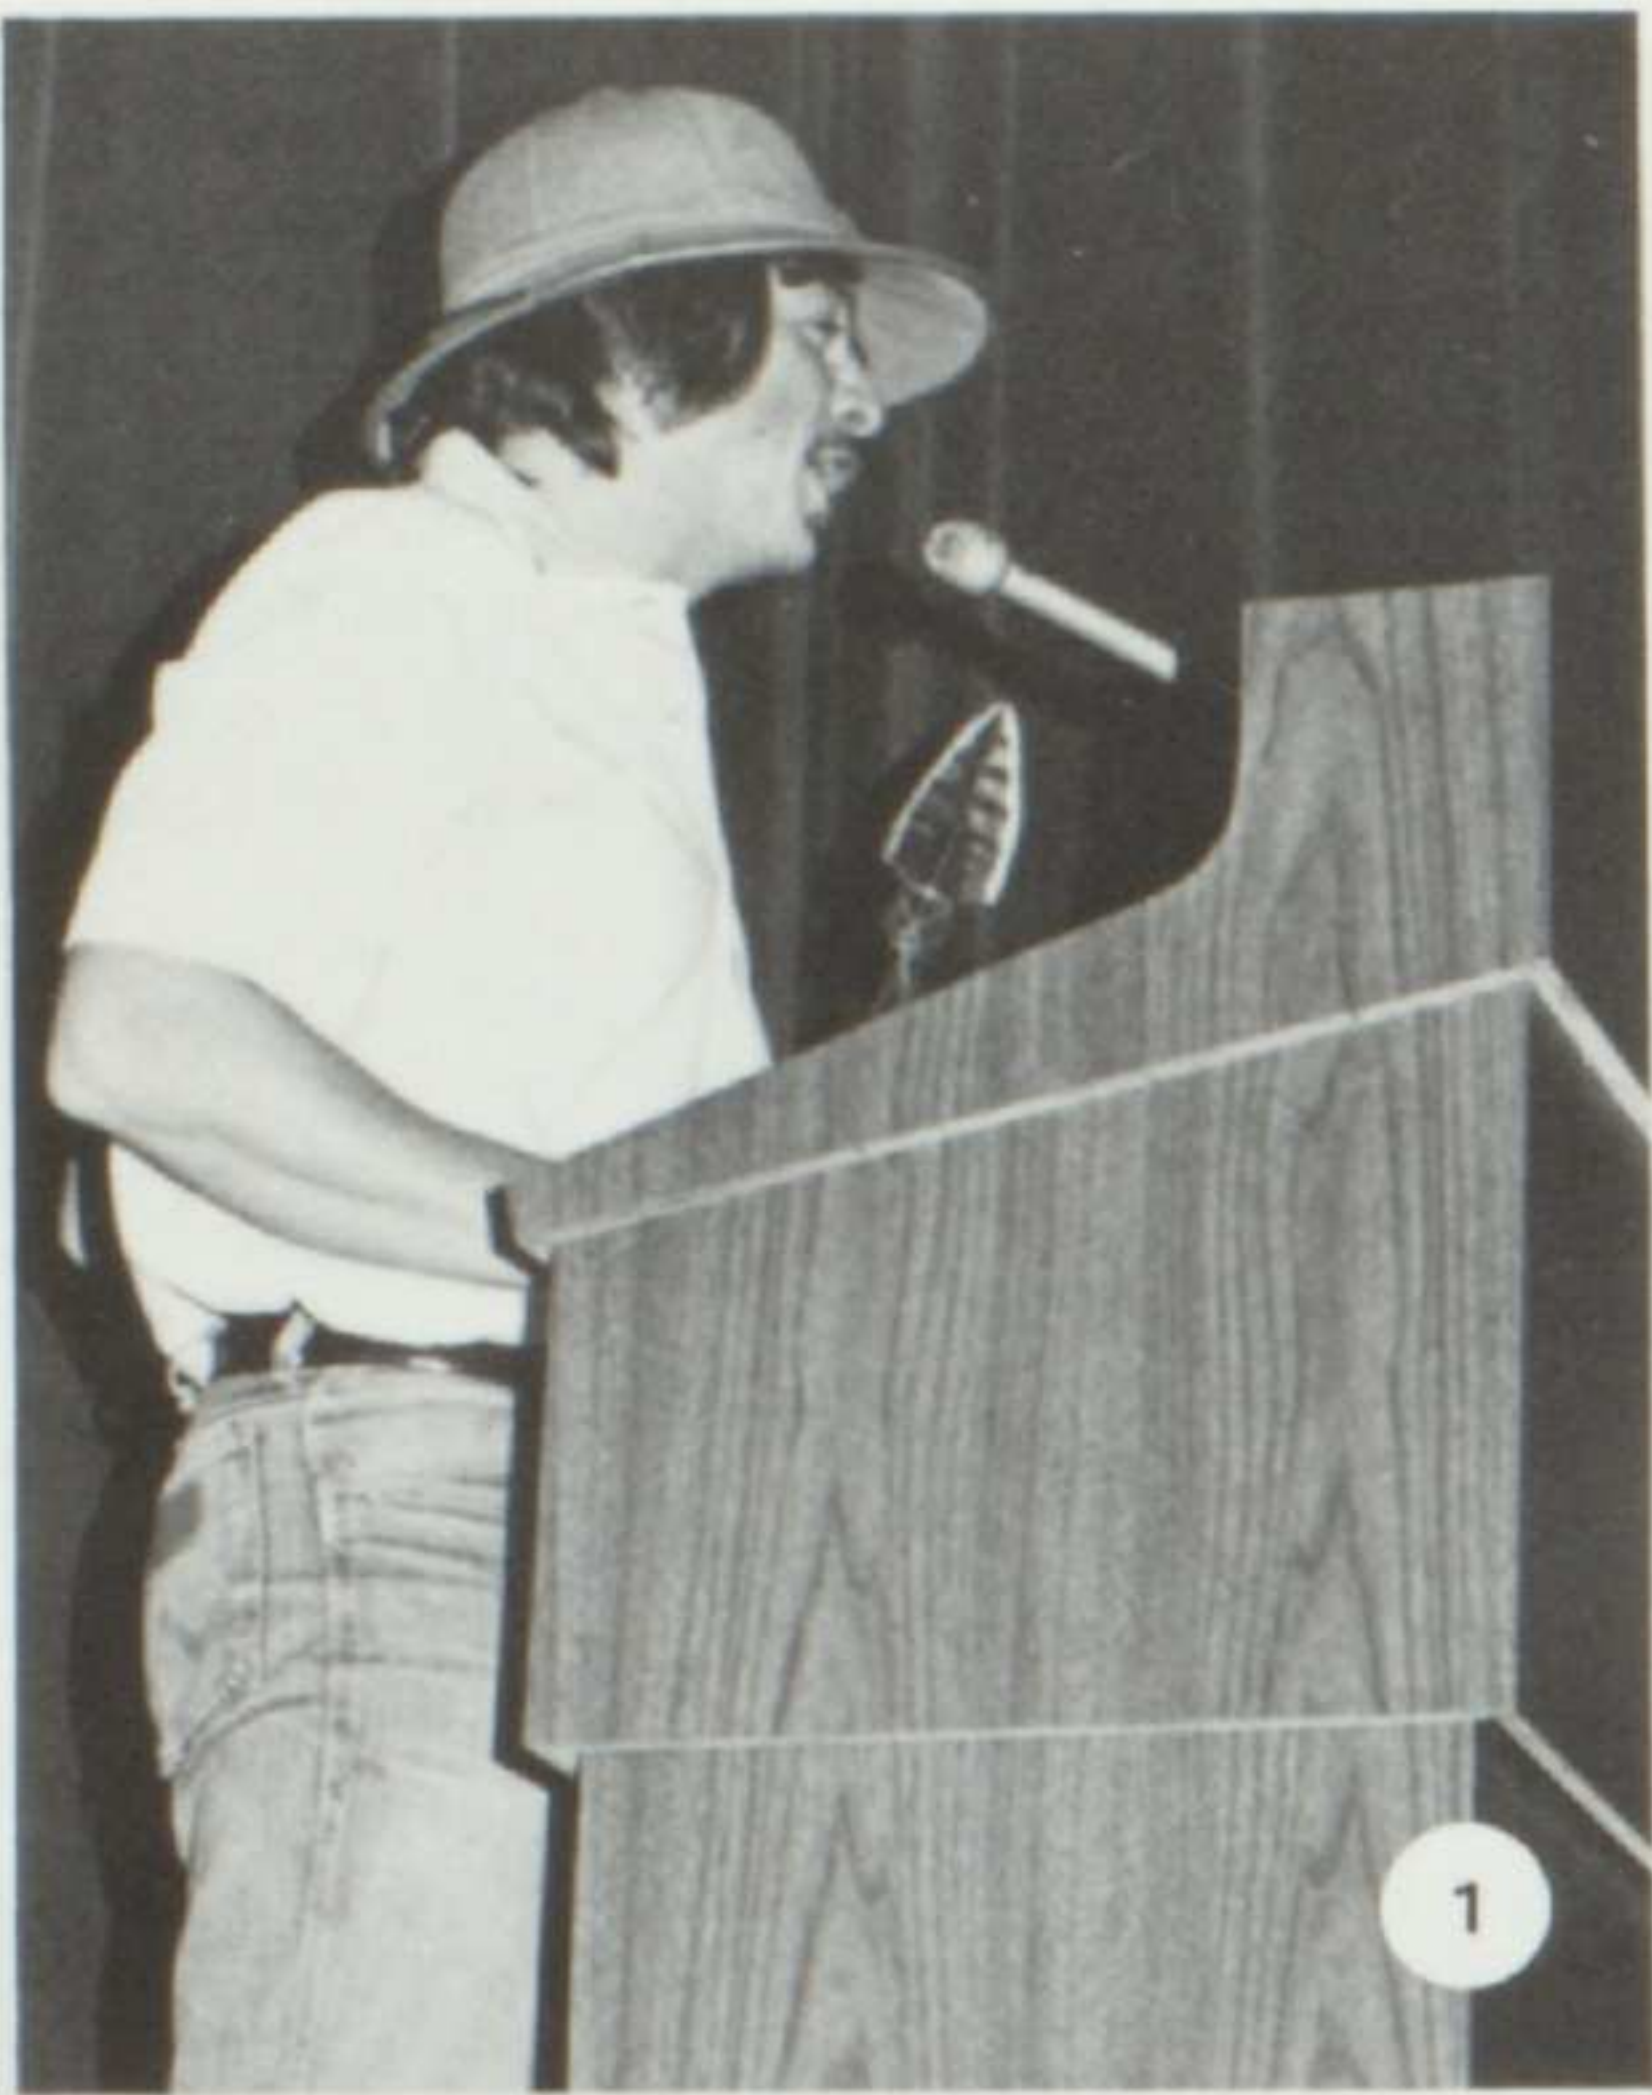

The 21st annual Academic Honors Banquet was, as usual, a tremendous success. The banquet was designed to reward students who maintain a cumulative 3.5 grade point average or better for their excellent academic performance. Following an enjoyable meal, these deserving students received their rewards. Scholars maintaining the required average for three consecutive semesters were presented with bronze keys; those holding the average for five semesters received silver keys; and finally, those students who succeeded in maintaining the 3.5 grade point average for seven consecutive semesters were honored with gold keys. The banquet and keys were an excellent way to reward these hard-working students for jobs well done.

1. When Jacques Cross speaks people listen, right Ms. Hottenroth? 2. Presenting the awards. 3. "I think I'm next." 4. Seniors Janine Belt and Steve Byers are enthralled by the awesome speech.

"That's entertainment!"

Yes, Virginia, there is talent at WHS, and the third annual WHS talent show was the perfect way to showcase that talent. The show had something for everyone, regardless of his or her tastes in entertainment. The show featured comedy, dancing, and music; there was everything from the classical works of Haydn and Mozart, to disco and pop music, all the way to the punk rock sounds of the grande finale act, The Broomz. Traditionally the talent show is an excellent opportunity for unknown talents to make themselves known, as well as a chance for the students at WHS to enjoy a great show. This year's show was no exception.

1. Emcee Allen Fuller goes safari. **2.** Daisy (Mr. John Streitz) and her suitor (Mr. Roger Johnson) are such a cute couple. **3.** Broomz member Jay Danner wows the crowd with his double broom. **4.** "The Hands." "The Princess, the Poet, and the Little Green Man"

What would you do with a princess who, unless she laughed, would be sent away to the Sad Lands? In this year's children's play, "The Princess, the Poet, and the Little Green Man," King Mortimer (Scott Bernard) is faced with just such a problem. In the hopes of rescuing his daughter from the dismal fate of life in the Sad Lands, the king offers the princess's hand in marriage, plus three wishes and \$100 in gold to whomever succeeds in making the princess laugh. Although many suitors try, it is Simon the poet (Dave Brown) who finally succeeds in making the princess laugh, with the help of the Little Green Man (Keith McNamara). Simon is therefore entitled to marry the princess immediately, but the play receives an interesting twist when the poet uses one of his three wishes to wish that the princess not be required to wed

until she so desires. Since the princess and the poet are already in love, however, the fairy tale ends happily with dancing and festivities.

After week-end performances for the public at Evening Street elementary school, the children's play was taken on the road and performed for the students at the various elementary schools in Worthington. The play featured a double cast, meaning that many of the principle characters and the chorus were played by two separate casts which alternated performances. The play was excellently directed by Bronwynn Hopron.

1. "My, my . . . what lovely poems you have!"
2. King Mortimer and Princess Katherine contemplate life in the Sad Lands.
3. Keith McNamara, alias the Little Green Man.

"... Order in the court!"

Following tradition, students in Miss Shirley Nault's 2nd semester Personal Law classes once again presented the spring version of the Mock Trials.

This year's spring trials centered around the possible liability of a lawn care company for injuries sustained by the lawn owner as a result of the company's work on her lawn.

While the civil case was the same for all the class periods, each period conducted its own trial. In every instance, the attorneys presented their cases with the utmost knowledge and ability, and all the participants appeared very professional.

When the trials had finally reached their conclusion and the verdicts had been given, everyone breathed a great sigh of relief. They had all done an excellent job.

1. Judge John Wilkinson, alias "Mister Justice." 2. "Are you sure Perry Mason started out this way?" 3. Personal Law students Mike Hart, Mary Rousseau, and Glenn Lines carefully listen to a witness's testimony. 4. Witness Lisa Grenier prepares to answer an attorney's question.

As twilight approached on the evening of May 9, 1981, the lights of the Beightler Armory were brightly illuminated. The red carpet was rolled out; the miniature doormen took their places near the entrees, awaiting the evening with great anticipation. And then the couples began to arrive, primed and ready to partake in all the excitement and festivities of "Opening Night."

A low budget forced this year's prom into the Robert S. Beightler Armory, but with an excellent production crew and a

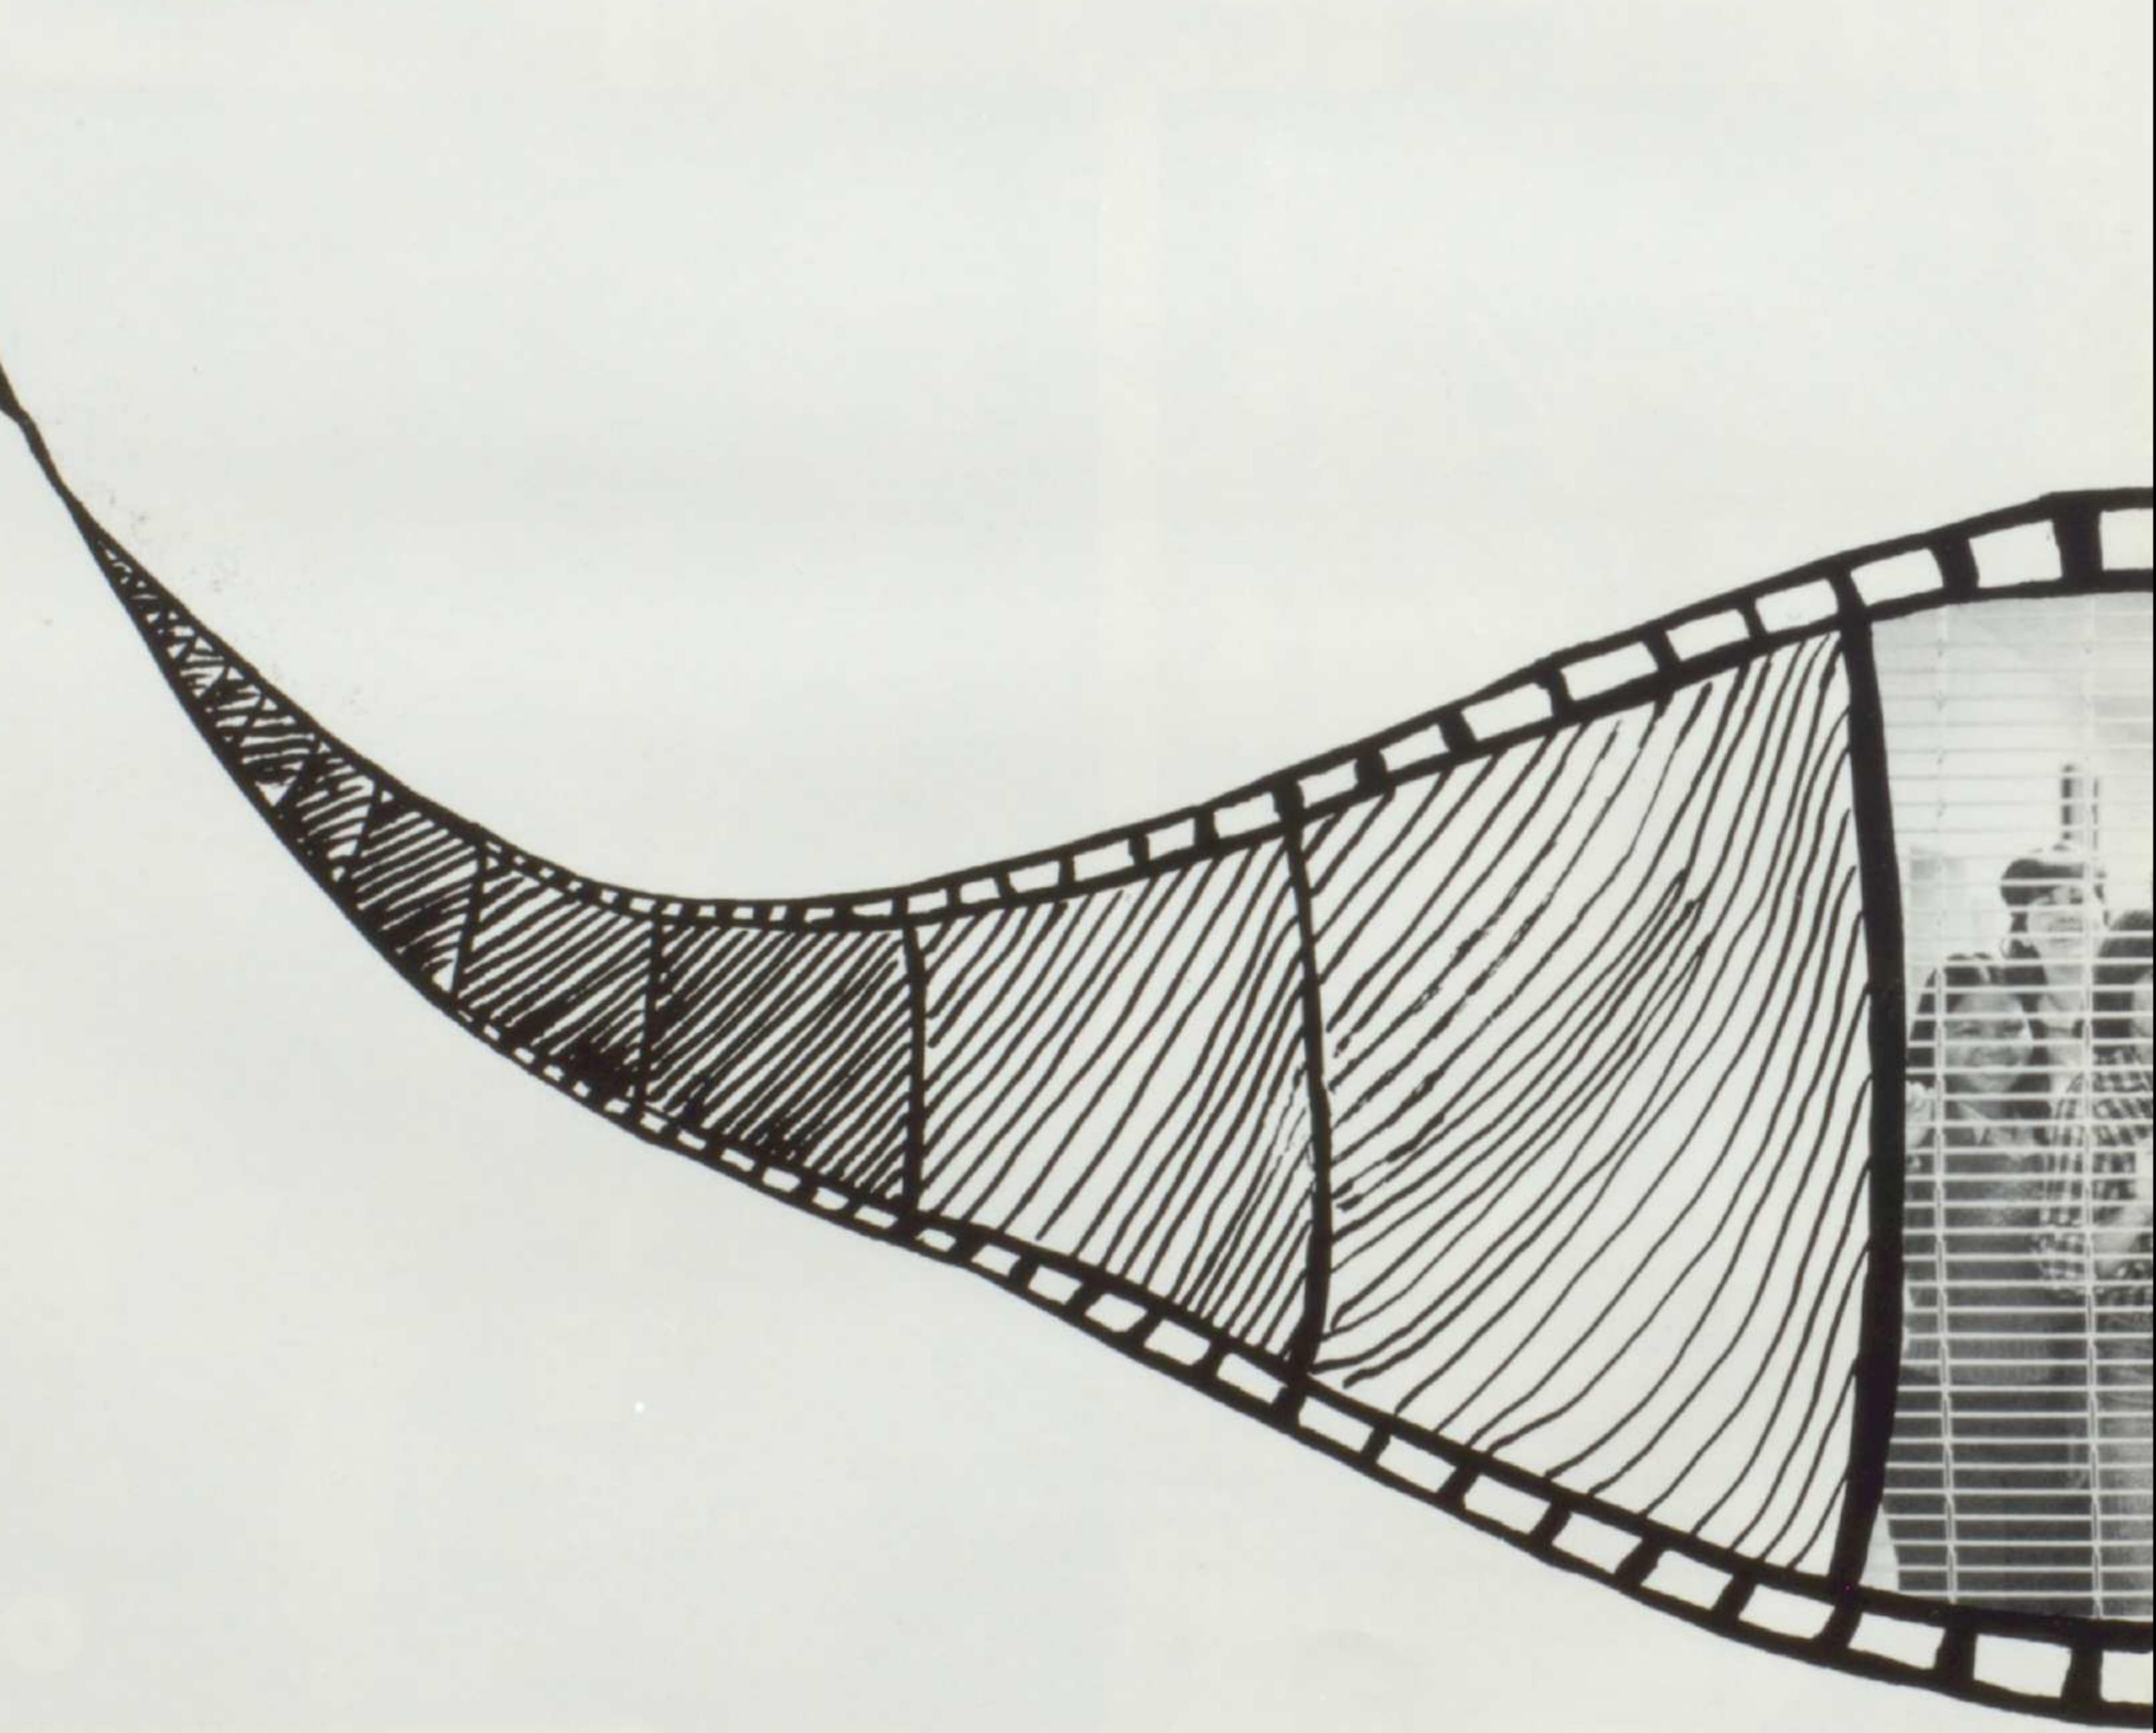

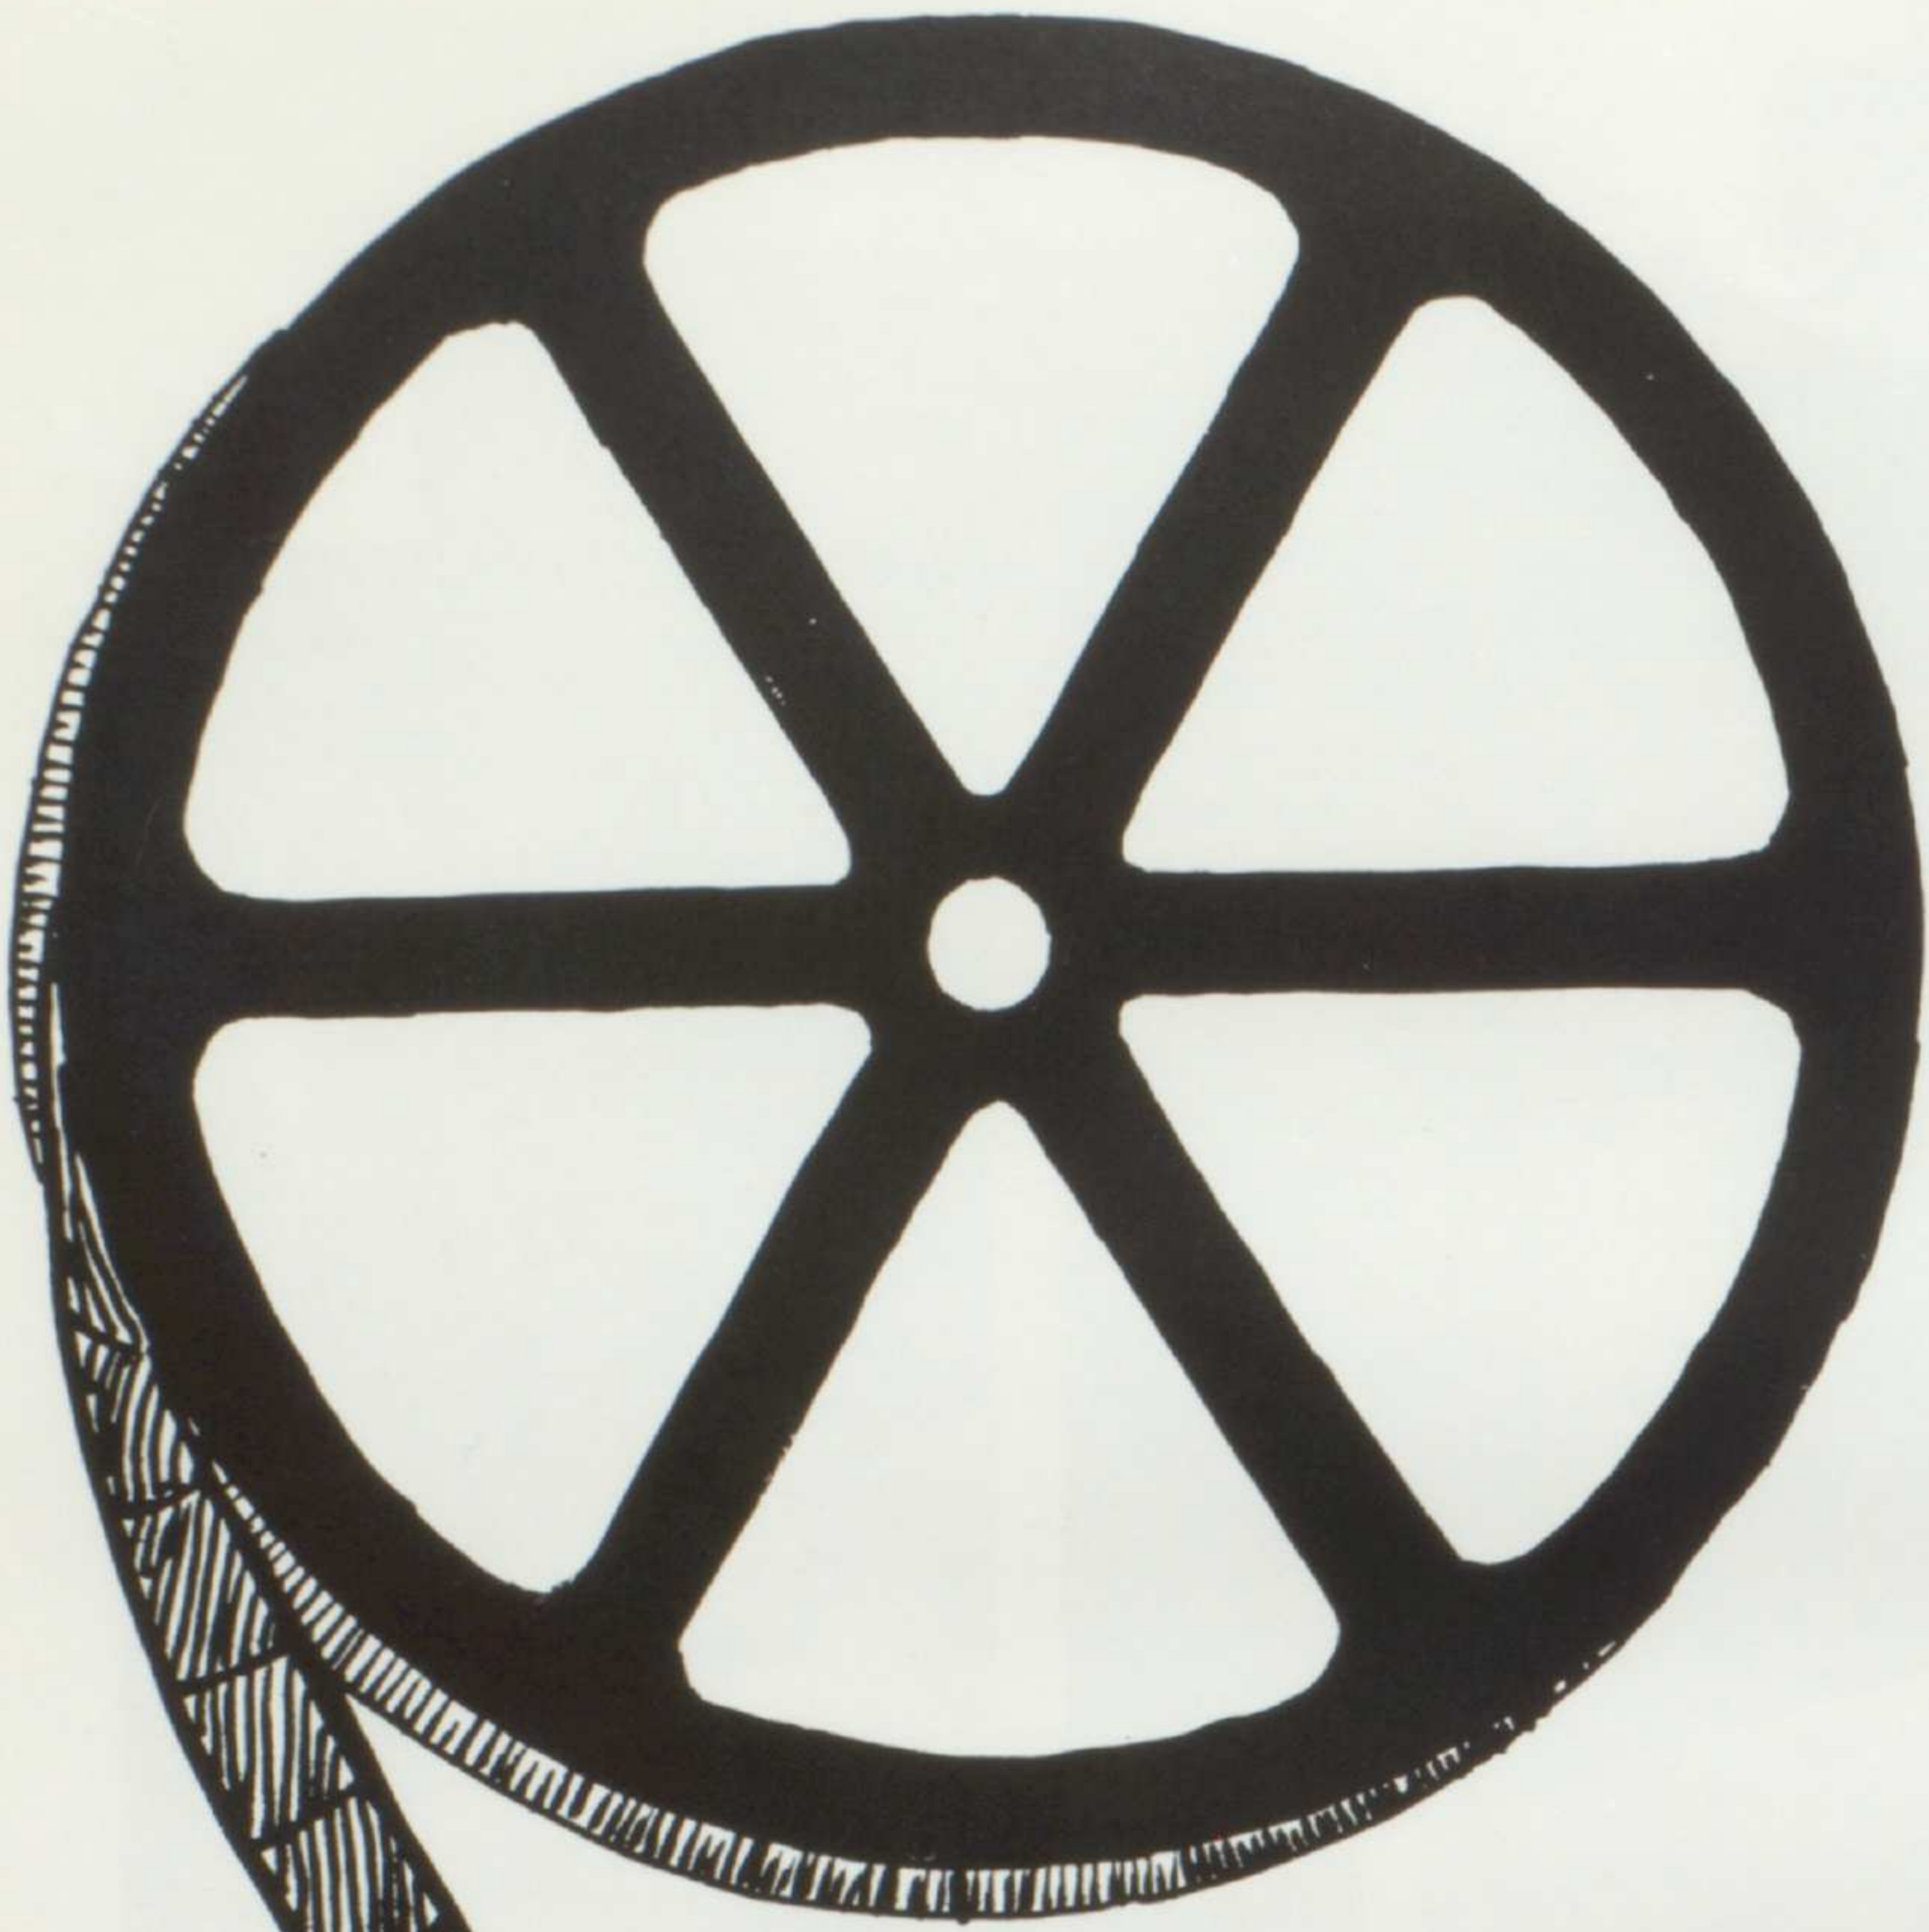

little theatrical magic, the Class of '82 transformed the concrete structure into a magnificent hall and ballroom. It was a wonderful place to dance to the enchanting music of the Diamond Brothers' Band, or to mingle with the many other stars and celebrities of WHS who were also in attendance.

Like all gala premiers, "Opening Night" was filled with much excitement and many wonders. It was an enjoyable evening for all the Class of '82's whirlwind production was indeed a tremendous success.

Even Season

Although this season began with four disappointing losses, Coach Ellwood's gridders came back to win five of their last six games. On Homecoming night the Cardinals defeated top-ranked Westerville South, and went on to finish the season five and five.

Four Cardinals were named to the All-OCC first team: Tom Sixra at tackle, "Red" Miller at guard, and Todd Hansley and David Wagner at halfback. Bill McKinley and David Flexer received honorable mention.

Girls' Soccer team makes dream come true

This year's girls' soccer team made a dream come true. Centerville, Worthington's long time girls' soccer rival, had beaten the Cards early in the season with a 5-0 blow. From that game on the girls intensely wanted Centerville to "bite the dust." This spirit and determination finally paid off when Worthington was matched against Centerville a second time. The Cards shut out the Elks with a score of 2-0, bringing home a long-awaited victory. It was the Cardinals' finest game and their proudest moment.

No one could have predicted such a success at Centerville in the beginning of the season since the team did not even have a coach. Because of family problems Coach Bealcazar was forced to resign his coaching position, leaving Athletic director Dave Howell with a problem on his hands. Mr. Howell had already signed staff-member Ann Brockman to coach the junior varsity team, but he was unsuccessful in finding a varsity coach.

Less than a month before the team's first game, a new coach was finally found! Matt White, a 1976 graduate of Worthington, offered to fill the empty coaching position.

The girls ended their season with a 9-5 record and the pleasure of defeating Centerville.

... and another one bites the dust

The 18-1 record of the 1980 boys' varsity soccer team will long be remembered since it is the best overall record in Worthington sports history. The boys formed an outstanding team, one that everyone can be proud of. As Coach Ed Shay stated, "They were the smoothest team I've ever coached. They worked for unity and understood the importance of being a team member." Six Cardinals, all of them seniors, were elected to the All-League team: Brian Hall, Glenn Lines, John Wood, Matt Flercher, Ed Jurkowitz, and Colin Wigney. Wigney also received the honor of being chosen to the All-State and the All-Mid-Western team. Thirteen seniors will be leaving the team; however, the spirit and excellence of Worthington boys' soccer will be carried on by Coach Ed Shay and his remaining players.

Field Hockey: Number One!

Looking back on their field hockey season, the girls remember many things: the demanding stick-work drills, the long, dreaded conditioning runs, the grueling heat and the salty sting of sweat. The work-outs and hard runs were not the only things that made the team strong, however. It was their team spirit and most of all the personal, one-to-one relationship between each player and their coach, Sharon Spung, which made the team successful. The team was very successful in the league tournament, beating Columbus School for Girls in a sudden-death match and defeating Bexley for the league title. When the winning goal was scored against Bexley, a roar rose up from the ecstatic crowd. Worthington was number one!

The Cross Country team had a successful season even though they were plagued by injuries. This year's was 6-1 in dual meets, including a perfect mark of 5-0 in the O.C.C. The team won the Newark and Ontario Invationals, but came in second at the Fairmont East and The Cincinnati Oak Hills Invationals. The team breezed through the sectionals but without the aid of Junior Bob Foster who was out with a stress fracture, and Senior captain Carl Testa who was sidelined with a broken ankle. The team then moved on to the districts where they won by out-distancing number one seeded Reynoldsburg. In the state meet, Worthington finished a disappointing yet respectable eighteenth. Several Cardinals were honored by making the all-O.C.C. team: Senior Rob Fountain, Junior Adam Miller, and Sophomore Chuck Marosek. Marosek was also named to the all-Central district team.

Tennis team does it again

Again the girl's tennis team dominated the OCC, ending with a 10-0 OCC match record and having an 18-2 record overall. Five out of the seven girls on the varsity team were named to the All-OCC team: Kristen Peterson, Mary LaFontaine, and Michele Stephenirch, winning the three singles' titles respectively, and co-captains Leslie Gast and Nancy Pok, winning the first-place doubles' title. Peterson played through the sectional and district tournaments before losing in the state tournament. Also going to the state tournament were Gast and Pok. LaFontaine and Stephenirch teamed up for the sectionals and the districts before falling to defeat in the semifinals of the district tournament. It was a great season and the team expects another great season in 1981.

Volleyballers Victorious!

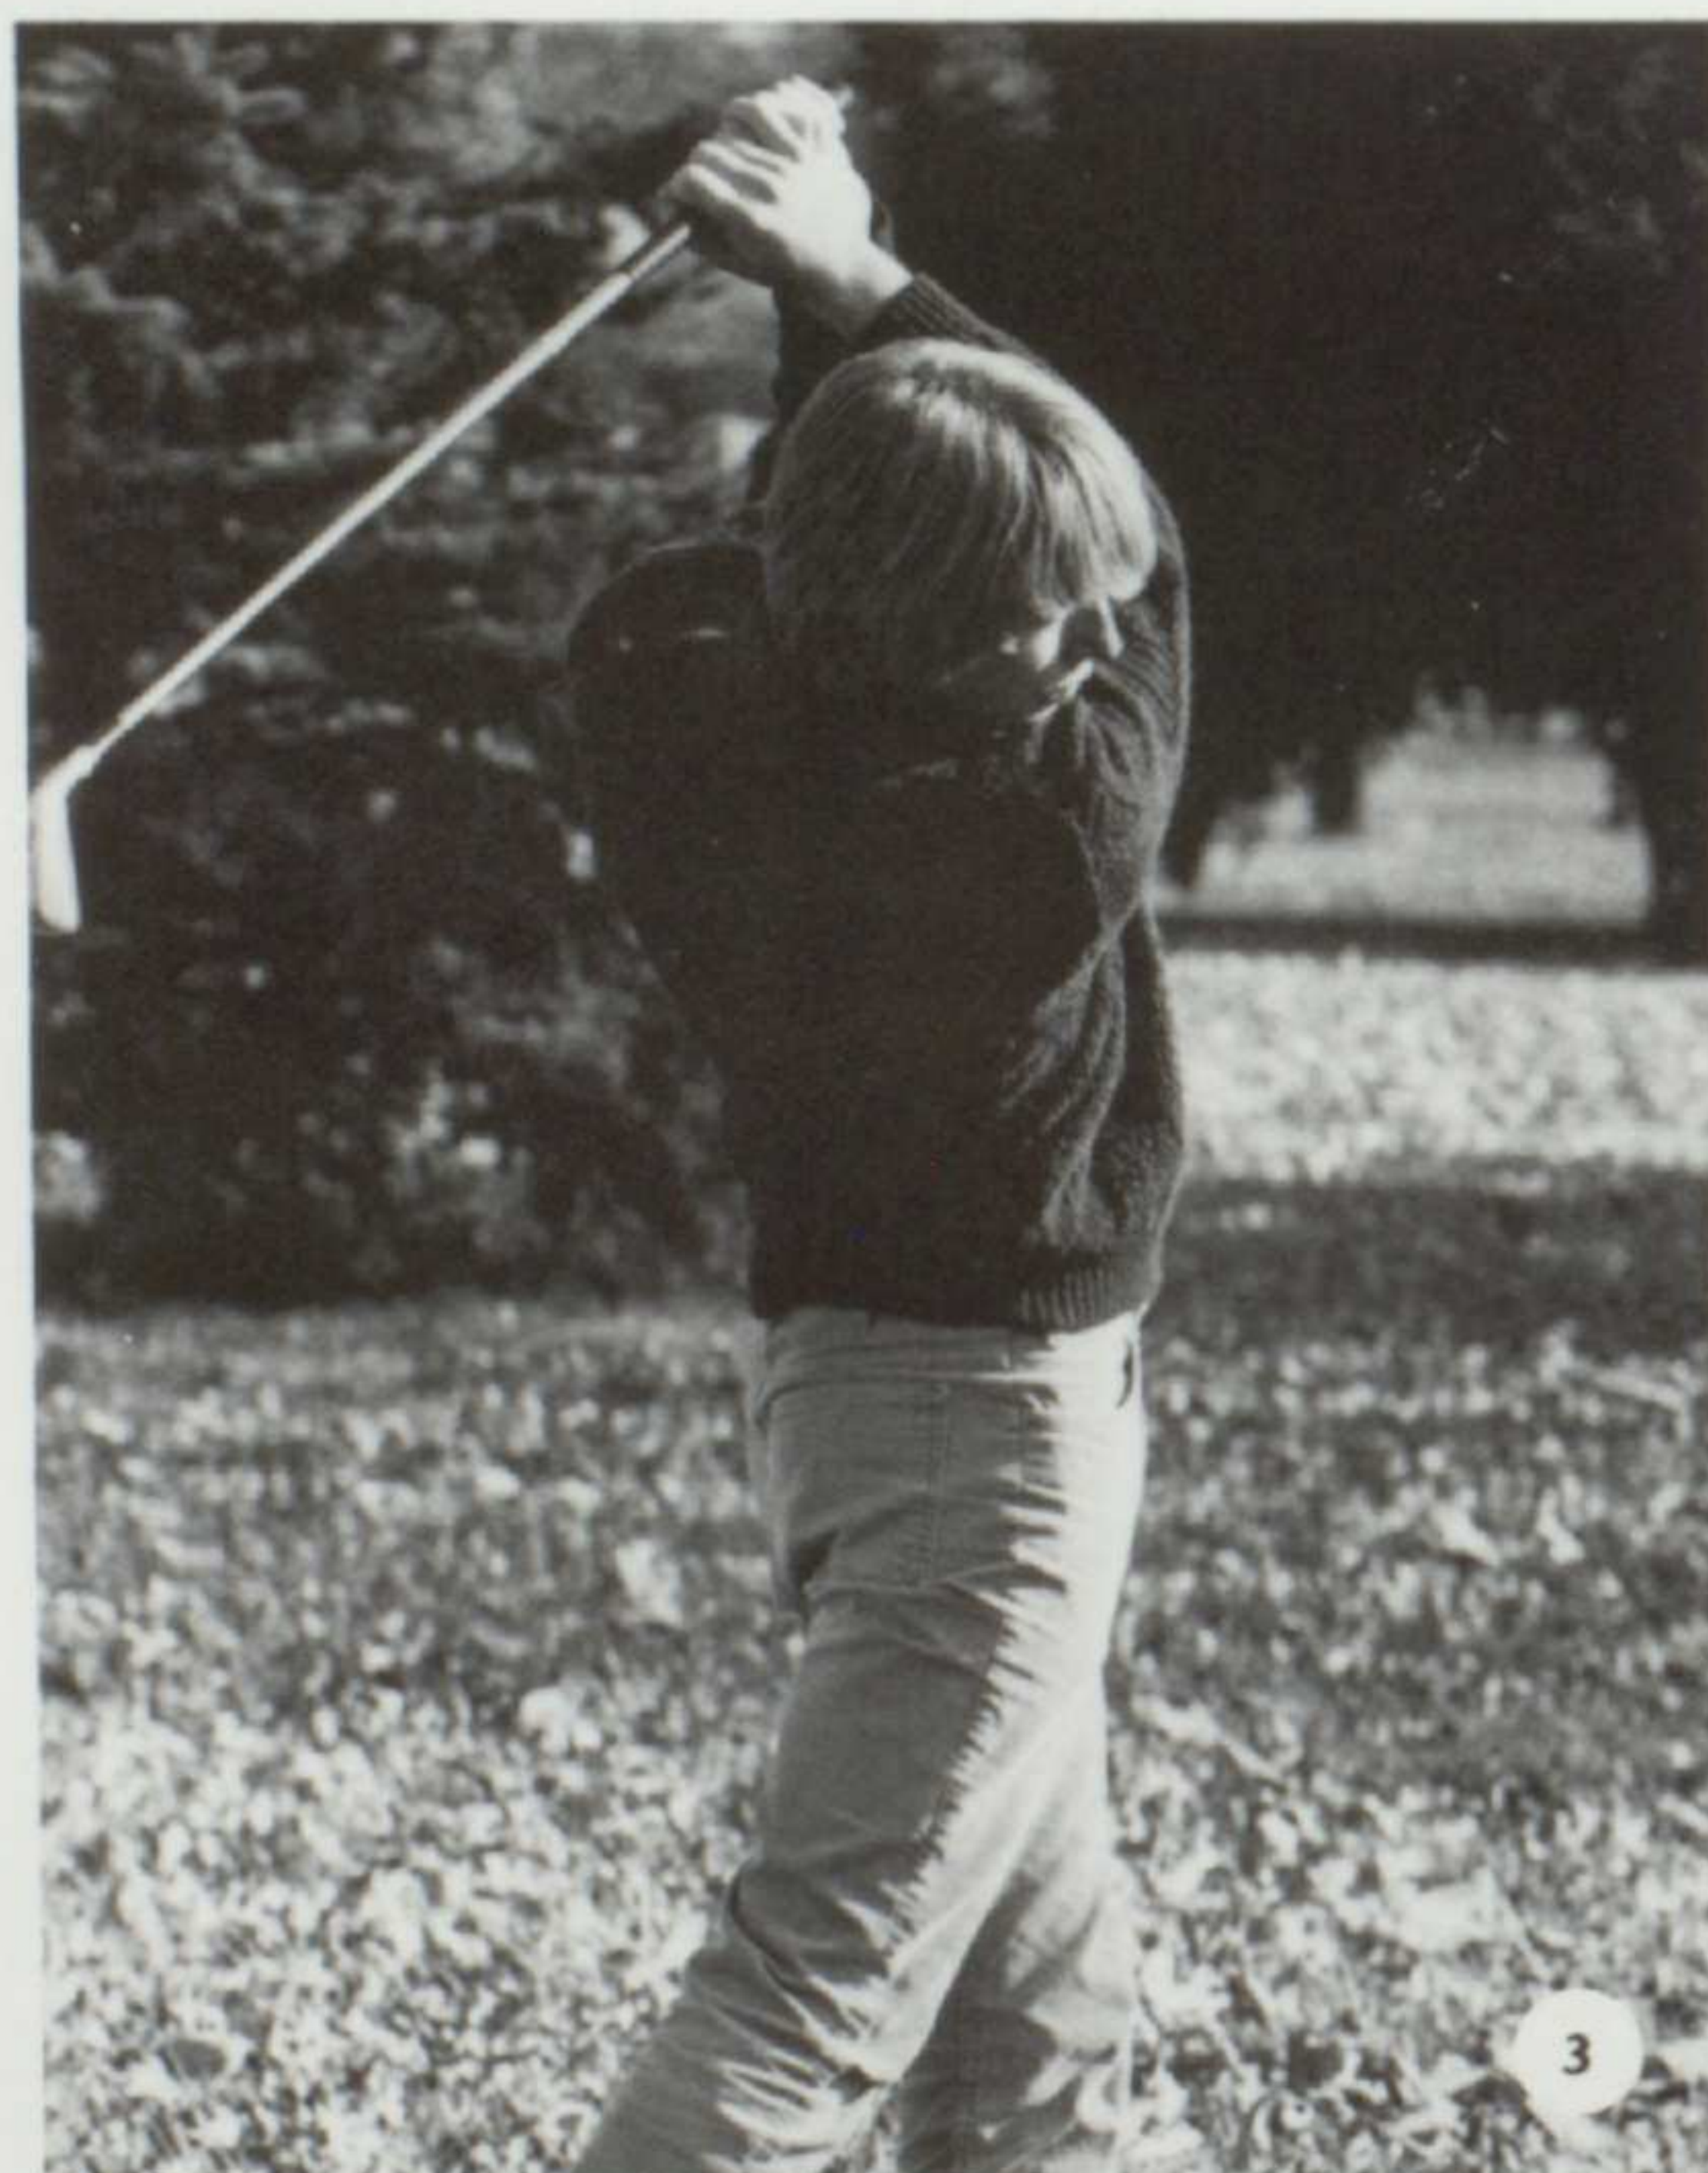

The 1980 volleyball team, coached by Miss Jennifer Elin, was a skillful group. The season record for junior varsity was 13-1, and the varsity's record was 13-6. The varsity team worked their way to the districts, but were defeated by Walnut Ridge. Senior Beth Haunty and Sophomore Lynn Sreele were honored by being selected for the OCC All-League team. Mary Rousseau received an honorable mention.

The 1981 team will miss the talents and spirit of departing seniors Julie Barton, Beth Haunty, Megan Murphy, Laura Reisch, and Mary Rousseau.

Golfers tee up for great season

The Varsity Golf Team swung its way into another superb season, finishing first in the OCC, second in the District, and fifth in the state! Some outstanding team records were set at Bolten Field with a total of 294 and at York Temple with a total of 297. Also, the District Medalist was won by Dennis Harrington. Yearly averages were Keith Barber-82.4, Jim Farley-83.3, Chris Sampson-80.2, Scott Copeland-81.1, Dave Patten-81.4, Dennis Harrington-84.1, and Bob Berkley-80.0. Congratulations Guys!

Girls climb to second place standing

The 1980-1981 season was a big improvement for the Varsity and J.V. teams. The teams were a success mainly because of the new coaches, Chuck Palmer and Wallace Chandler. Also, the team was successful because of the leadership of the seniors: Gail Pierzsch, Mary Rosseau, and Beth Haunty. This year the team went from near the bottom to second place in the OCC. They also won their first tournament game in six years!! Beth Haunty, the leading scorer on the team, received All-League Honors and Sophomore Lynn Sreele, the leading rebounder on the team, received Honorable Mention.

Outstanding cagers

The 1980-1981 Basketball team finished second in the OCC with a 10-4 league record. Casey Close was named to the All-League Team and Matt Sobolewski was named Honorable Mention.

The highlight of the team's season was finishing the year as Central District Runner-Up. The team played their most consistent and best basketball of the season throughout the tournament. Prior to losing to state semi-finalist Newark in the district finals, Worthington defeated a fine Mifflin team before upsetting Brookhaven, the tournaments' top seeded team!

The team is looking forward to the 81-82 season as nine members of the team are underclassmen! The team appreciates the contributions of their fine seniors-David Haney, Nick Bandy, and David Flexer-and wish them the best of luck in the future. The team also looks forward to members of the OCC Champion Reserve Team (14-6) contributing to the continued improvement.

Girls dominate district

This year the girls' gymnastics team had an excellent season. They had a 10-2 overall record and an 8-0 record in the OCC. Under the leadership of coaches Marty McLain, Linda White, Marci Arsenault, and Rob Strohl, and co-captains Laurie Arsenault and Amy Winkler, the team dominated the Class 3-4 district. The team was also runner-up in the Class 2 district. Out of the 29-member team, three gymnasts qualified for the state tournament. They were Cindy Barnes on the vault, Christa Ford on beam, and Lori Houser on floor exercise. The girls' gymnastics team future looks bright. With the loss of some talented seniors the team will have to work hard to keep up this excellence, but next year's team is shaping up nicely.

Gymnasts second-year All-Americans

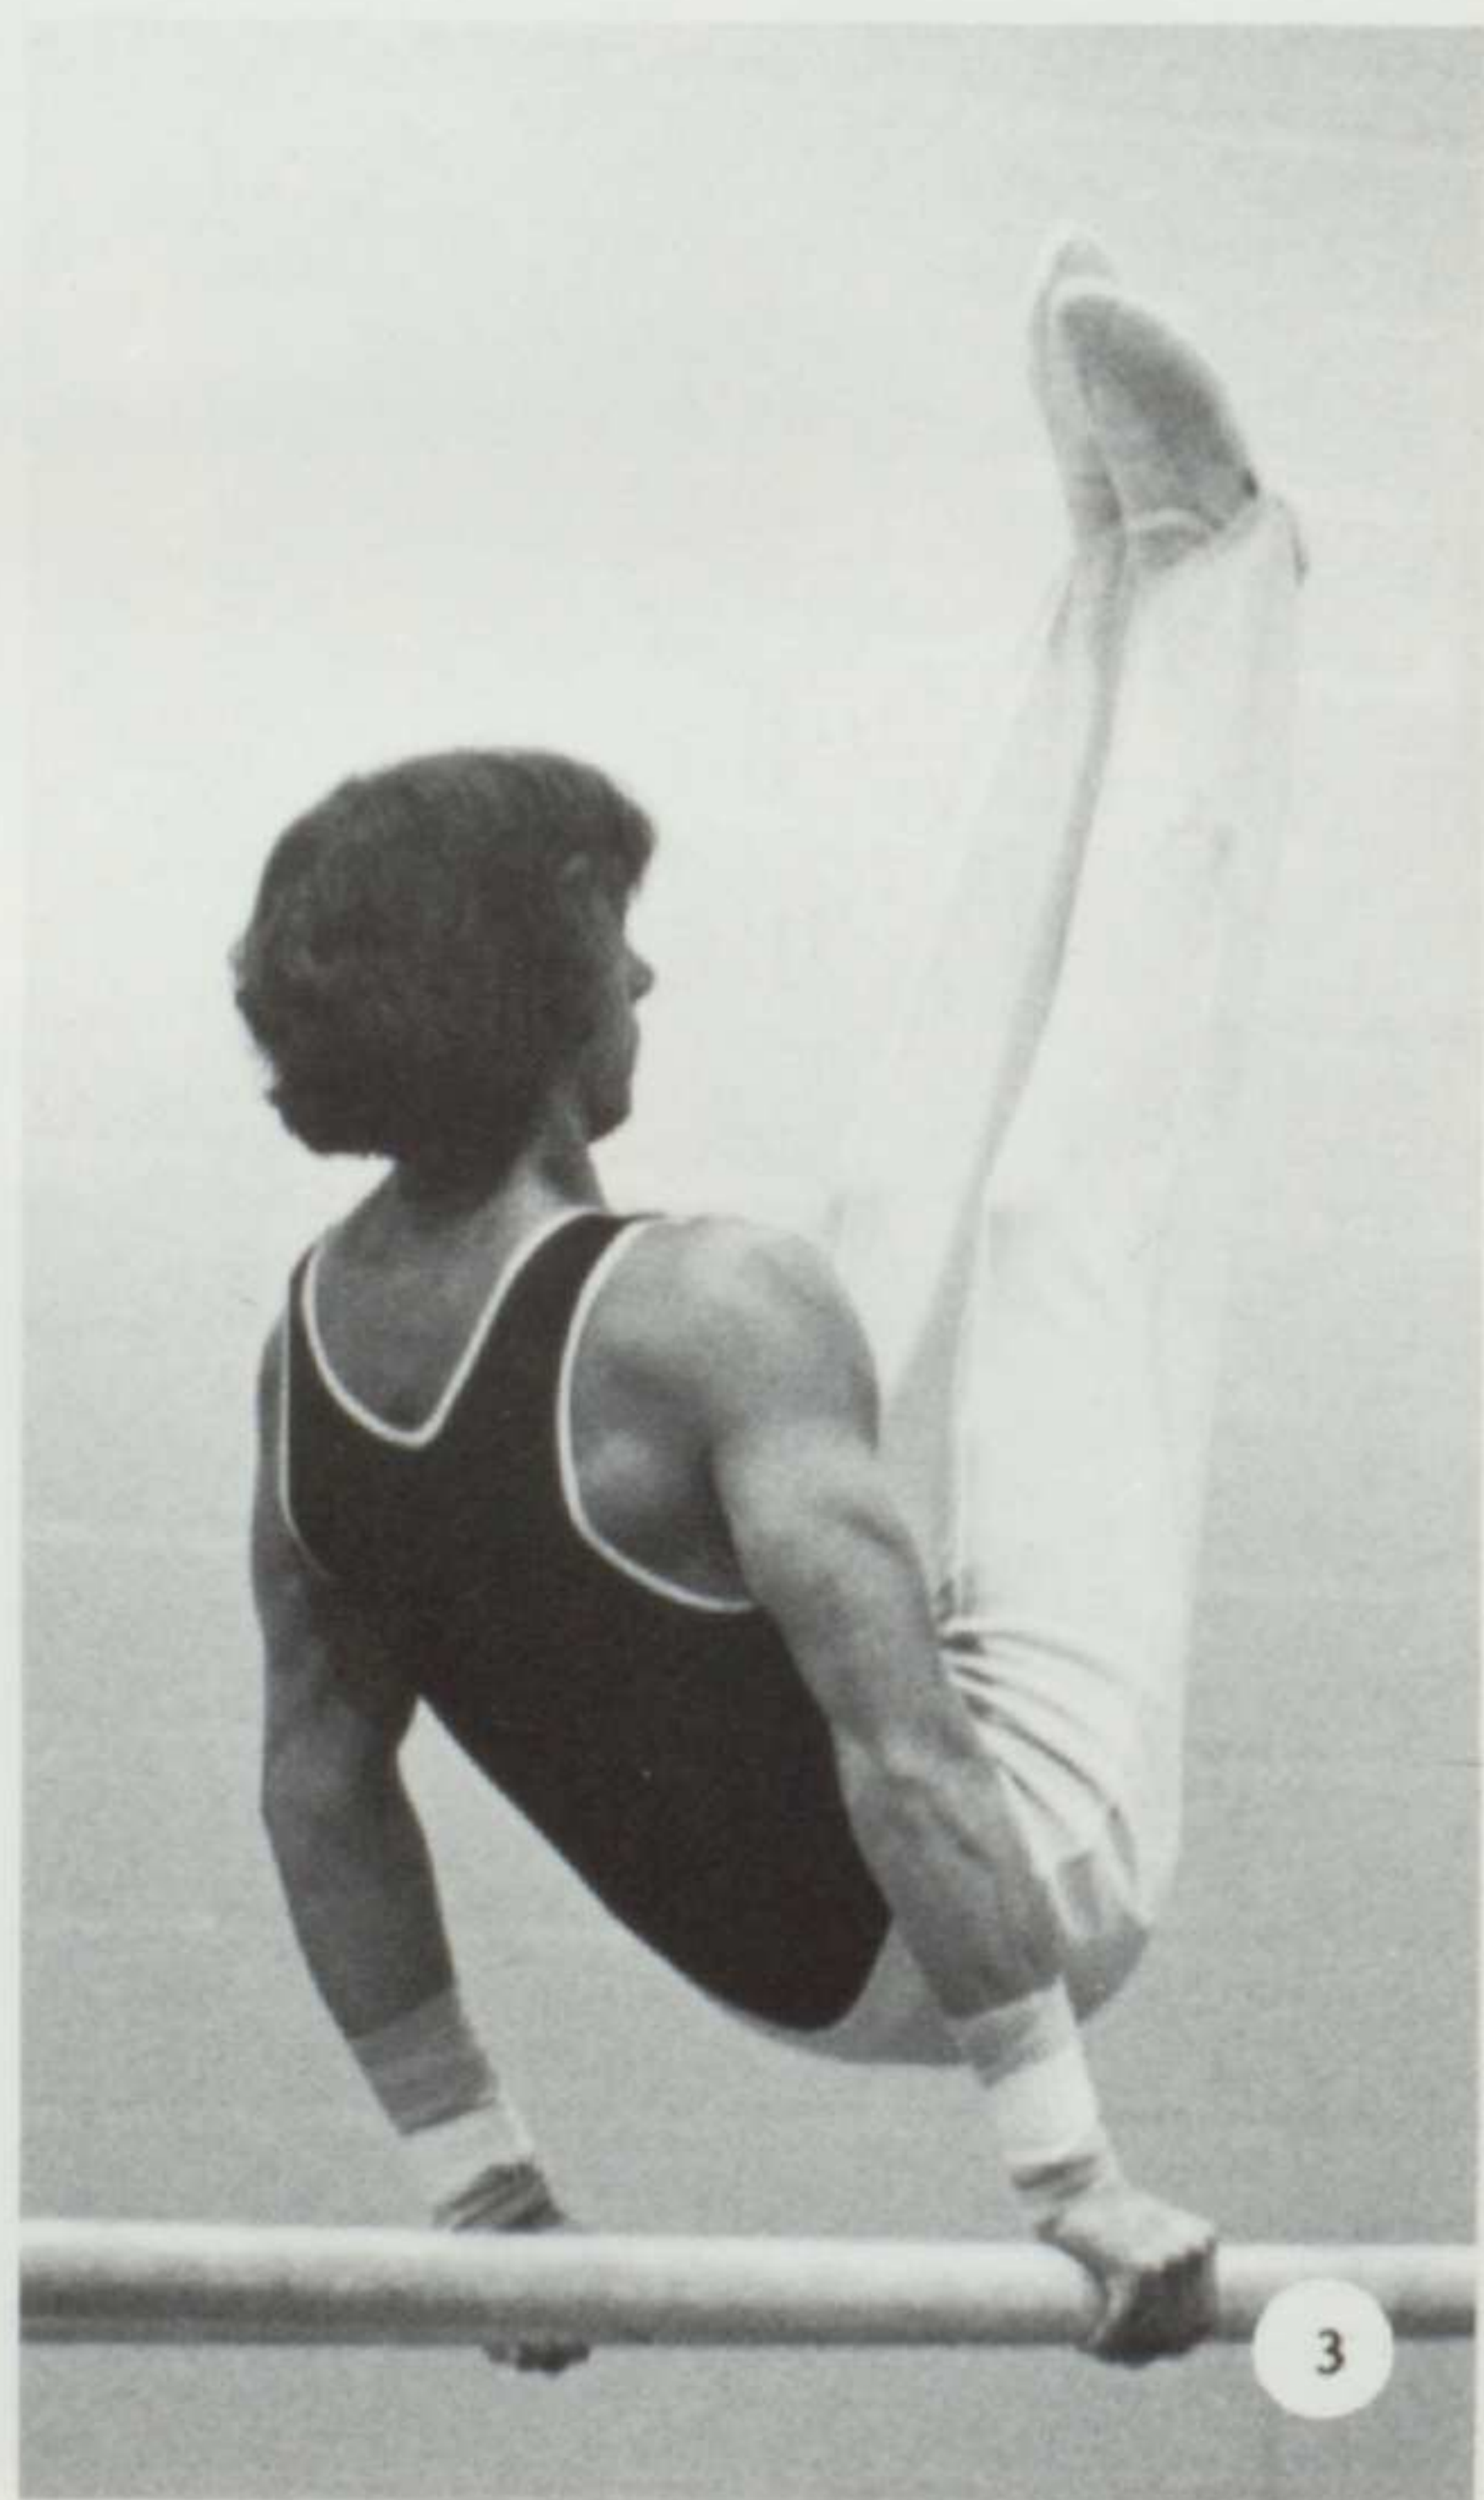

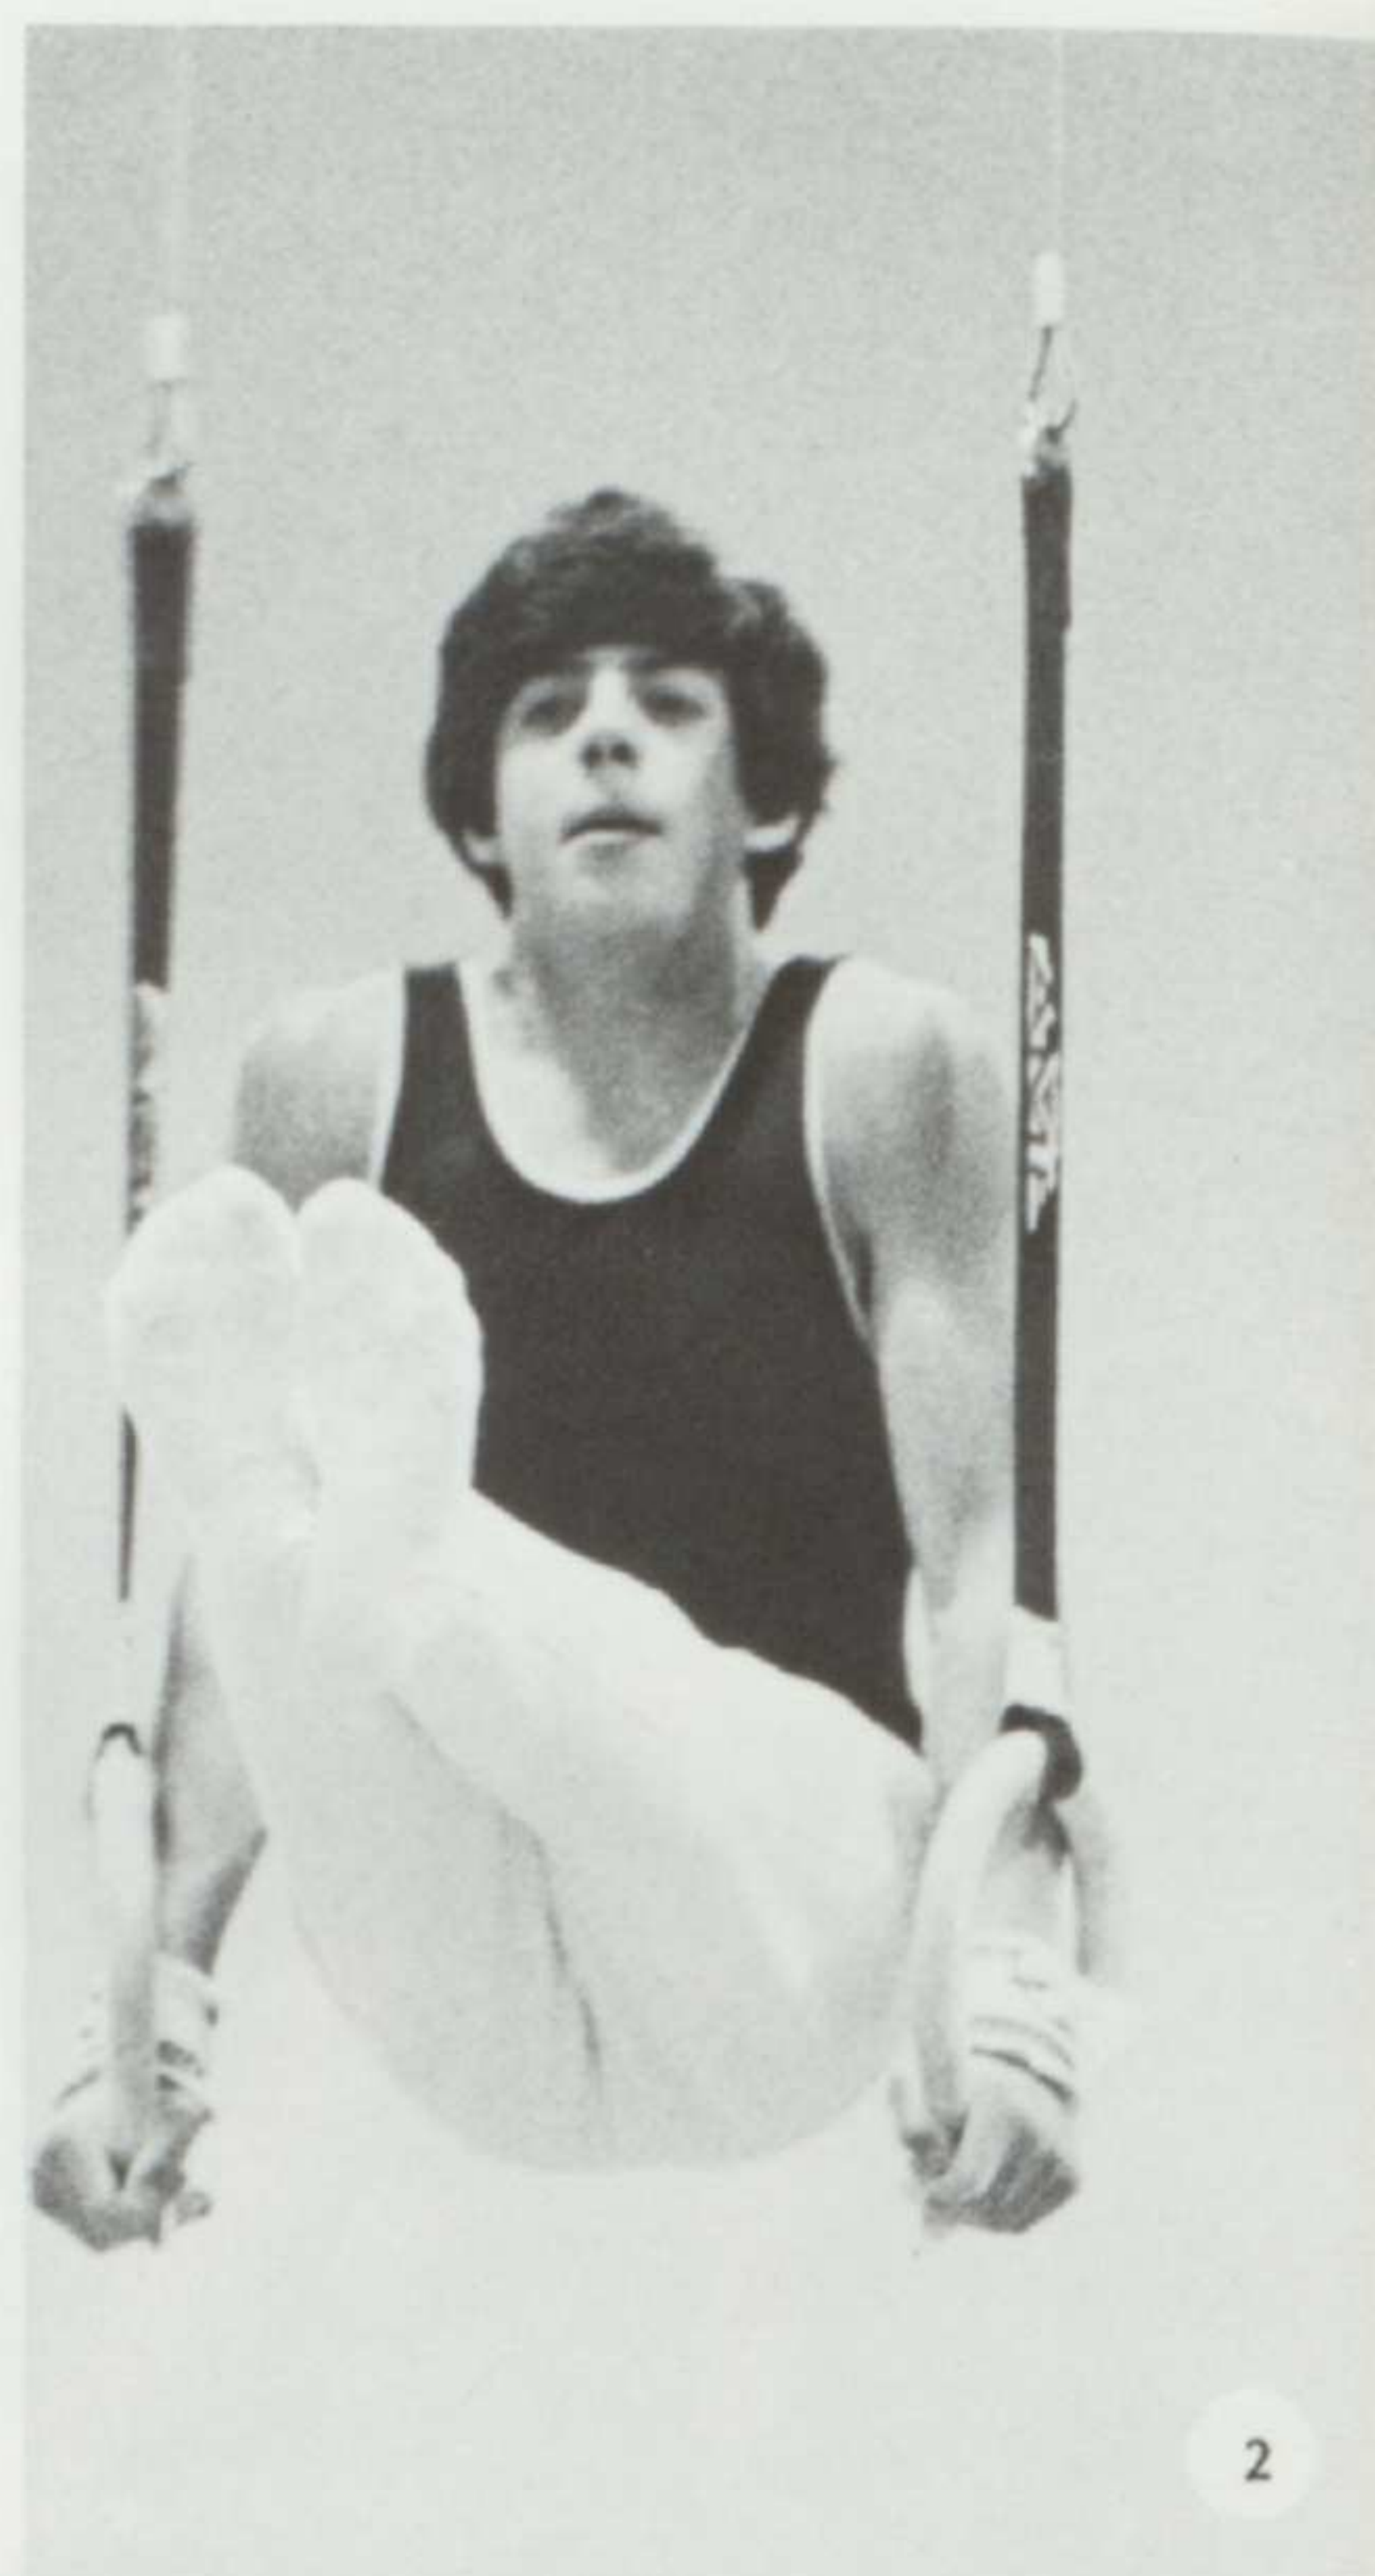

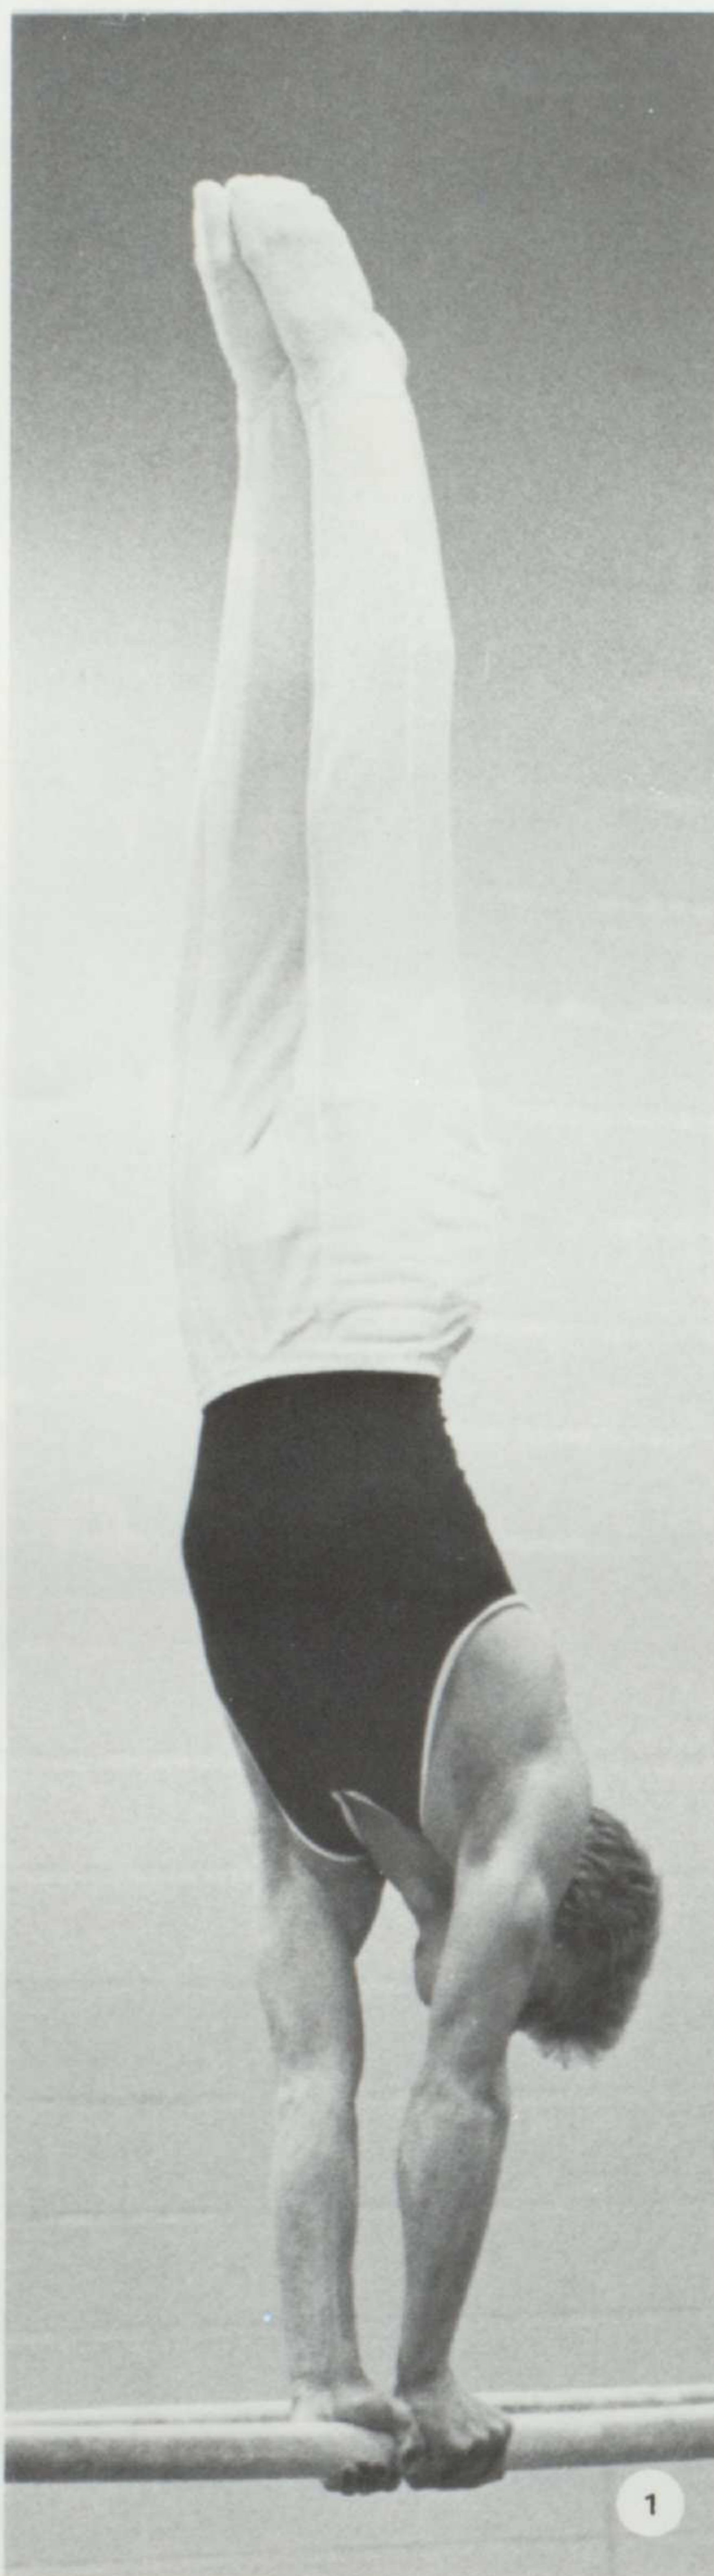

Our boys' gymnastics team finished the season with an excellent dual meet record of 7-1. The team placed second in both the Miamisburg Invitational and its own Worthington Invitational, two of the biggest meets in Ohio.

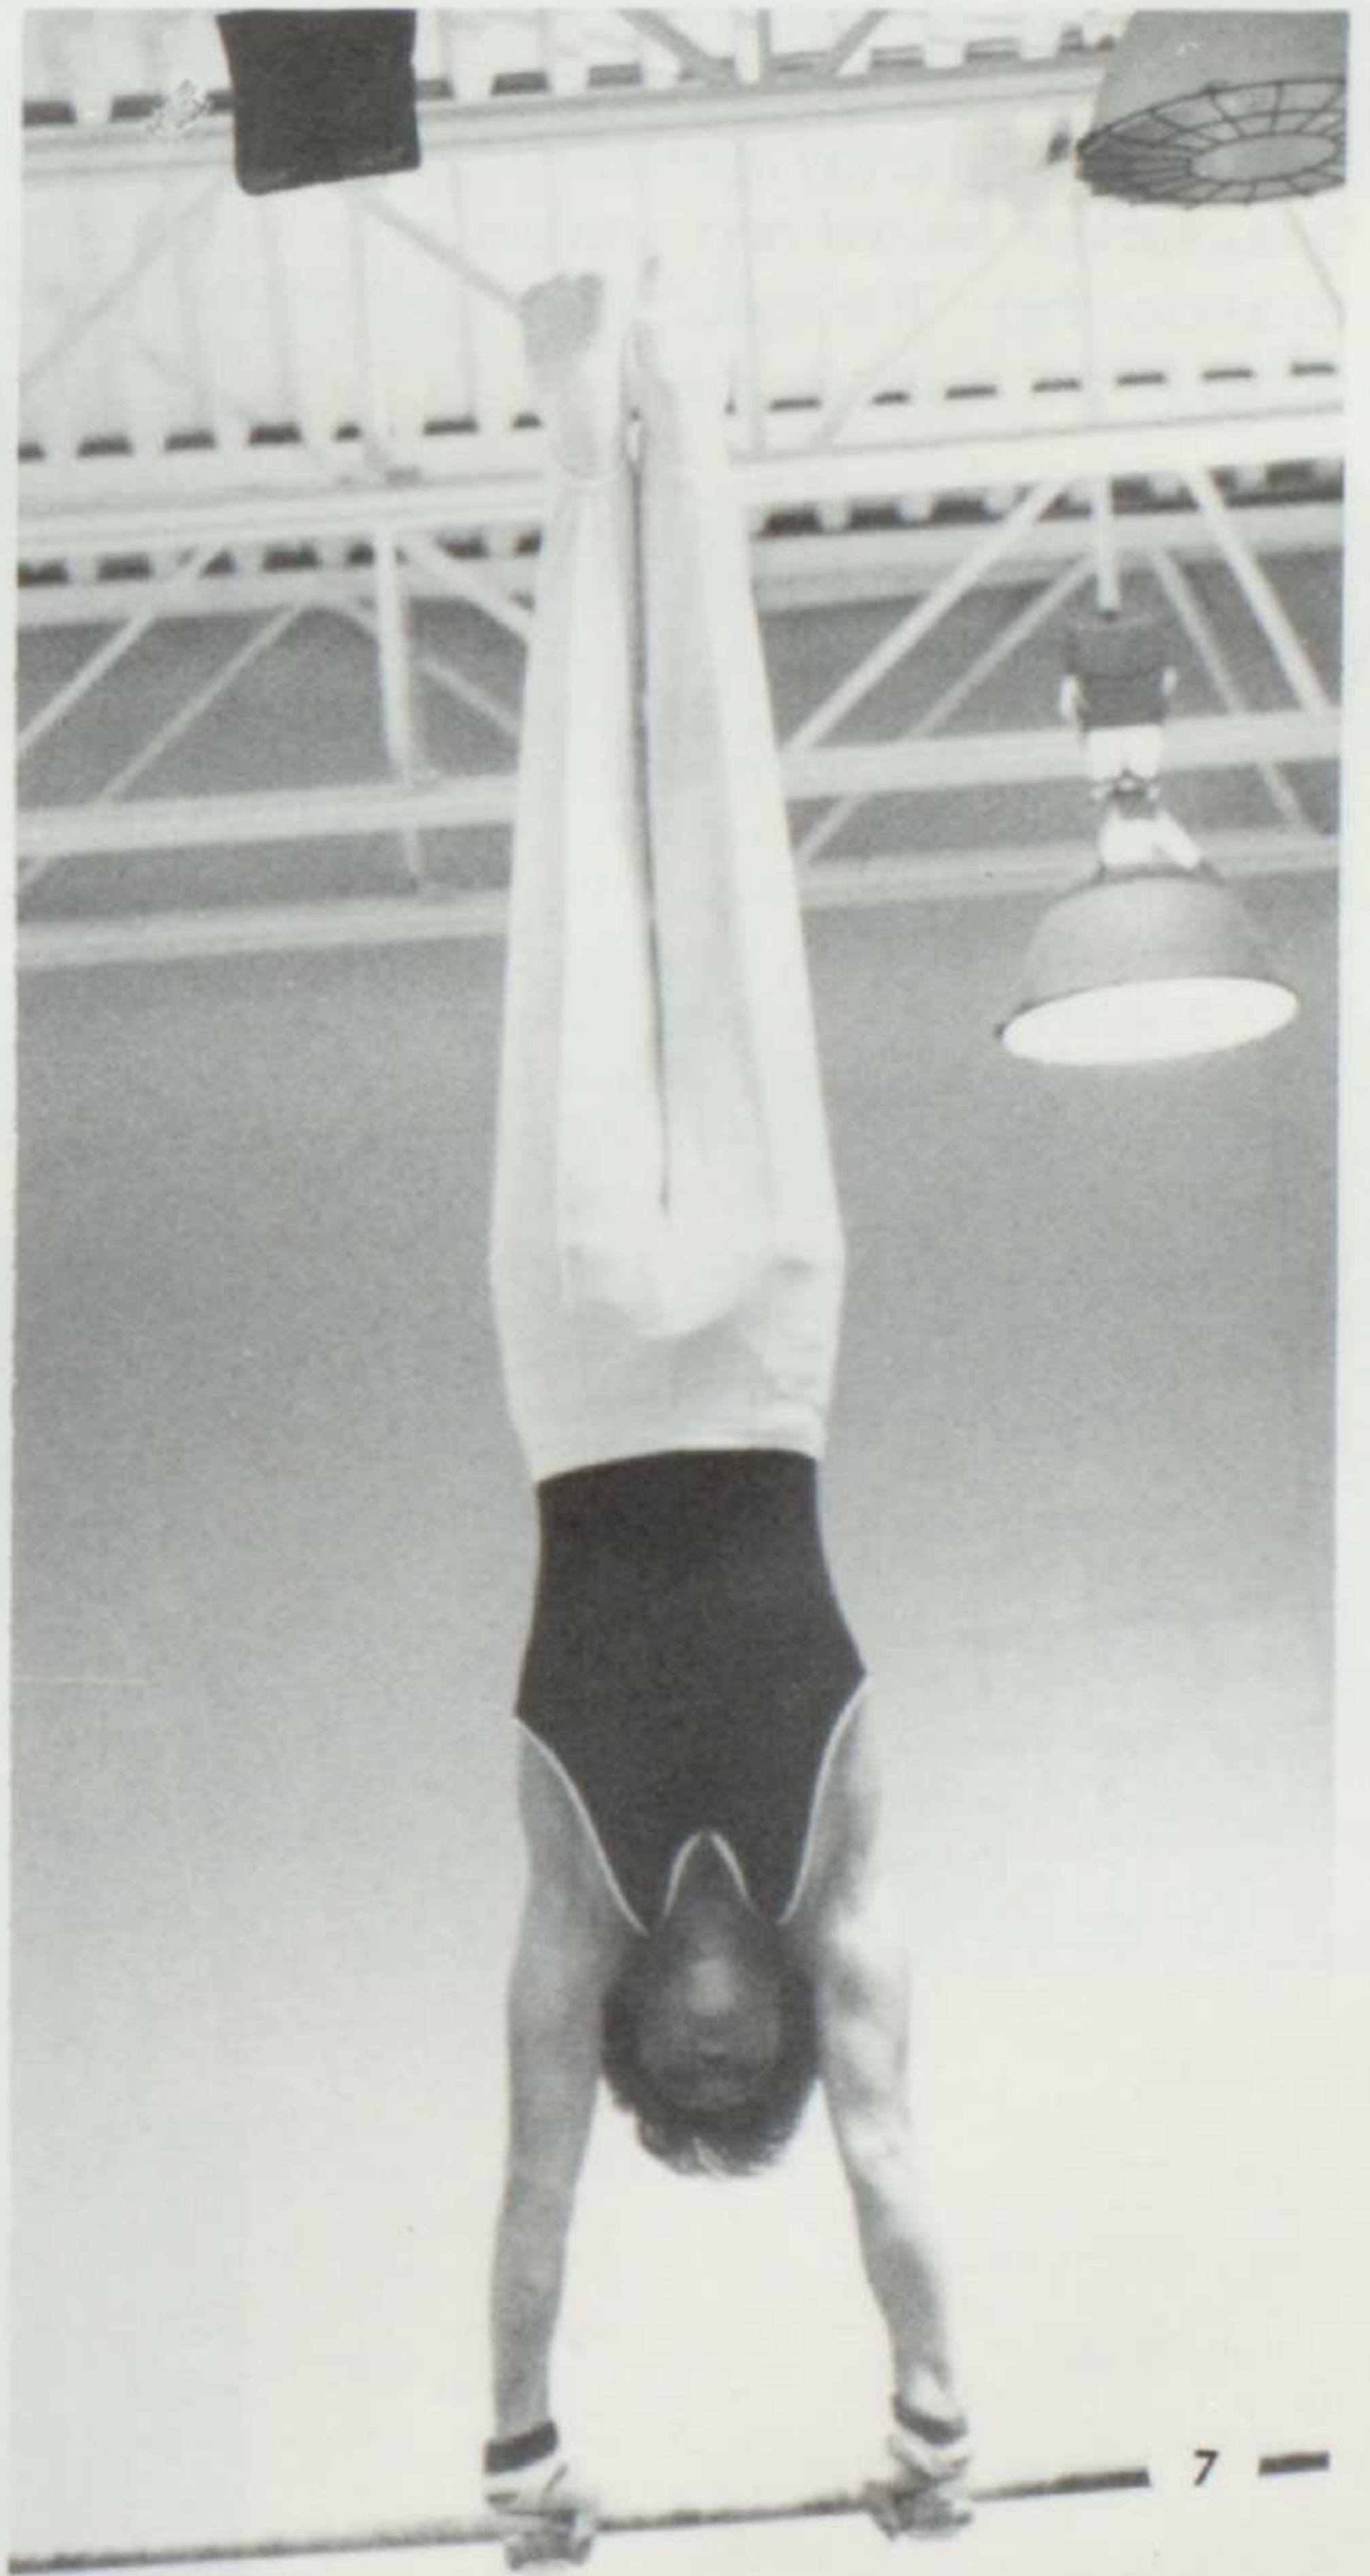

For the second year in a row, the team received the All-American award. The team was granted national ranking after scoring over 140 points four times in one season.

The talent of the team centered around seniors Jeff Sickeler, Tom Mannik, and captain Todd Mannik, juniors Dave Kinnick and Bill Klunk, and sophomores Tim Wilson and Paul Laws.

The team finished the season by winning the district championships by an unheard of 45 points and qualifying everyone on the team individually for state. The team finished third at the state competition.

Hard work wins State

Successful swim teams have two basic ingredients, dedication and team support; Worthington has both. These necessities are created during the first few weeks of practice, when the swimmers meet each other and plan the coming winning season. Then it gets hard. Morning workouts are early, and now the swimmers know each other well because it's at five in the morning when you need a teammate to give you the incentive to get up and head for the natatorium. After the morning workout comes the rush to get your hair dry and to school in time for first period.

After the team breaks and goes to school for awhile the time comes for the afternoon practice, then the morning, then the afternoon, then the morning . . . It's the hard work and the people that make the team. And it's the people who make the effort worth it. Also, the winning helps. Then there are the captains Tara Skinner, Whitney Hordan, and Debbie Price who led the team to an 8-0 dual meet record and another state championship. The girls' swim team again reigns number one.

Cards drown Arlington

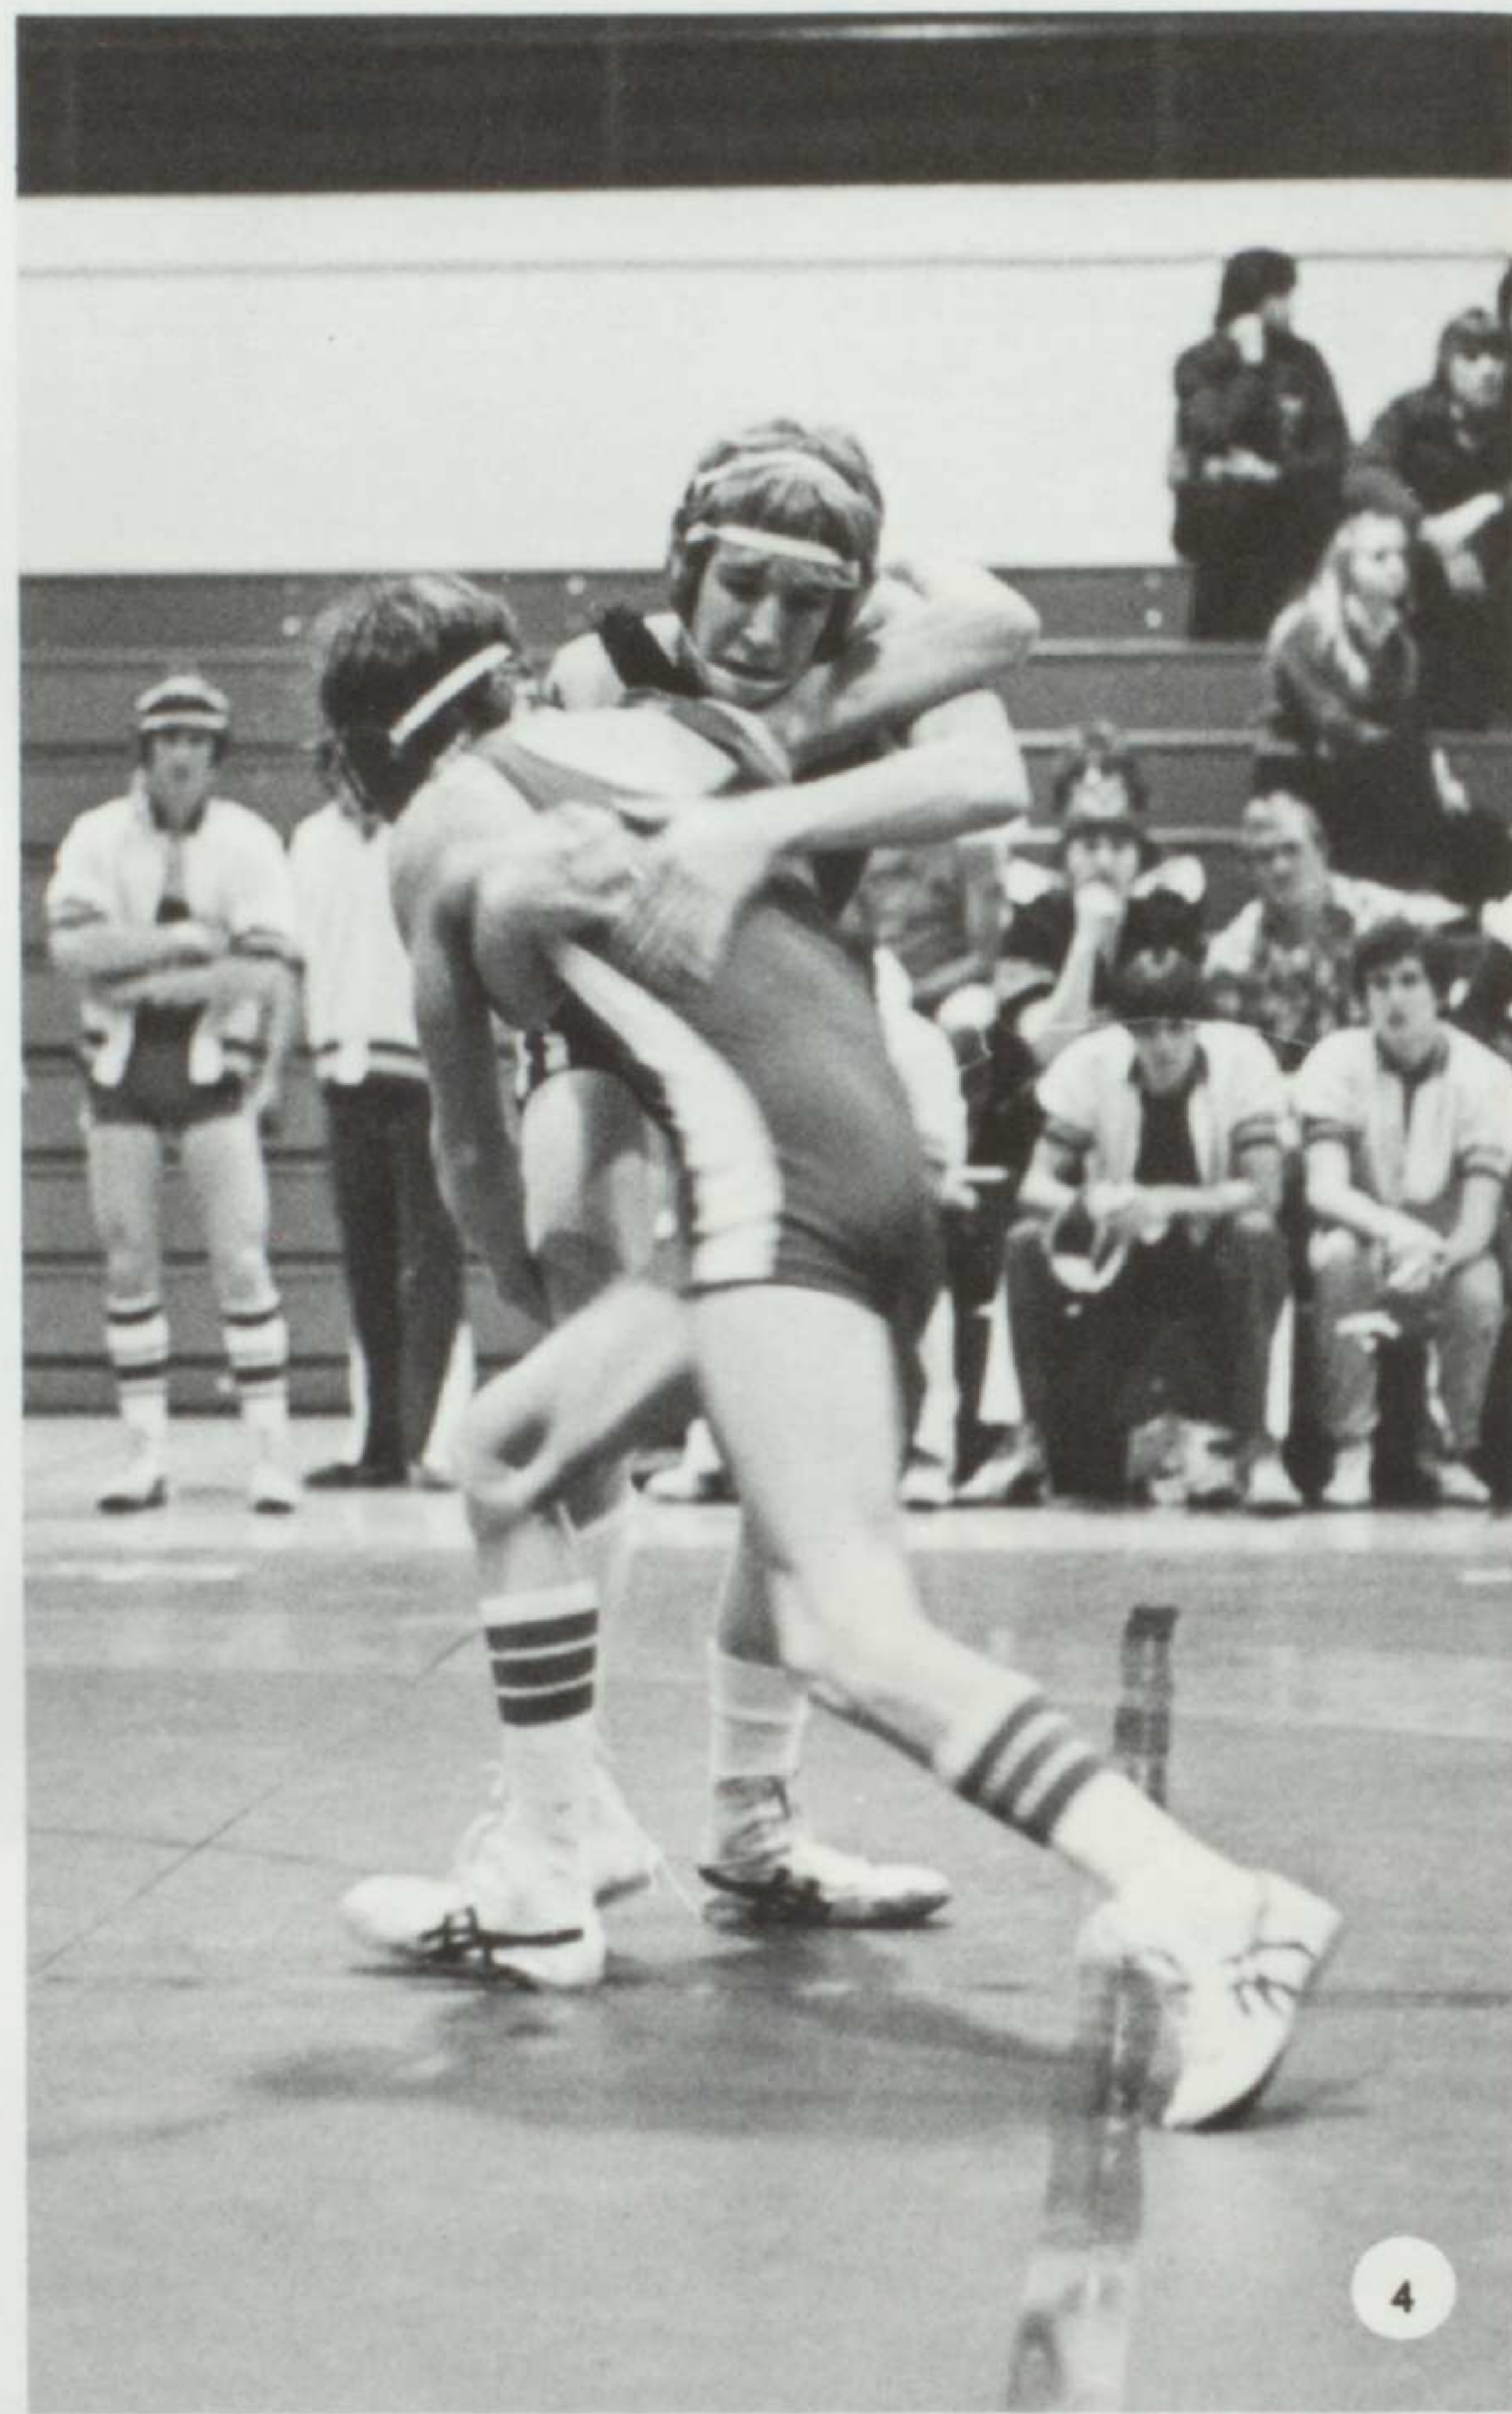

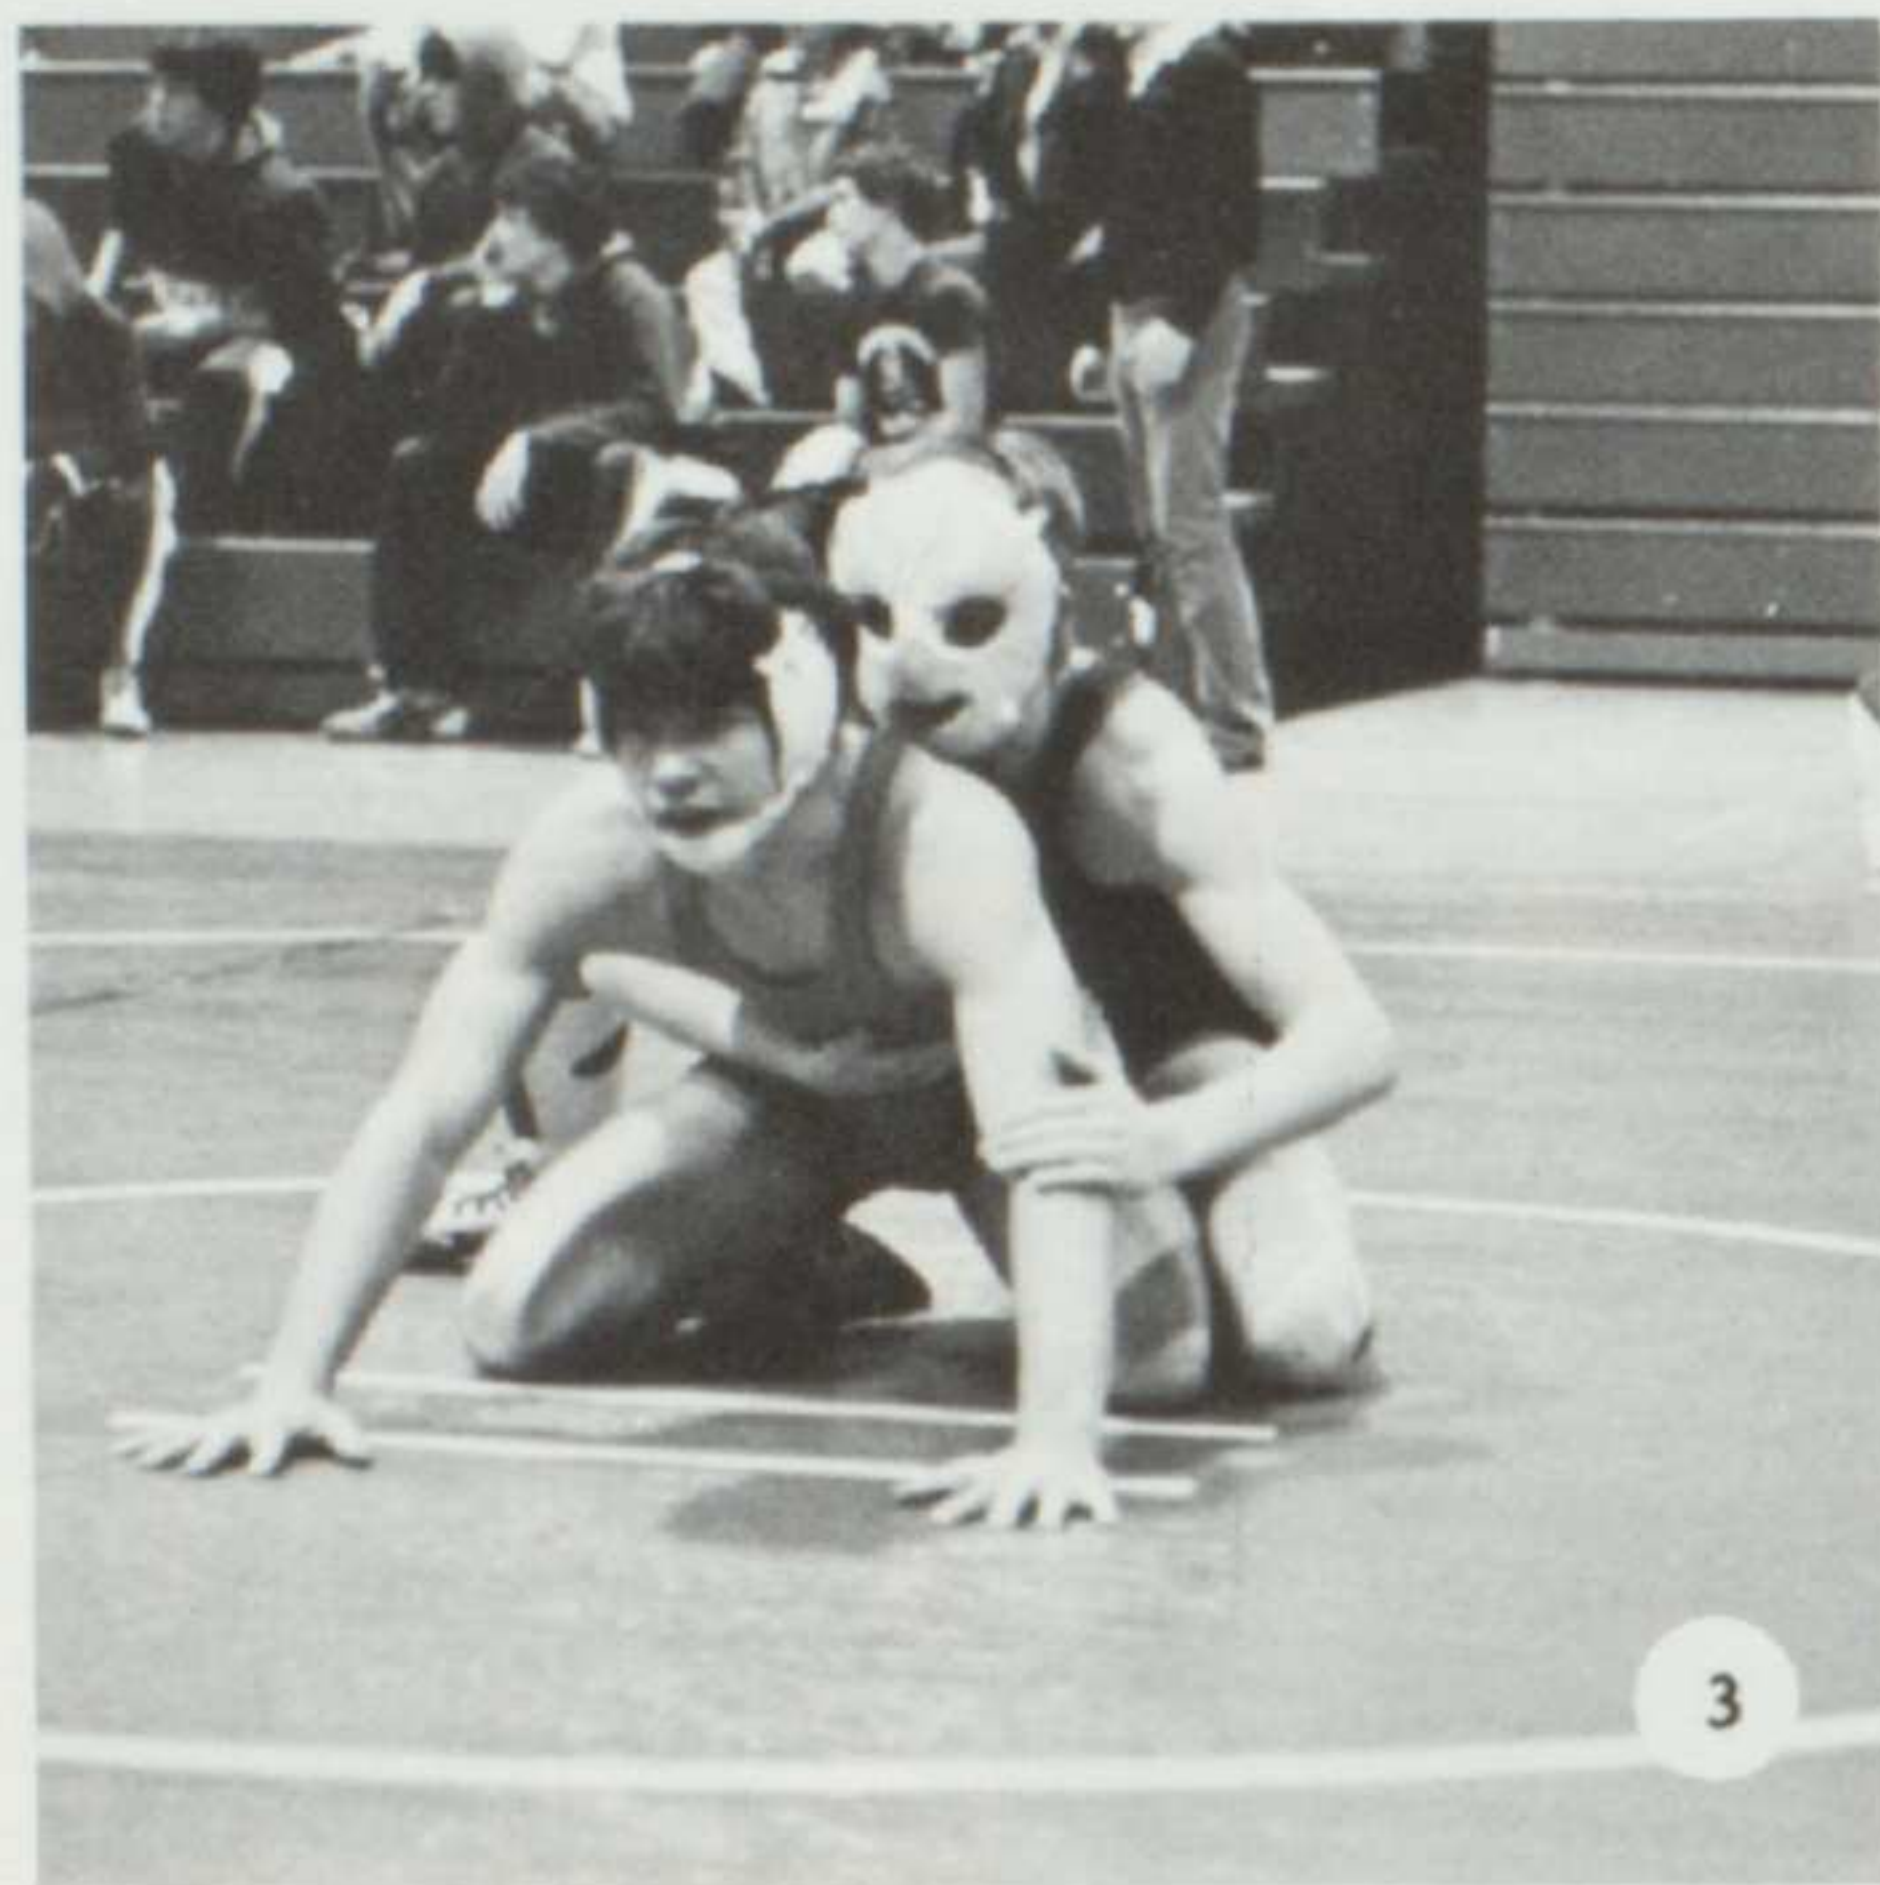

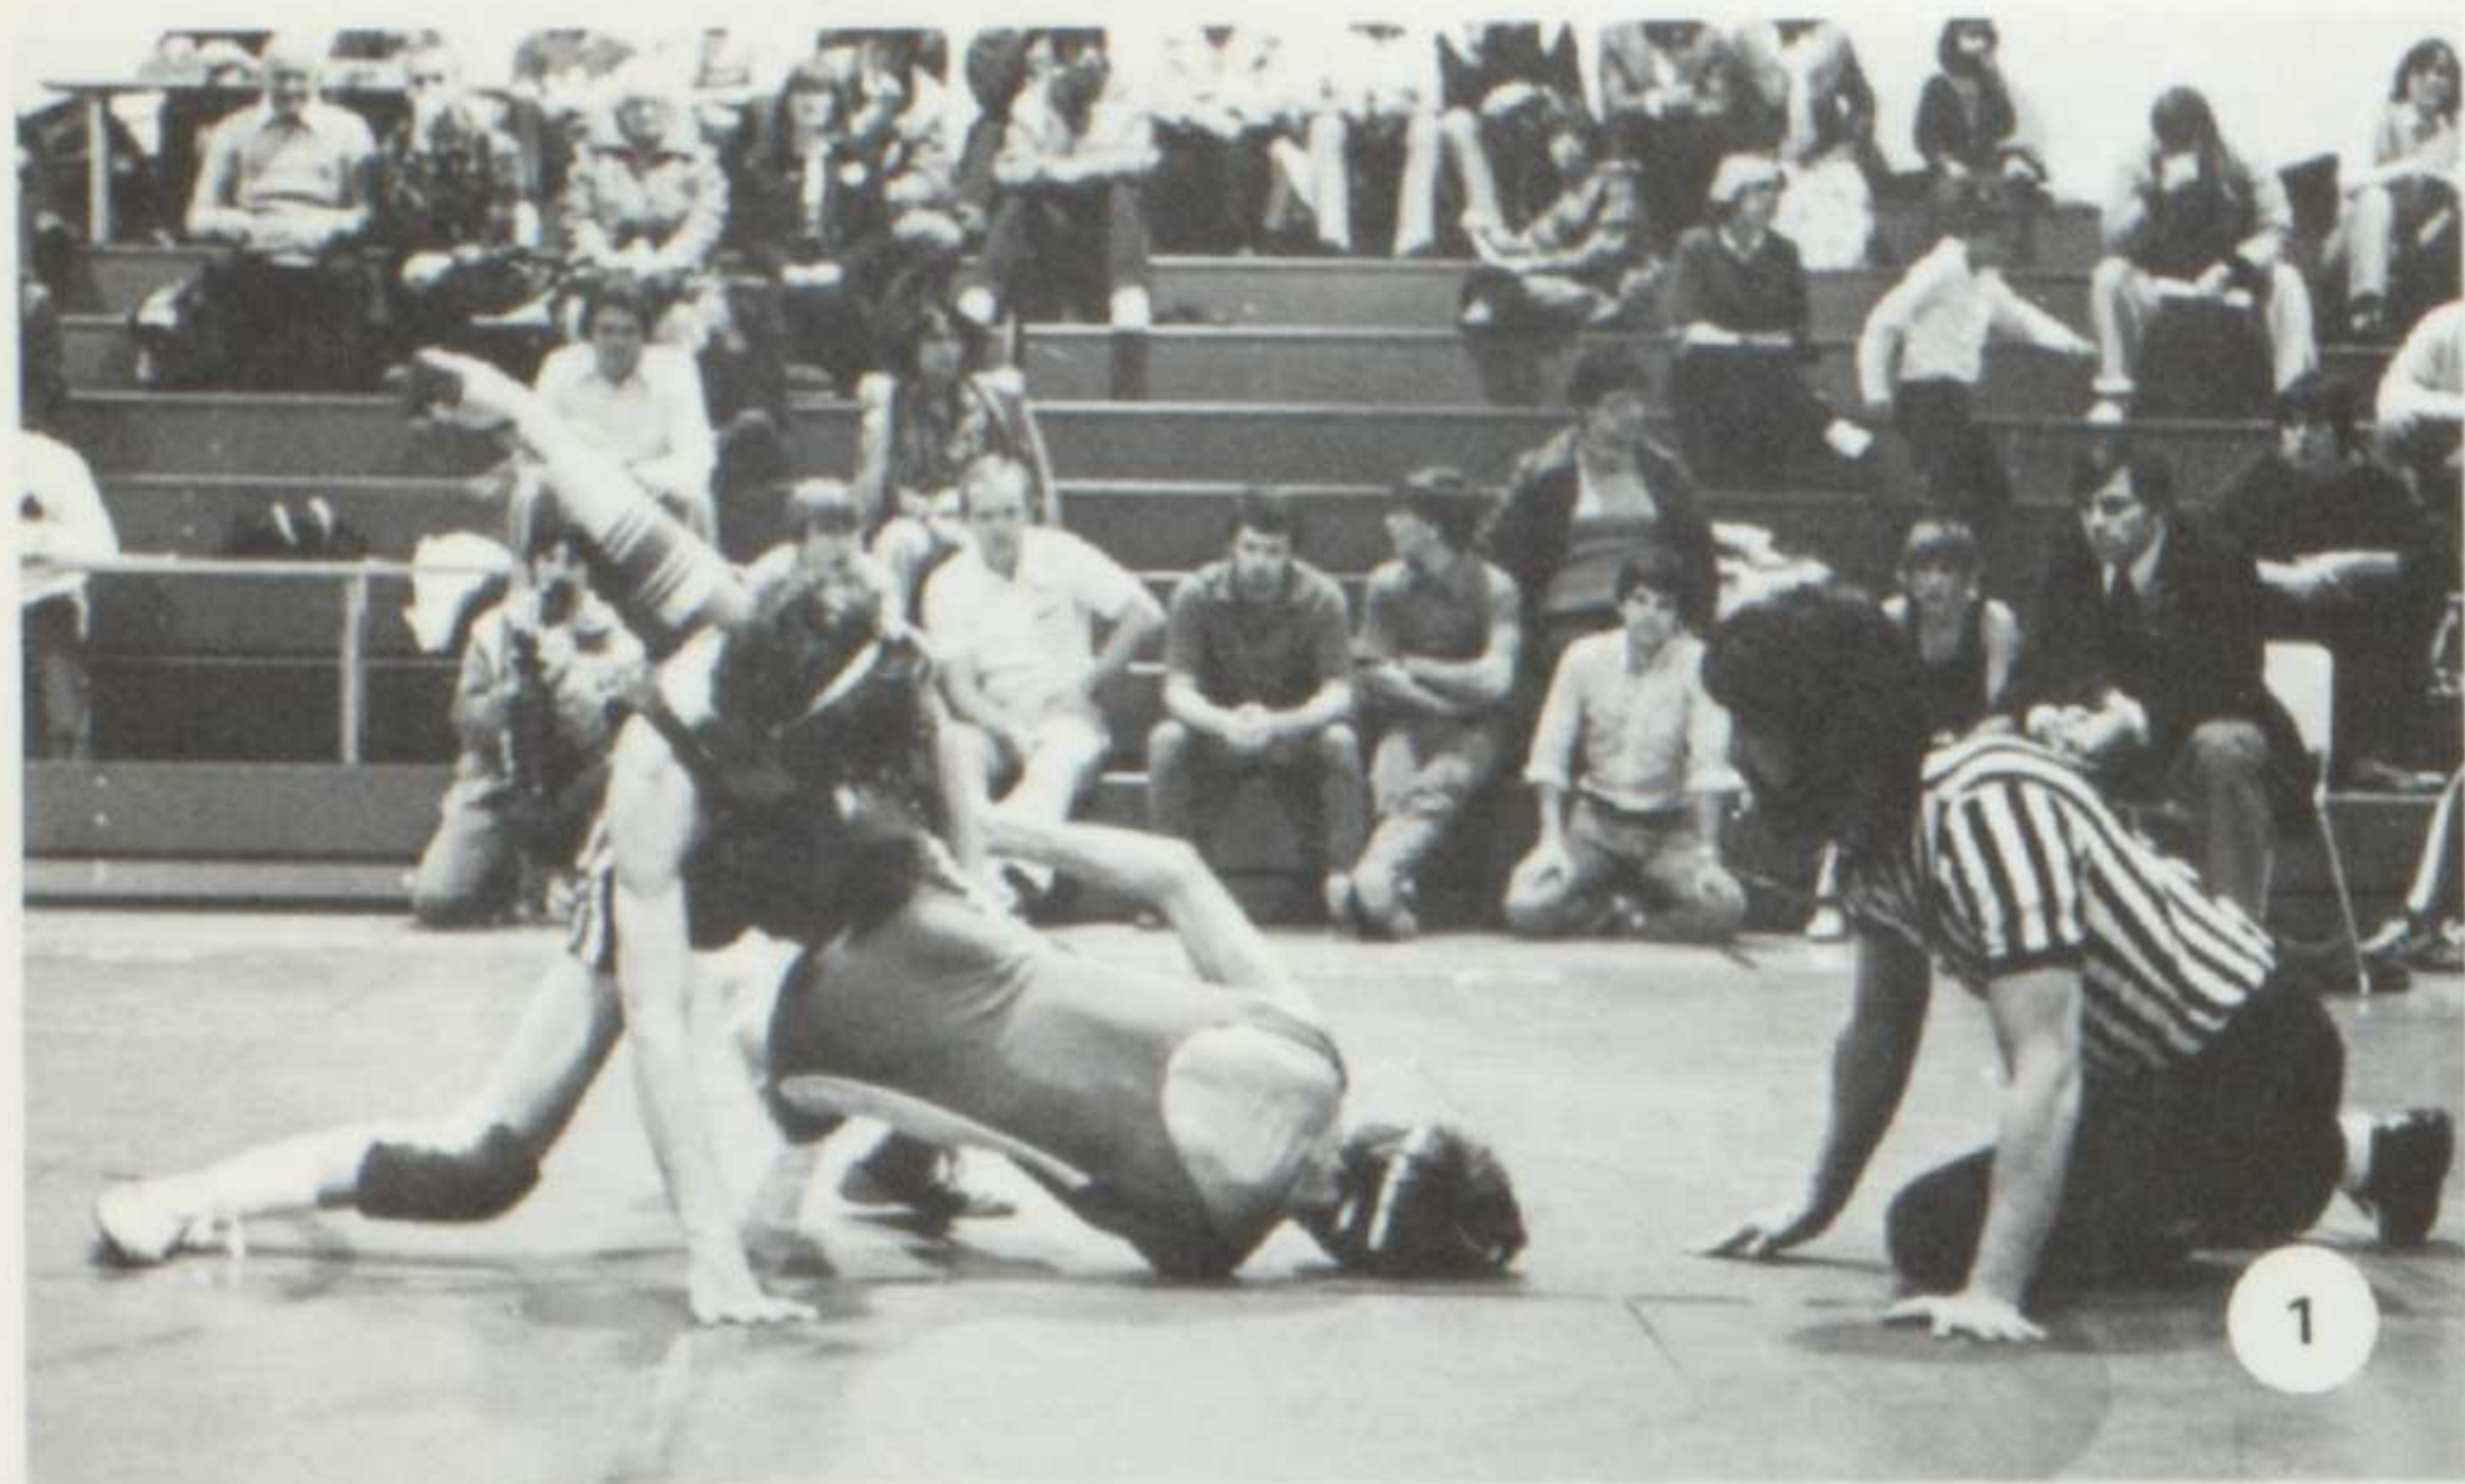

The Worthington High School Swim Team, coached by Dick Rabold and Skip Runkle, had an 11-2 season. The mighty Cards showed their awesome depth and swimming ability defeating Upper Arlington with a score of 94-78. Worthington had a satisfying victory over the powerful Toledo St. Francis. The Cards also gained invaluable experience with losses to the eventual state champion St. Xavier and the nationally ranked Hill School of Pennsylvania. In the district meet, the Cards were disappointed with their second place finish. However in the state meet, the Worthington Cards swam their best. Lead by co-captains Greg Williams, in the 100m fly, and Steve Burnside, in the 200m and 500m freestyle, the Cards finished third. Par Ward, Tom Cooke, Dan McFarland, Scott VanSreyn, Matt Topper, Ned Skinner, and Dan Ersley were also participants in the state meet. Losing five seniors, Steve Burnside, Tom Cooke, Jeff Michalec, Par Ward, and Greg Williams, the coaches still feel very confident about next year's season.

Matmen take OCC

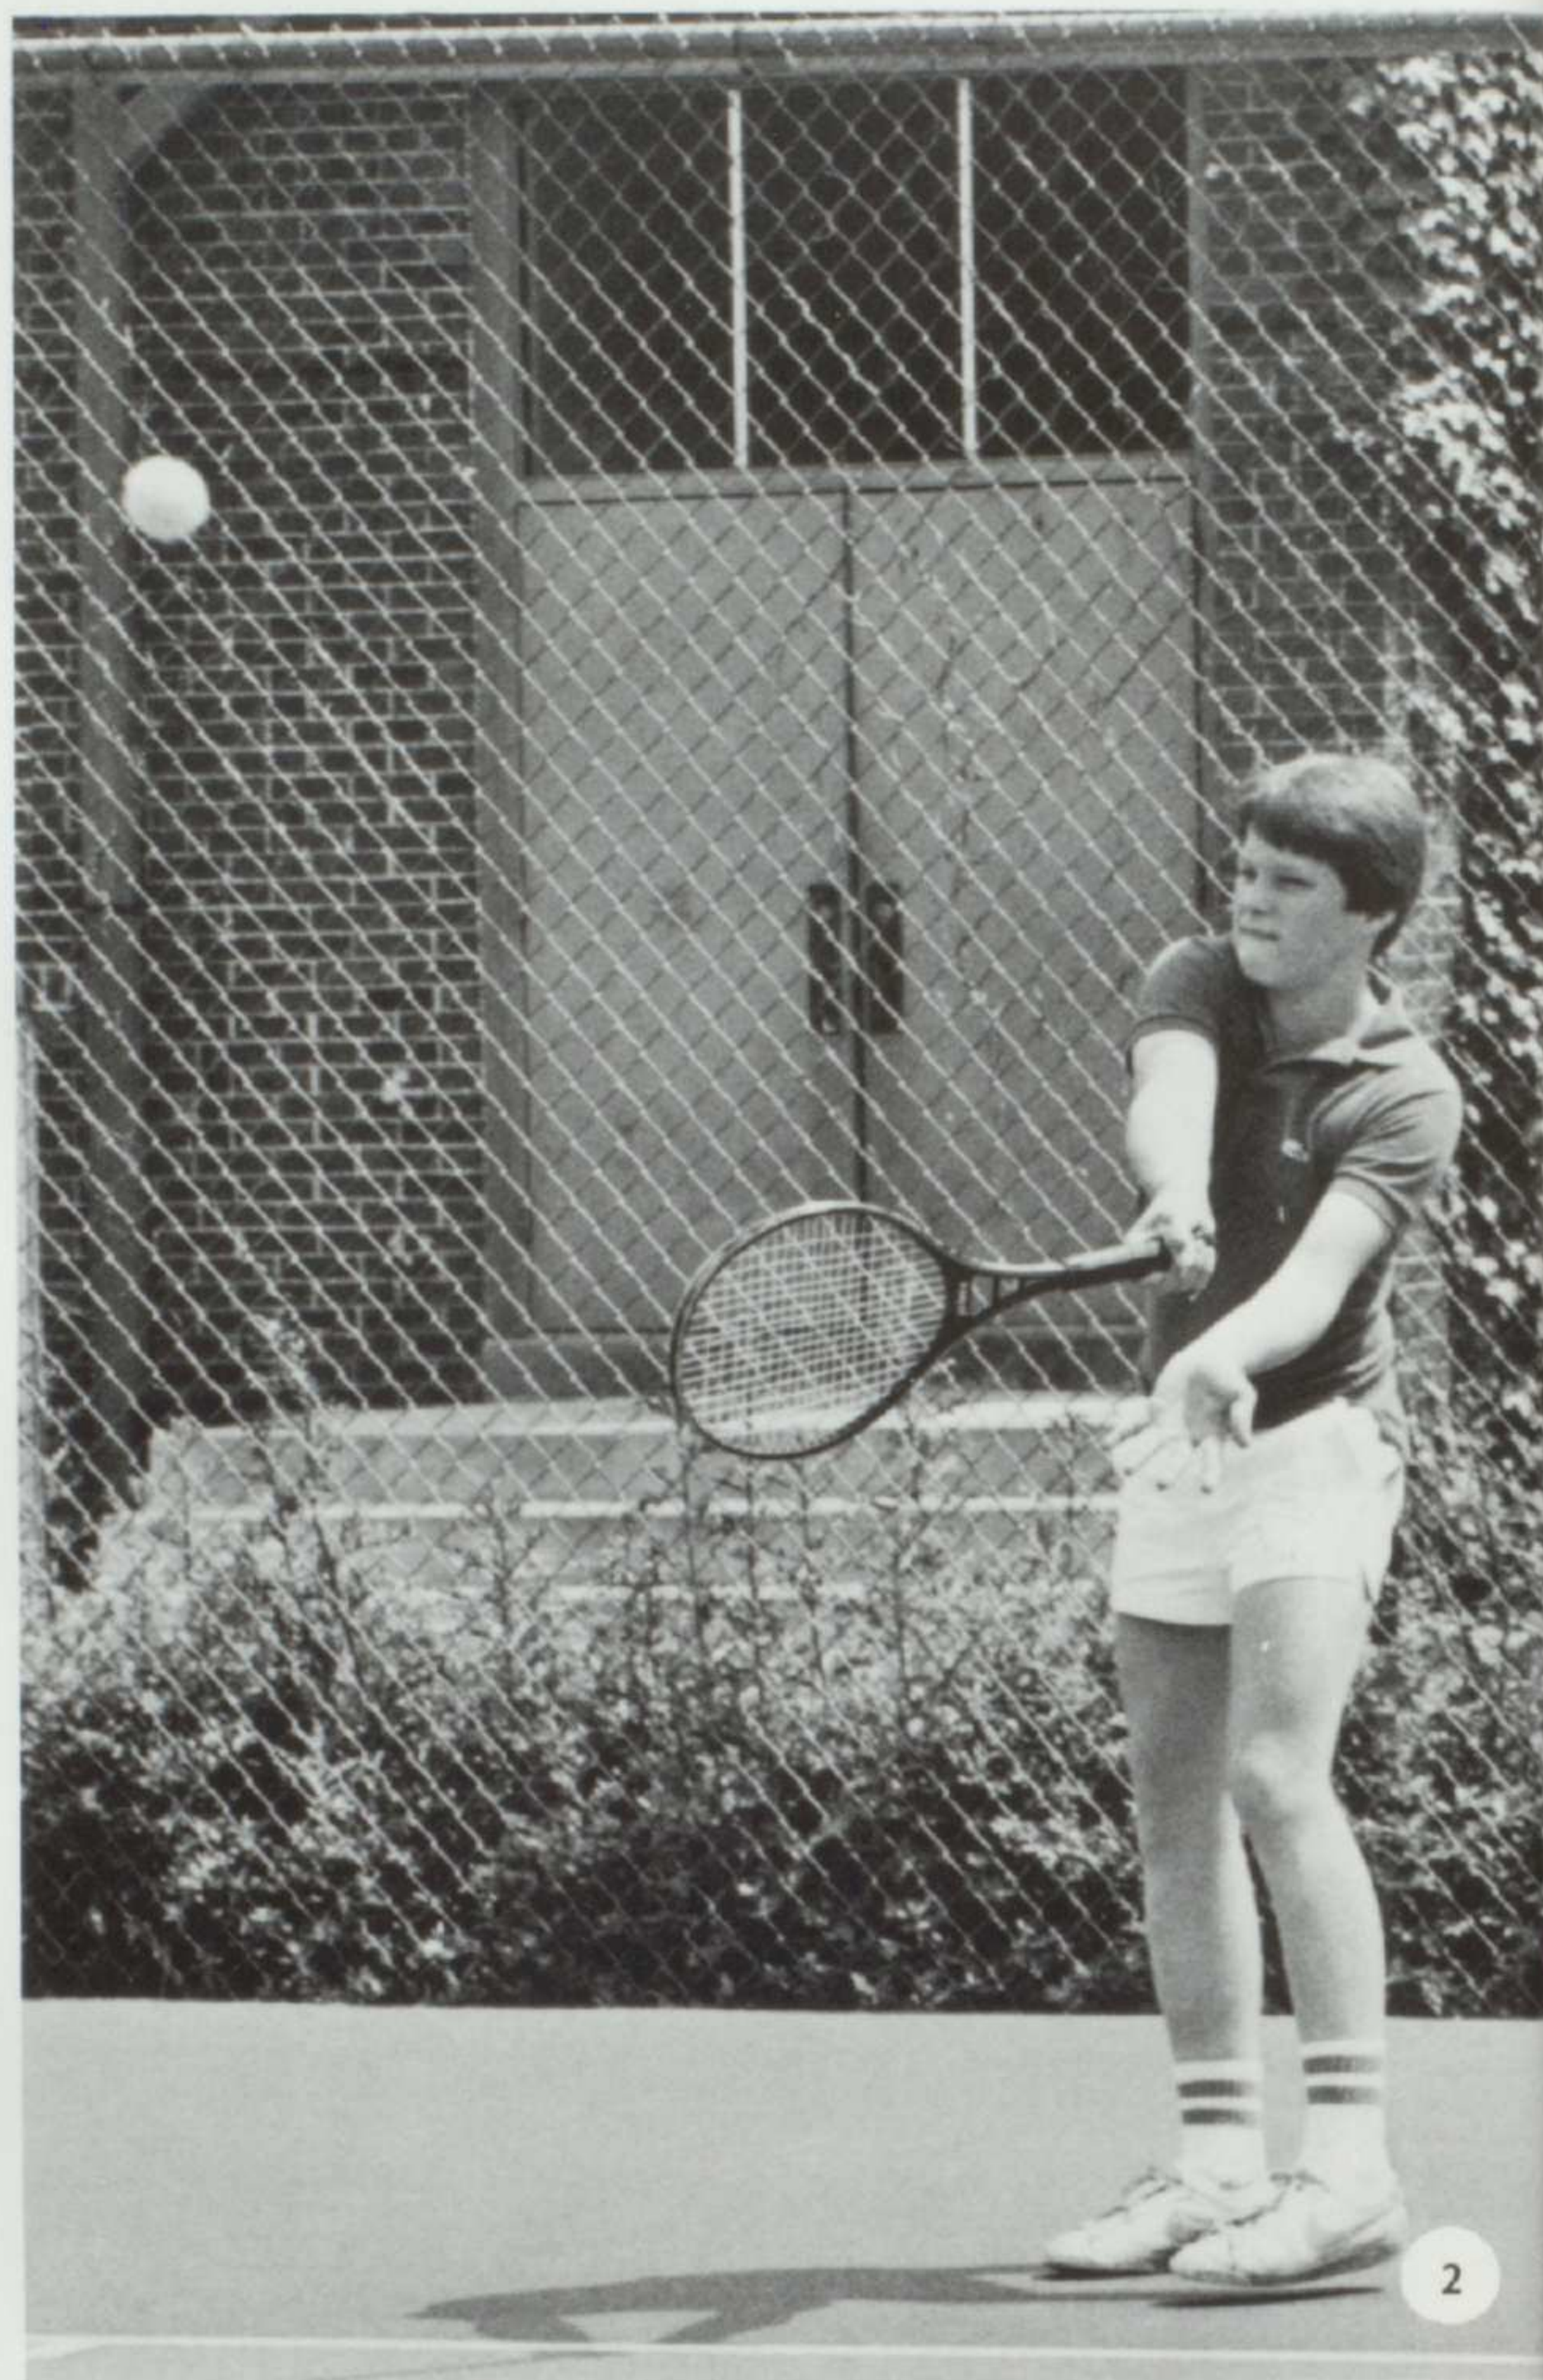

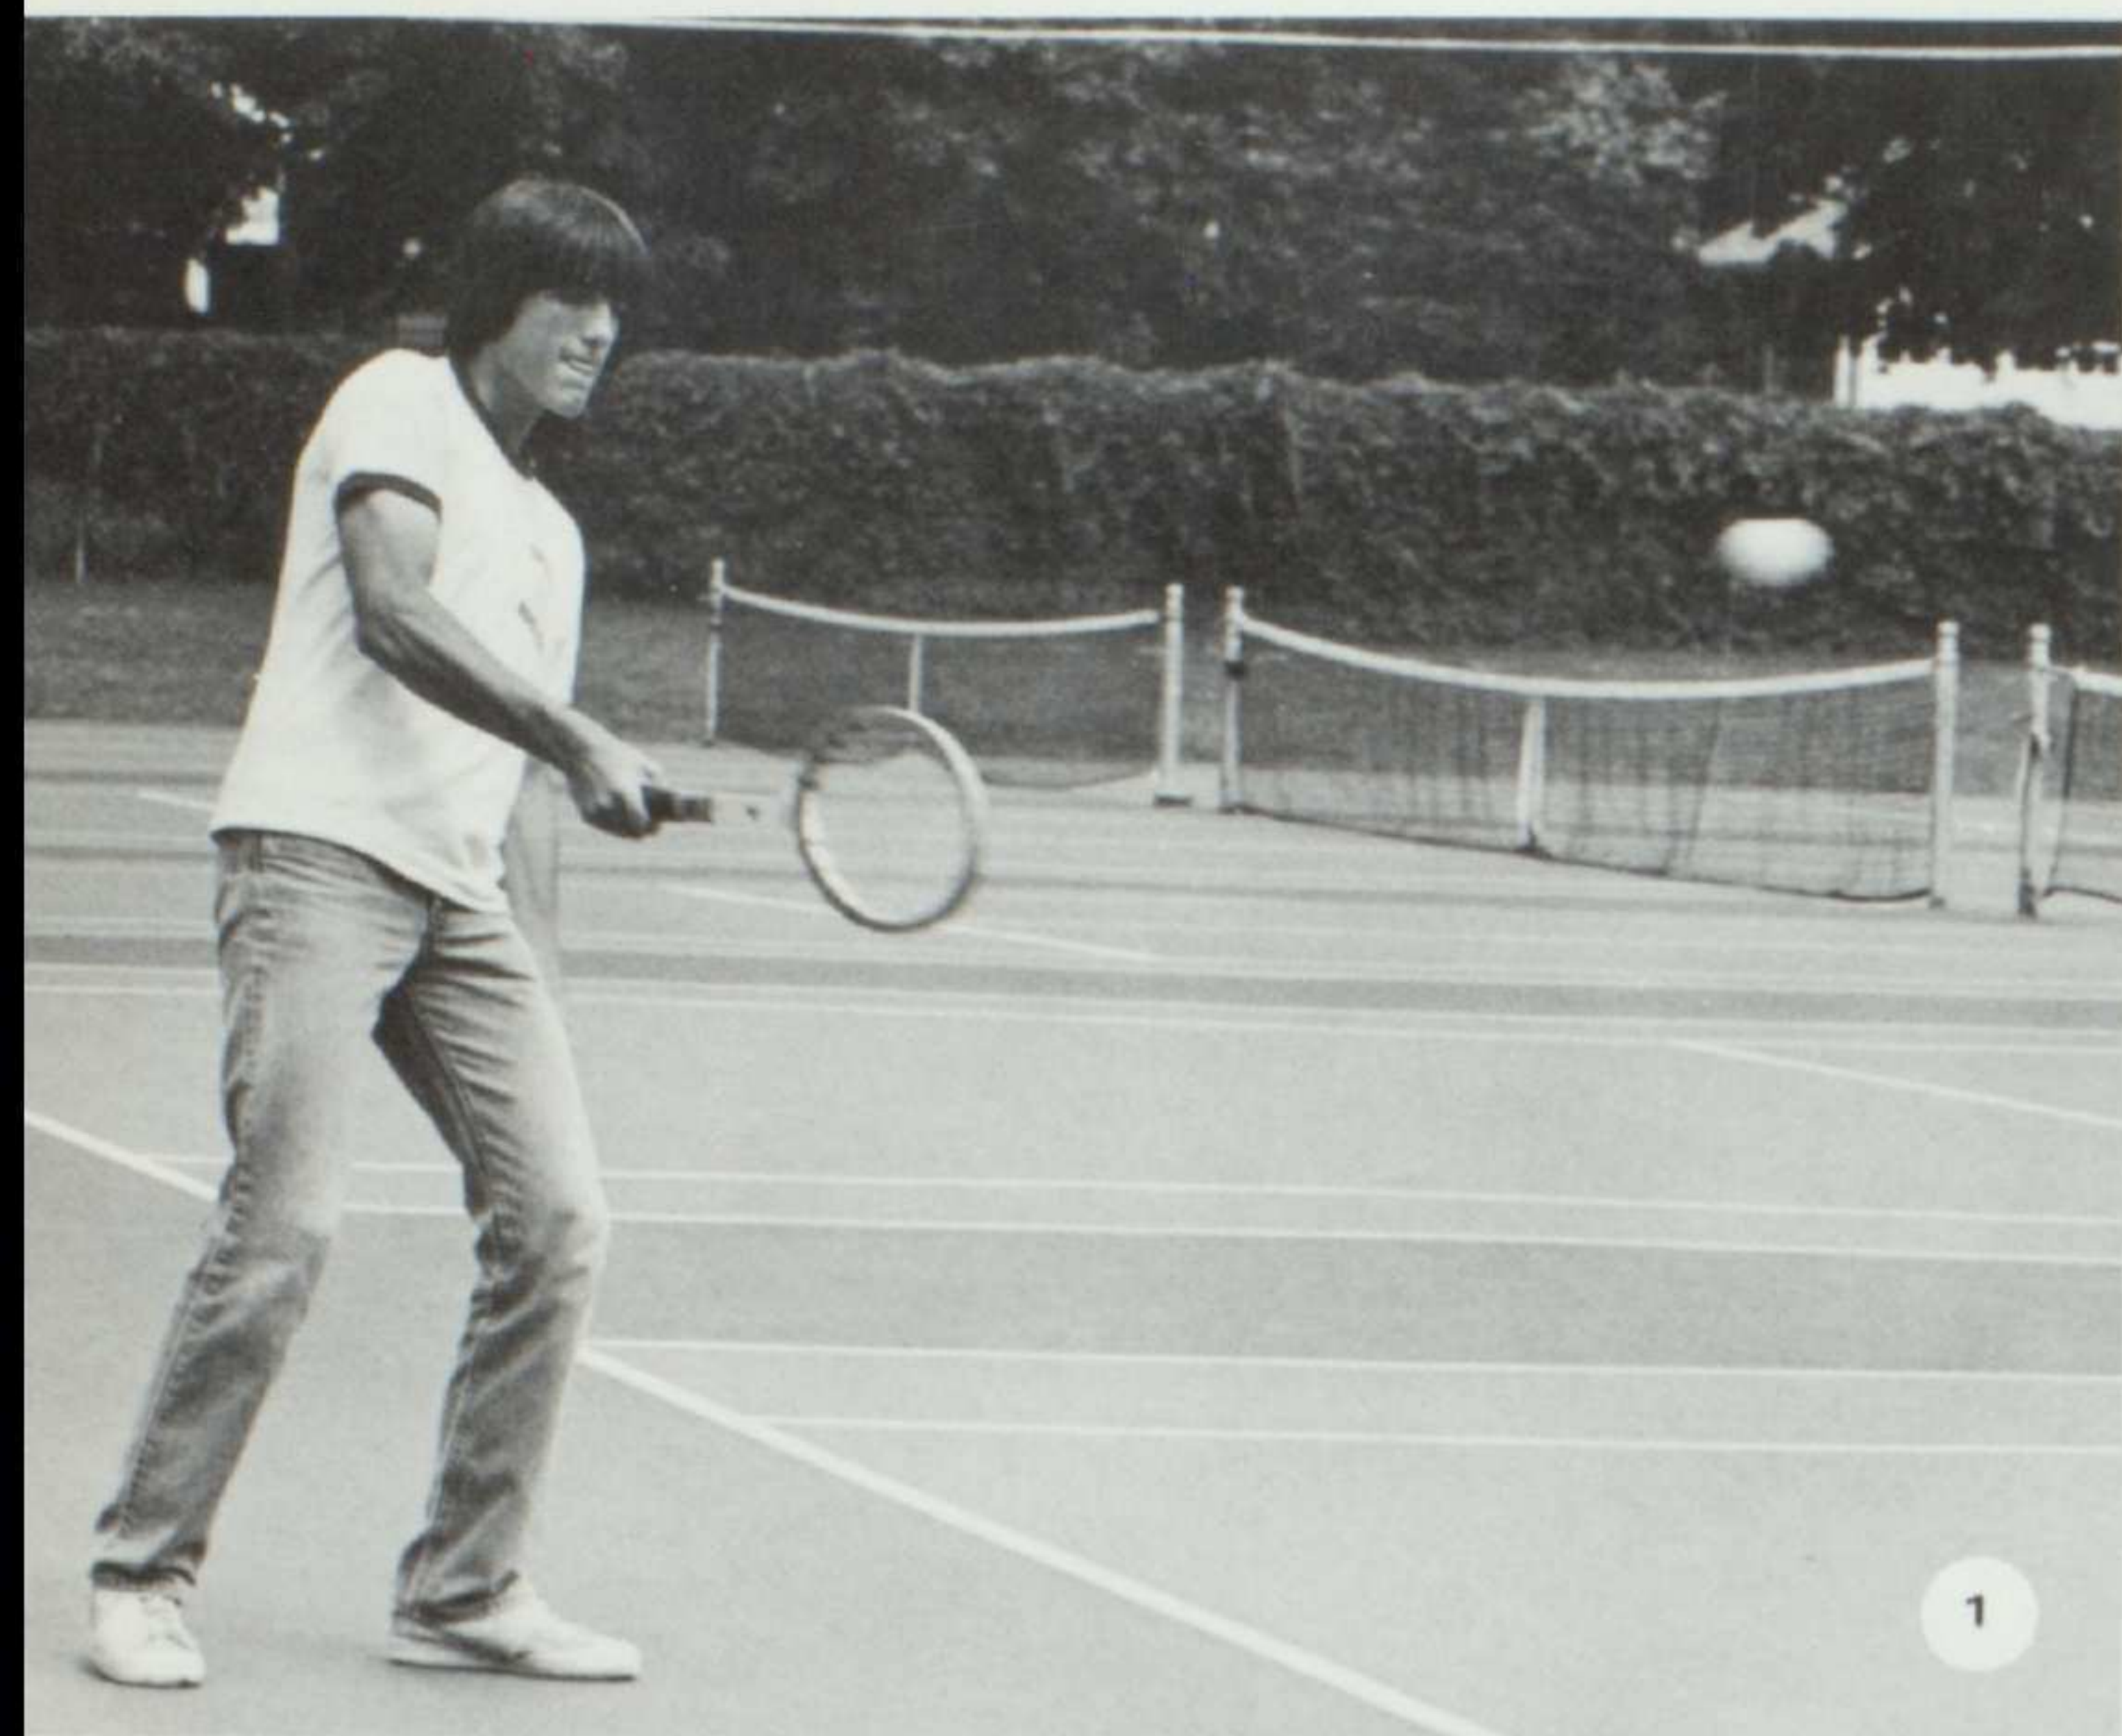

The 1980-1981 wrestling season was a time of rebuilding and gaining experience for the matmen. Under the direction of coach Paul Bukky, the team performed well despite the loss of 8 out of 13 starters from last year's district champions. They succeeded in winning the OCC title with a 6-2 dual meet record. The grapplers finished second in the Sectional Wrestling Meet and second in the District meet. In the District, Junior Mark Gundling defended his district title by winning the 112 pound weight class. Junior Bob Bauman became a district champion in the 175 pound weight class, and Junior Fred McClellan placed second in the 185 pound weight class. These three matmen advanced to the State Tournament, but failed to place. Coach Bukky is confident of his team's potential for the upcoming season.

Tennis Team has ups and downs

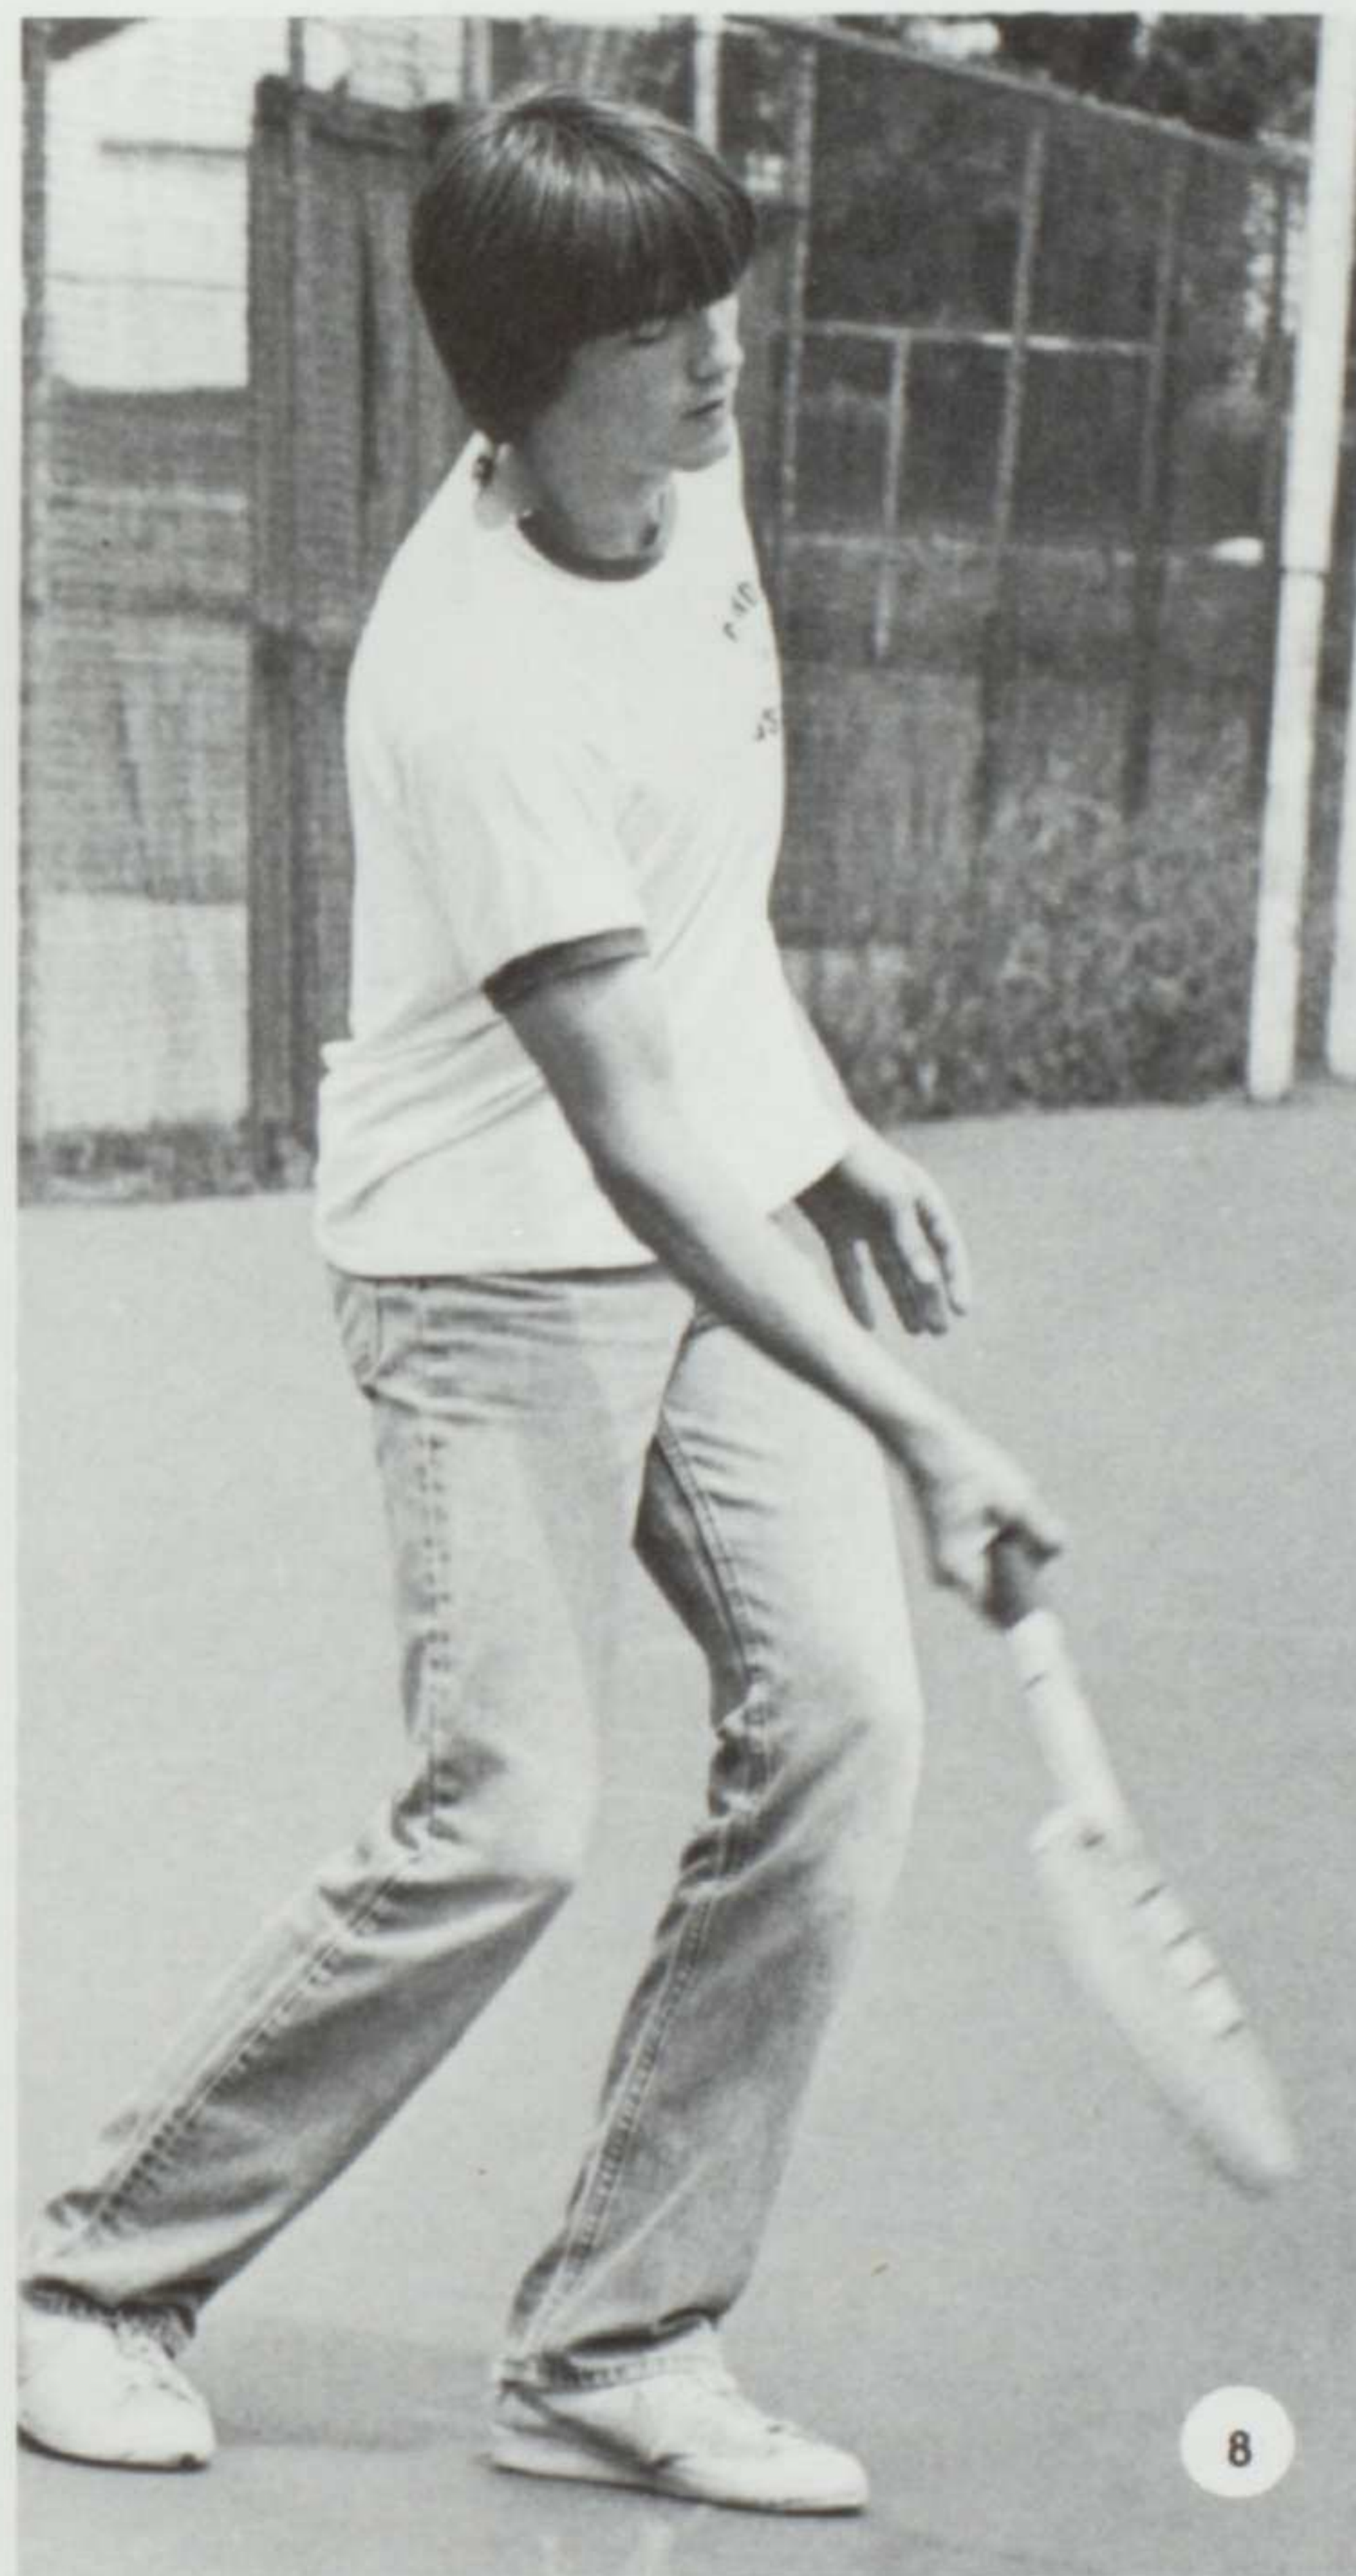

The Varsity Tennis Team had its share of ups and downs this year. While playing some of the top teams in the state, they compiled an 8-2 OCC record, second only to Gahanna. The Cards also came the closest to beating Arlington in almost ten years.

Some consistent spots for the Cardinals were Scott Harper at second singles, and John Scott at third singles. Scott and John compiled 15-6 and 16-5 records, respectively. Scott and John also won OCC titles.

The team ended its season at the District meet, where Paul Jefferies, and the doubles teams of Adam Sams and Greg Brooks, and Scott Harper and John Scott all lost tight matches in the second round. With only one graduating senior, Paul Jefferies, the future of the team looks bright.

Softball is not "all that bad"

The Girls' Softball Team had a successful season and was recognized by area coaches as one of the better teams in the Central Ohio area. The Cards came within one run of defeating Gahanna, and Gahanna made it all the way to the state tournament.

Receiving honors were Beth Haunty, voted MVP of the OCC, Lynn Steele and Sheri Barber made All-OCC, and Glenda Oury made honorable mention All-OCC.

Worthington had a reserve team for the first time this season, and 10 of the 13 girls will be returning next year. Upcoming teams should have a good possibility for success. However, seniors Beth Haunty, Gail Pierzsch, and Mary Rousseau have led the team to a two year record of 25-9, and that is not "all that bad".

Excitement provides catalyst

Excitement proved to be the catalyst for the Varsity Baseball Team. The team, which was ranked number 1 in Central Ohio through the season, finished No. 1 in the state winning the state championship for the first time. Paced by All-State outfielder Brian Fields, All-District pitcher Casey Close, and All-Conference players Stan Morgan, Jeff Insell, and Steve Cannon, the team edged out Youngstown Boardman 3-2 to earn a berth in the state finals. Then they beat defending state champs Cincinnati Oak Hills with a score of 3-1. The team was led by Head Coach Frank Cozze who has had over 200 victories at Worthington. After the excitement died down, Worthington had finished with a 27-4 record and an OCC title to go along with the state championship.

New players bring victory

The girls' team had a great season this year considering they lost most of their experienced players to graduation last year. The team had only twelve returning players, but they had a surprising turn-out of 48 new players. The team's record for the season was six wins, one loss, and six ties. The team also placed fourth in the MSLA. The team is looking forward to another great season and a fantastic turn-out like this year.

Midwest Champions

This year the Boys' LaCrosse Team had an excellent season. They finished the season tied with Arlington for the MSLA championship. The stickers had a record of 10-2. One loss was to Arlington and the other was to Sewickley, both games went into double overtime. During the regular season Worthington defeated Arlington by a score of 10-2. The team finished the season by winning the Midwest tournament, defeating Western Reserve and defending champs Sewickley. Co-captains Blair Morrison, Dave First, and Steve Byers led the team to an excellent season. The JV team also had an excellent season losing only one game the entire season. With four returning starters the teams future looks very good.

The Girls' Track Team had a very successful 1981 season. Led by Coach Jenny Elin, the team became OCC co-champions with Gahanna. They also beat Gahanna for the first time in six years. This year the team also broke every school record except for the 800 meter relay. Worthington also sent five girls to the state meet. Pam Young, Kathy Poss, Michele St. Pierre, and Lynette Macer finished sixth in the 1600 meter relay. Co-captain Laurie Arsenuit finished first in the high jump. In the first Worthington Relays they took first place.

Only Bob Foster, in the 1600 meter run, qualified for the state meet. Gary Hitzemann, Wes Hamilton, Len Kemp, Carl Testa, Bob Foster, and Mike Brown all qualified for the district meet. ALTERNATIVE PROGRAM

WHS
LINWORTH
ALTERNATIVE
SCHOOL

People!

1. Ellen Fiorentino and Laura Johnson. 2. Maypole Band. 3. Science and (Hawaiian) Society. 4. The Lounge. 5. Eilleen Meers: another maypole member. 6. Larry Gay: Maypole Master. 7. Ellen Fiorentino and Lisa Grenier . . . in math class? 8. The four strooges: Lars, Darin, Tom and Josh. 9. Linda Fass. 10. Sue Parker. 11. Jay Tolson.

Plaza Suite: room 719

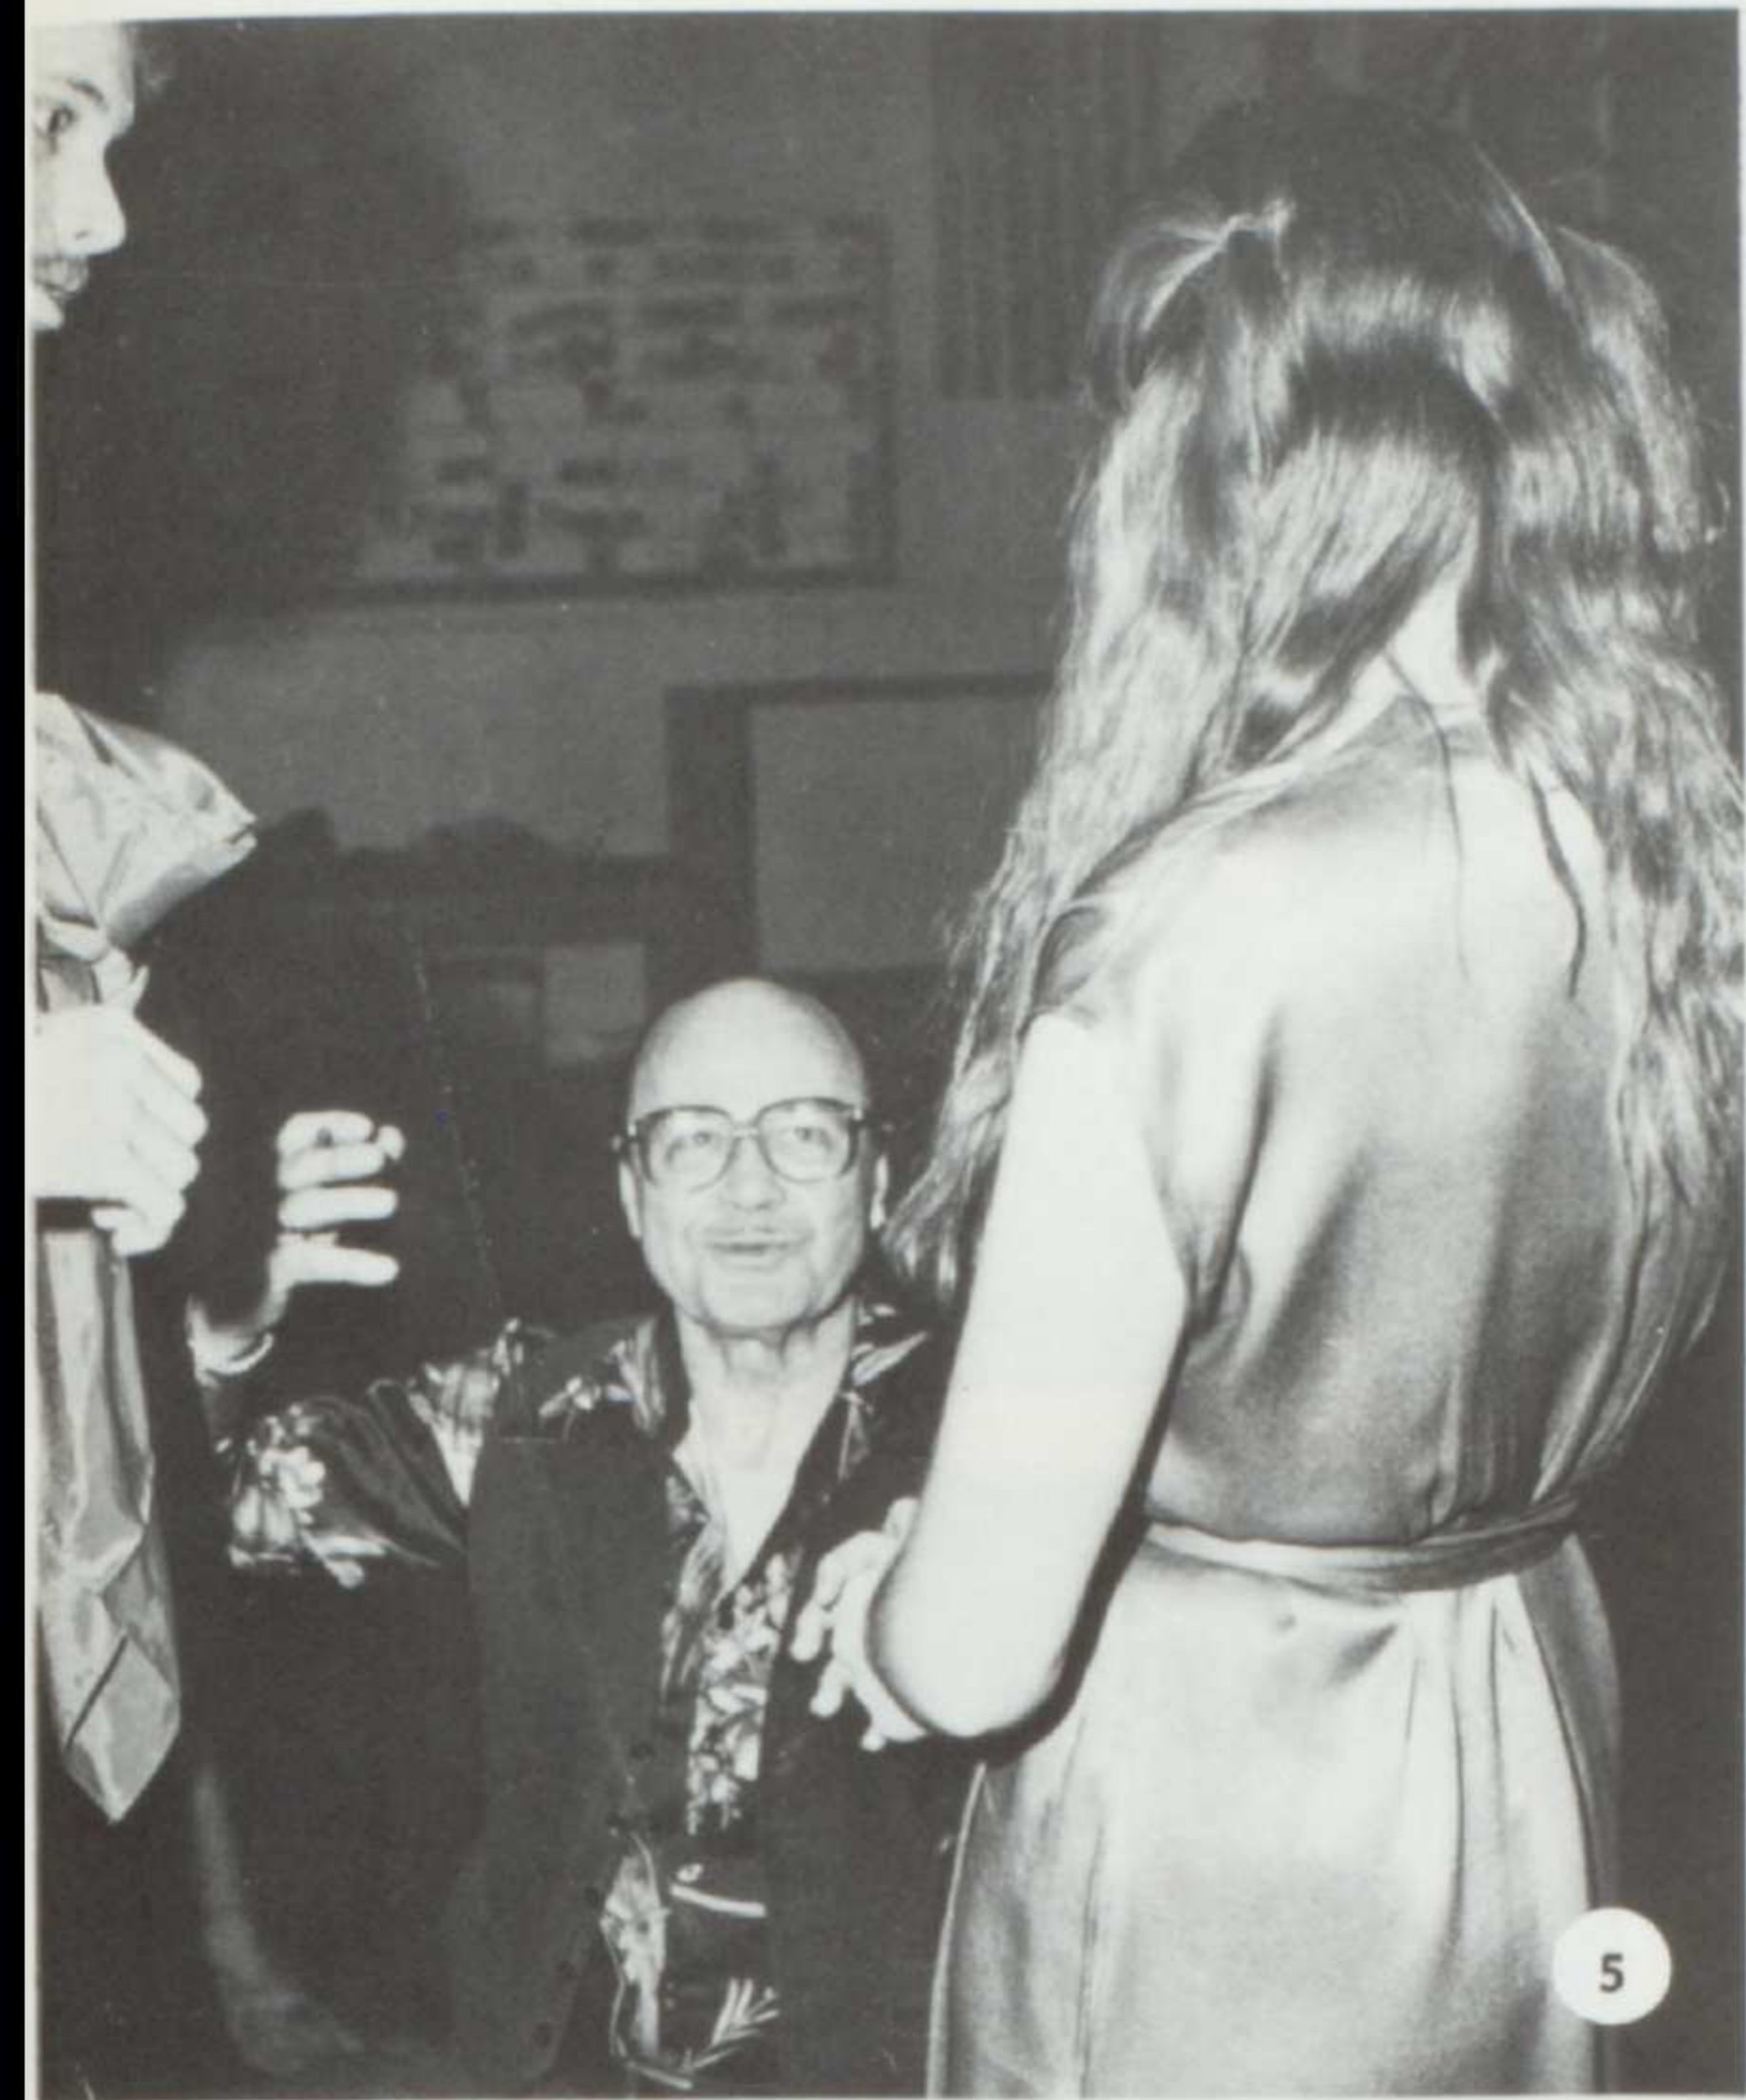

Plaza Suite is a comedy in three acts by Neil Simon and was presented at Linworth Alternative Program under the direction of Charles Rousculp and Debbie Fass.

The first act was a moving one about a pleasant, affable forty-eight-year-old woman whose only wish is that her husband would notice her and perhaps spend some time with her—even if it's just to celebrate their wedding anniversary. Sadly, however, hubby is too involved with keeping his weight down and never growing old . . . and too involved with his sweet, young, skinny secretary to pay any attention to his overweight wife.

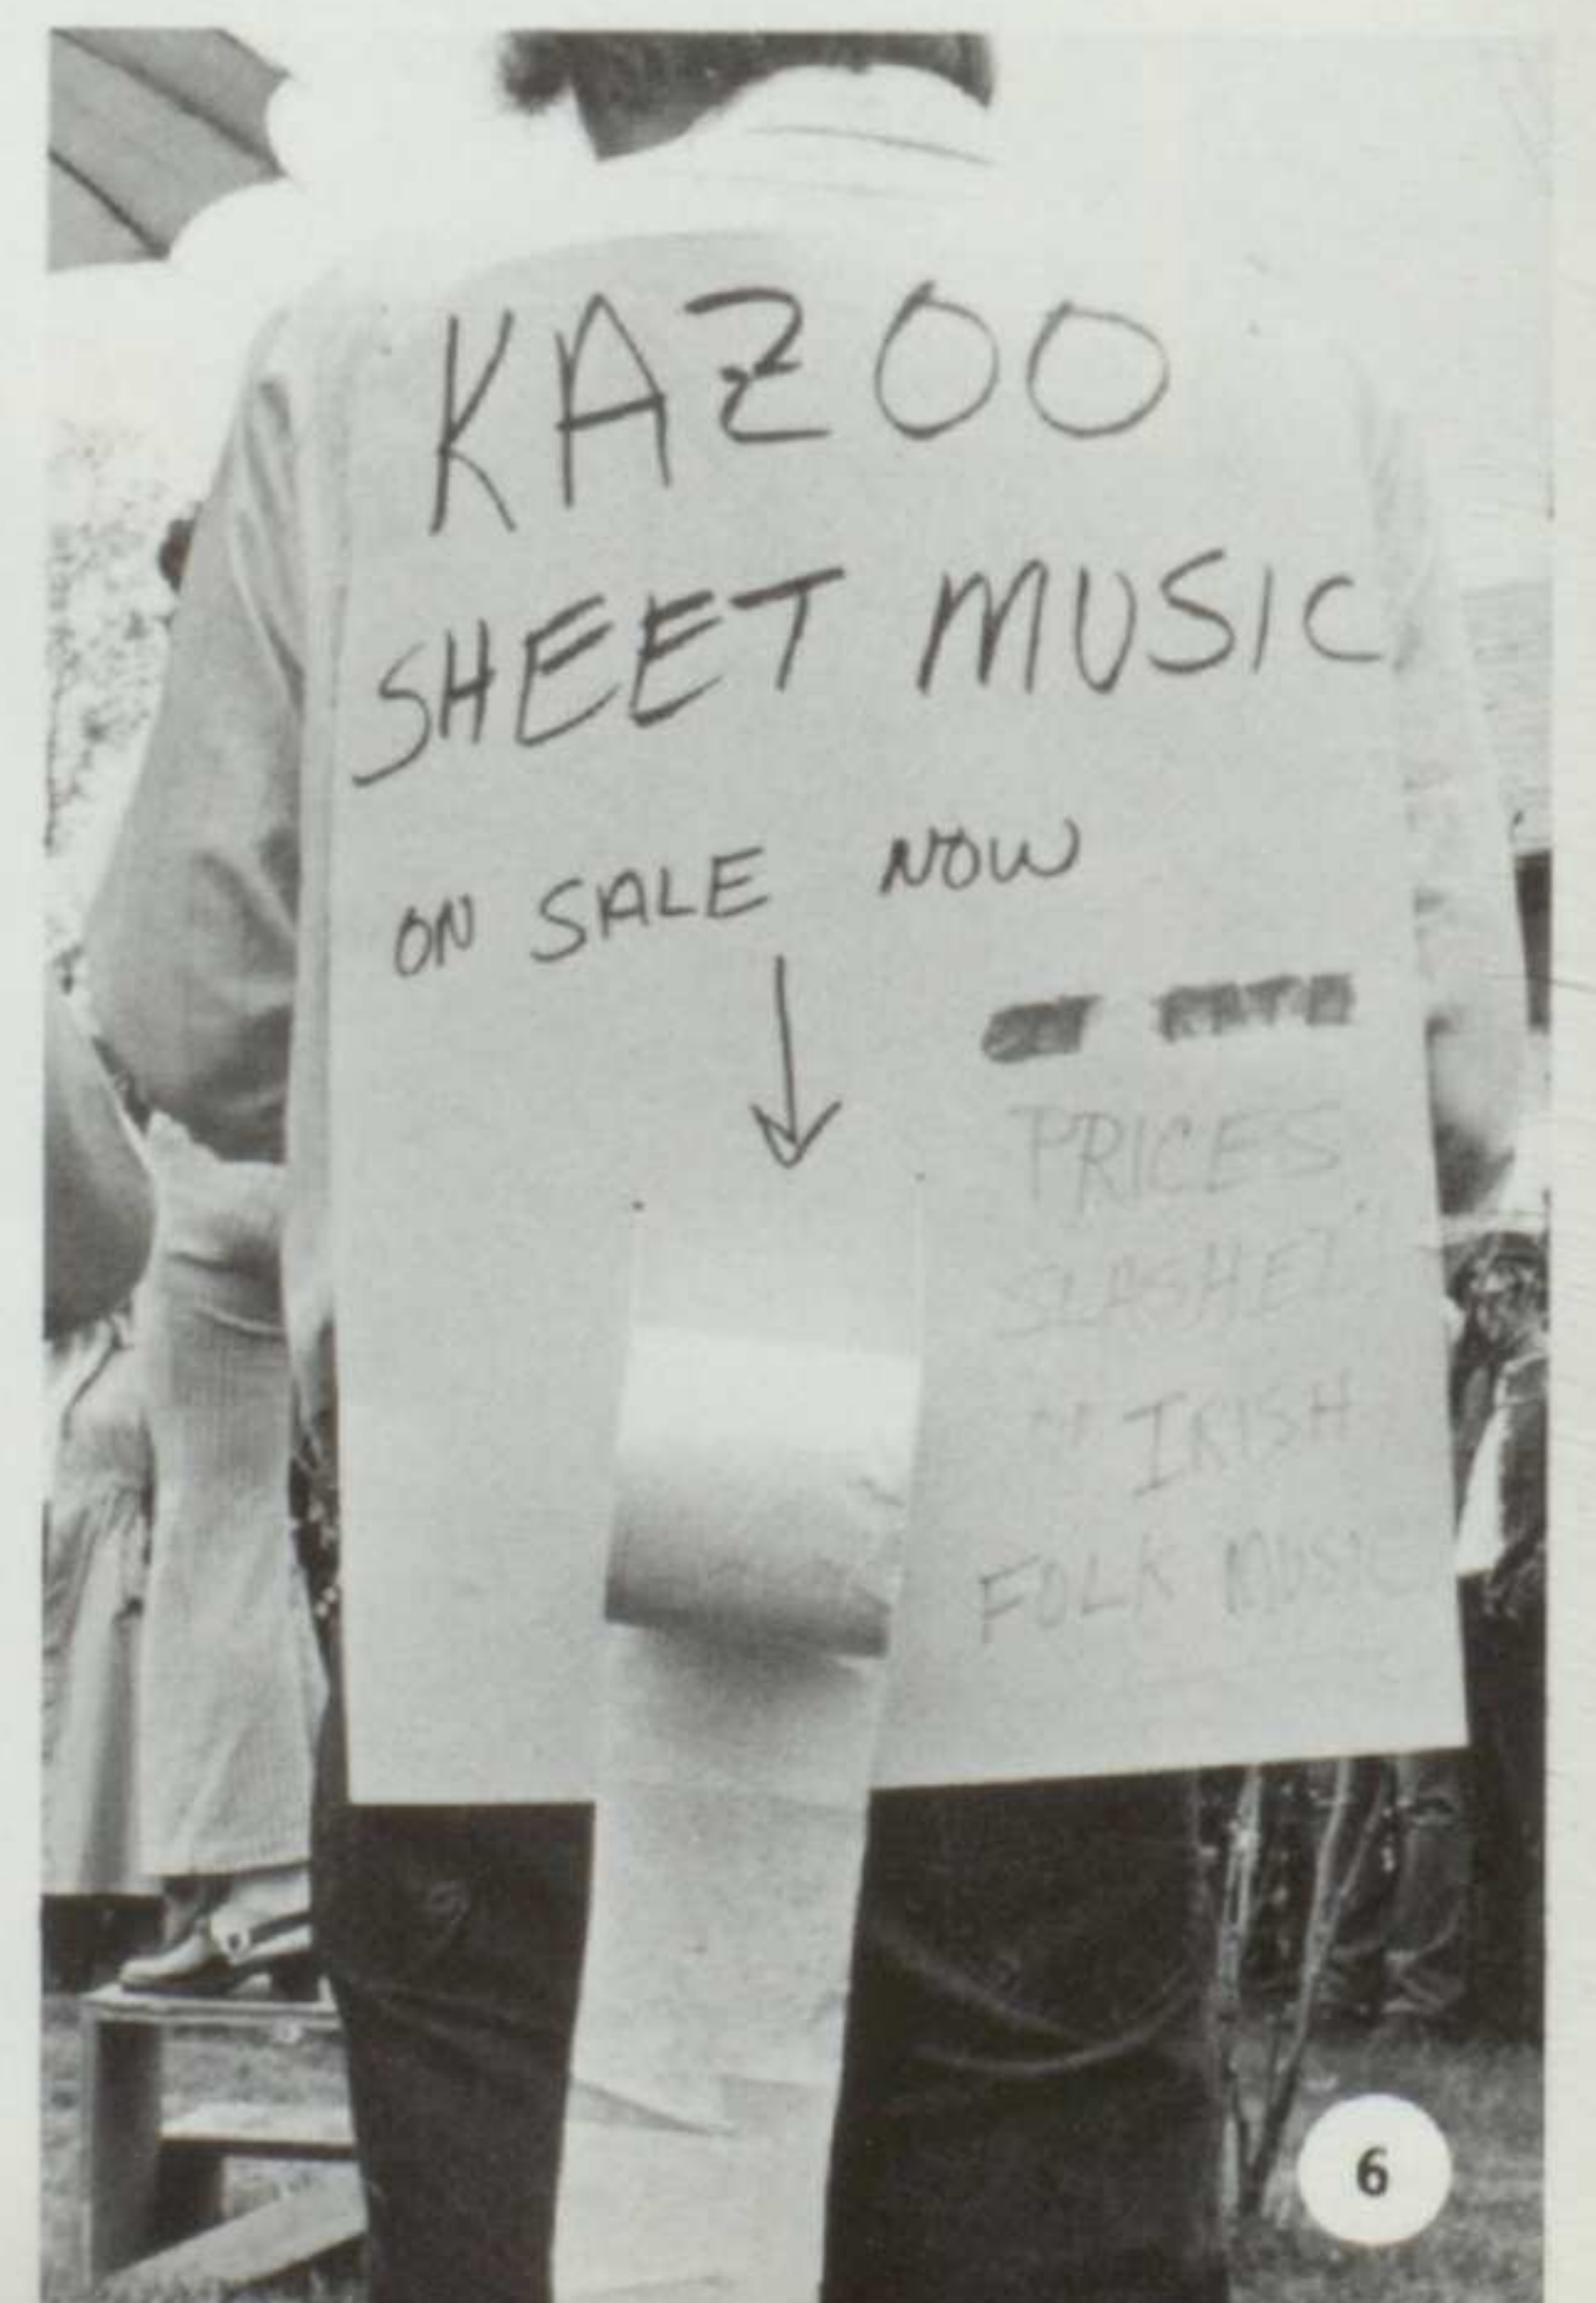

In the second act, we see a dashing Hollywood producer (single, of course) call on an old high school flame of his to come join him for the evening in his suite at the Plaza Hotel in New York City. She is a small-town housewife with three children, a degenerating marriage, and a desperate need for some excitement in her life.

"It's time for the wedding, but where's the bride?" She has locked herself in the bathroom; where else? The third renters of Room 719 include a hysterical Norma Hubley and her frustrated husband, Roy, and their daughter, who remains locked in the bathroom until the end of the act when the groom comes to her rescue with a definitive "Cool it," and the daughter happily skips out ready for the ceremony.

1. Leslie Keown and Scyld Anderson. 2. Gwen Rees and Dave Caldwell. 3. Tom Meers and Delira Raisbeck. 4. Frustrated wife and cheating husband. 5. Dashing director Charley Rousculp and attentive actors. 6. Carpenter Martin, at the ready. 7. The busboy (Dan Fass) takes an order from the playboy producer. 8. Father and mother of the bride-to-be! Happy? 9. Housewife and Hollywood producer.

It has it all!

Student Government

1. Town meeting is the governing body of the school and functions in much the same way as student council except that it is composed of the whole school community, including teachers.

Diversity

2. At the A.P., foreign exchange students are teachers as well as learners. Anna and B.J. contributed much to the program, as did individuals from closer lands, including U.S. Representatives Wylie and Shamansky.

Friends

3. Cliques are rarely evident at the A.P. and, according to one of the many new students who come to the A.P. every year, students go out of their way to seek out strangers and make them feel that it's their school too.

Drama

4. Impromptu skits are common and students are encouraged to participate in both Main Campus and A.P. productions.

Music

5. Dan Reed and others added to lunch hours by bringing their instruments and talent to school this year and playing during the lunch periods.

6. Everything from kazoos and out-of-tune saxophones at the Maypole Dance to well-practiced flute pieces at Sr. Recognition can be heard.

Independent Learning

7. Opportunities are available for everything from one-course contracts to full time internships.

8. Darin Derstine did some extra work with topographic maps.

Individual Teacher Attention

9. Teachers at the A.P. are much more accessible. There is no teachers' lounge and they reach there because they want to. Despite the extra time commitment imposed by four to five preparations, they are always ready to sit down and talk about anything from classwork and new learning ideas to problems with friends or family.

10. Smaller classes mean that Ed Shay has more time to help Sue with her geology.

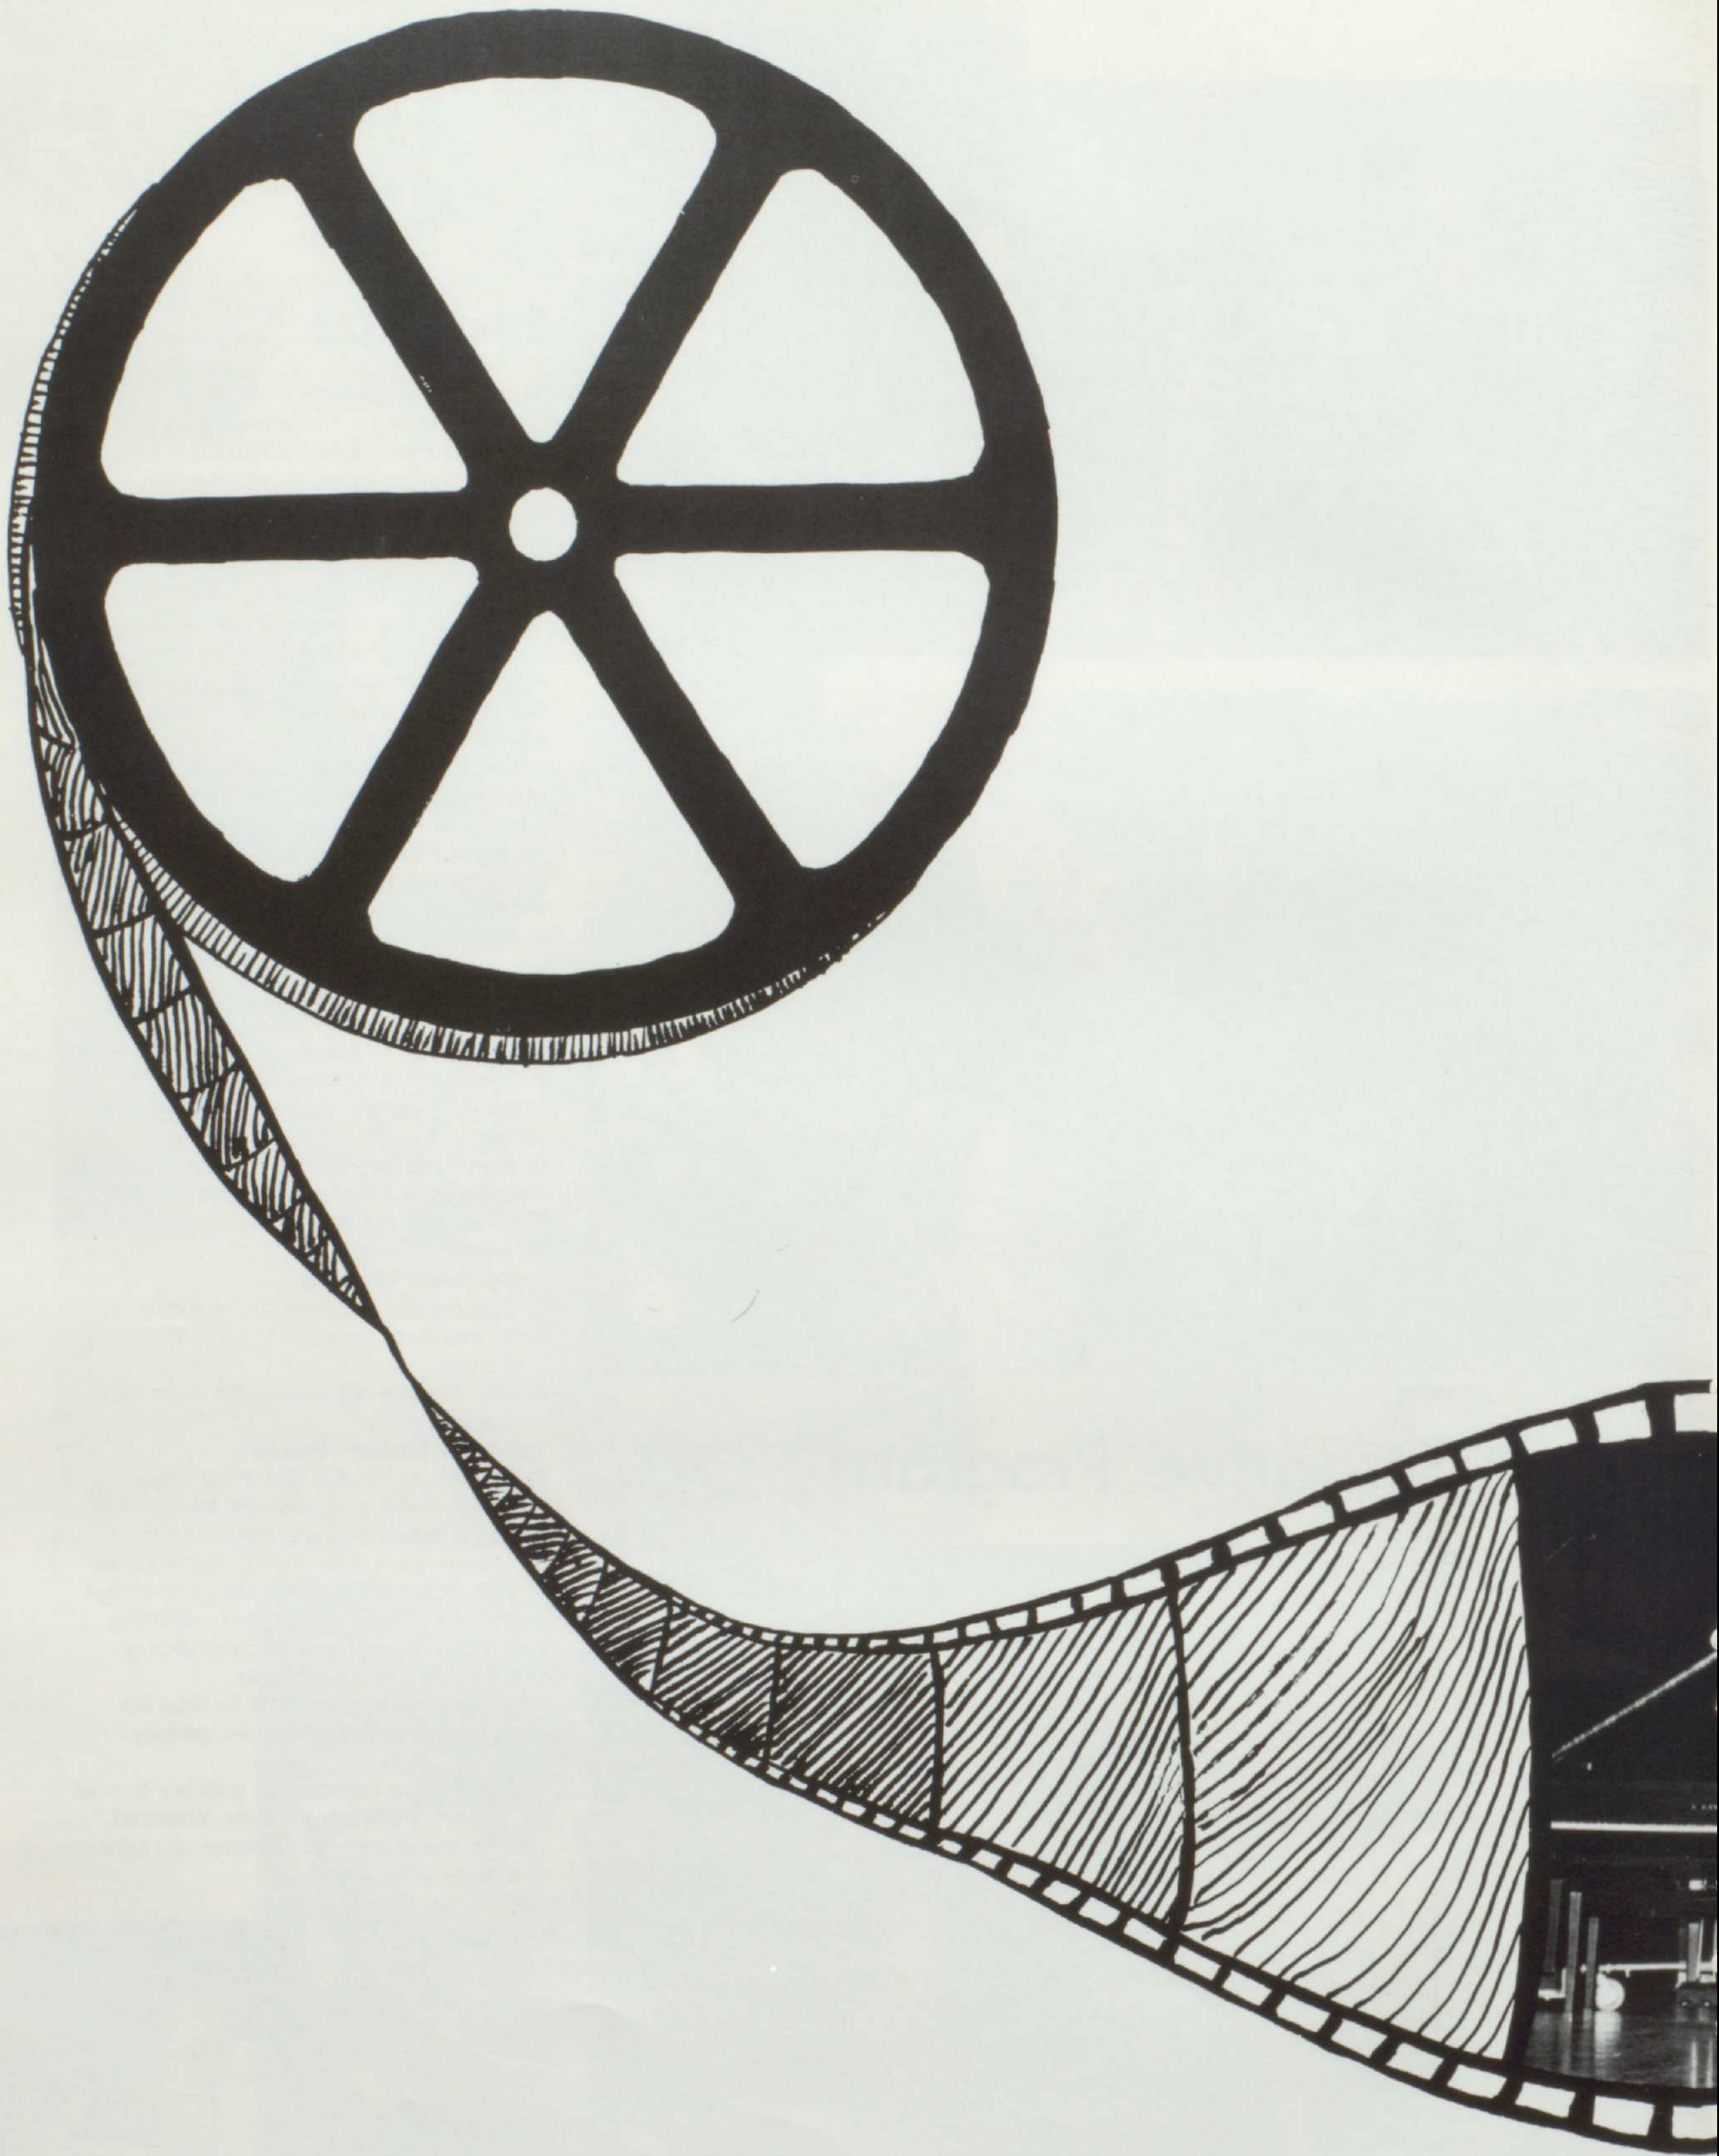

YOU!

11. Students are admitted on a lottery basis at the beginning of each semester. Interested students should see their guidance counselor to arrange for a visit.

Yesterday is gone,
And today finally arrives,
A solemn rear-filled day
We'll remember all our lives,
A day of saddened endings,
And a day of beginnings, too,
When we leave old things behind
For a taste of something new.

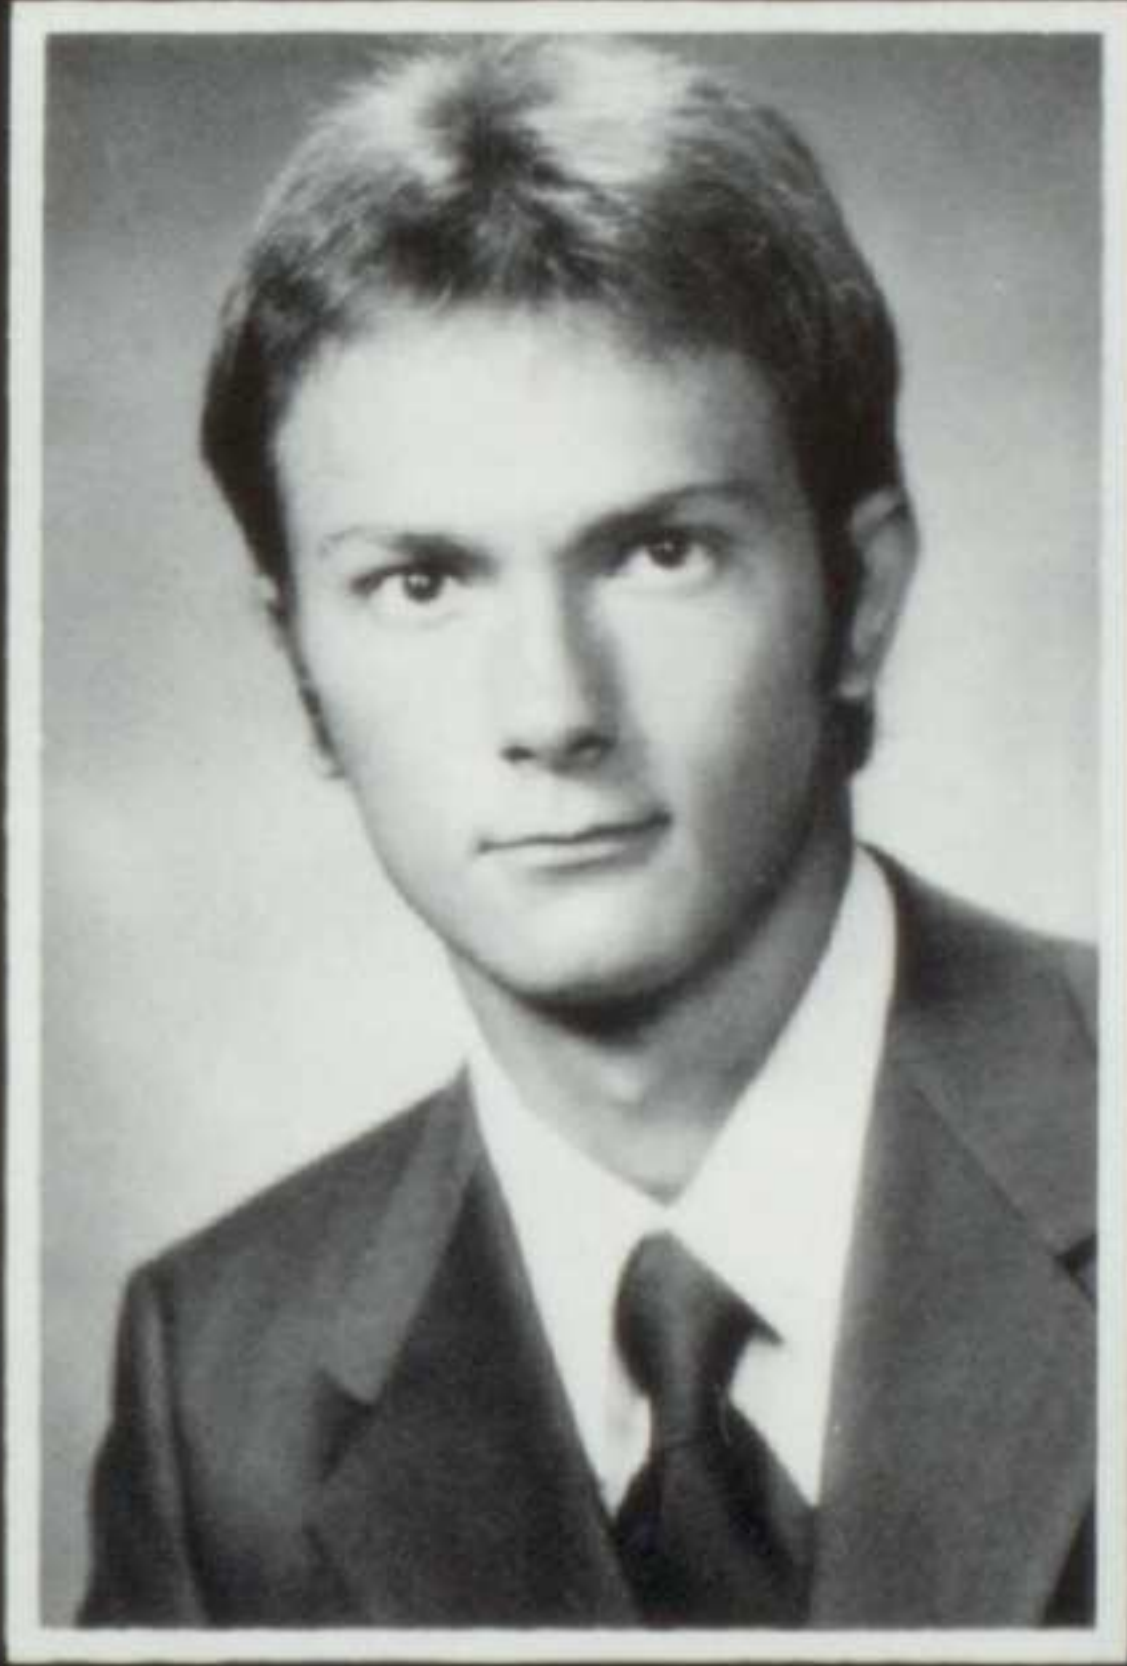

Yesterday is gone;
Yesterday is gone.
But though the day's light may fade
And memories begin to rend,
We'll always remember the faces
Of those that we call "friend."

Yesterday is gone,
And we reach out for tomorrow,
Savoring a precious moment of time
Like a glass-covered memento,
A last hug before parting,
A promise to always be near,
A photo showing the smiles
Of friends that we hold dear.

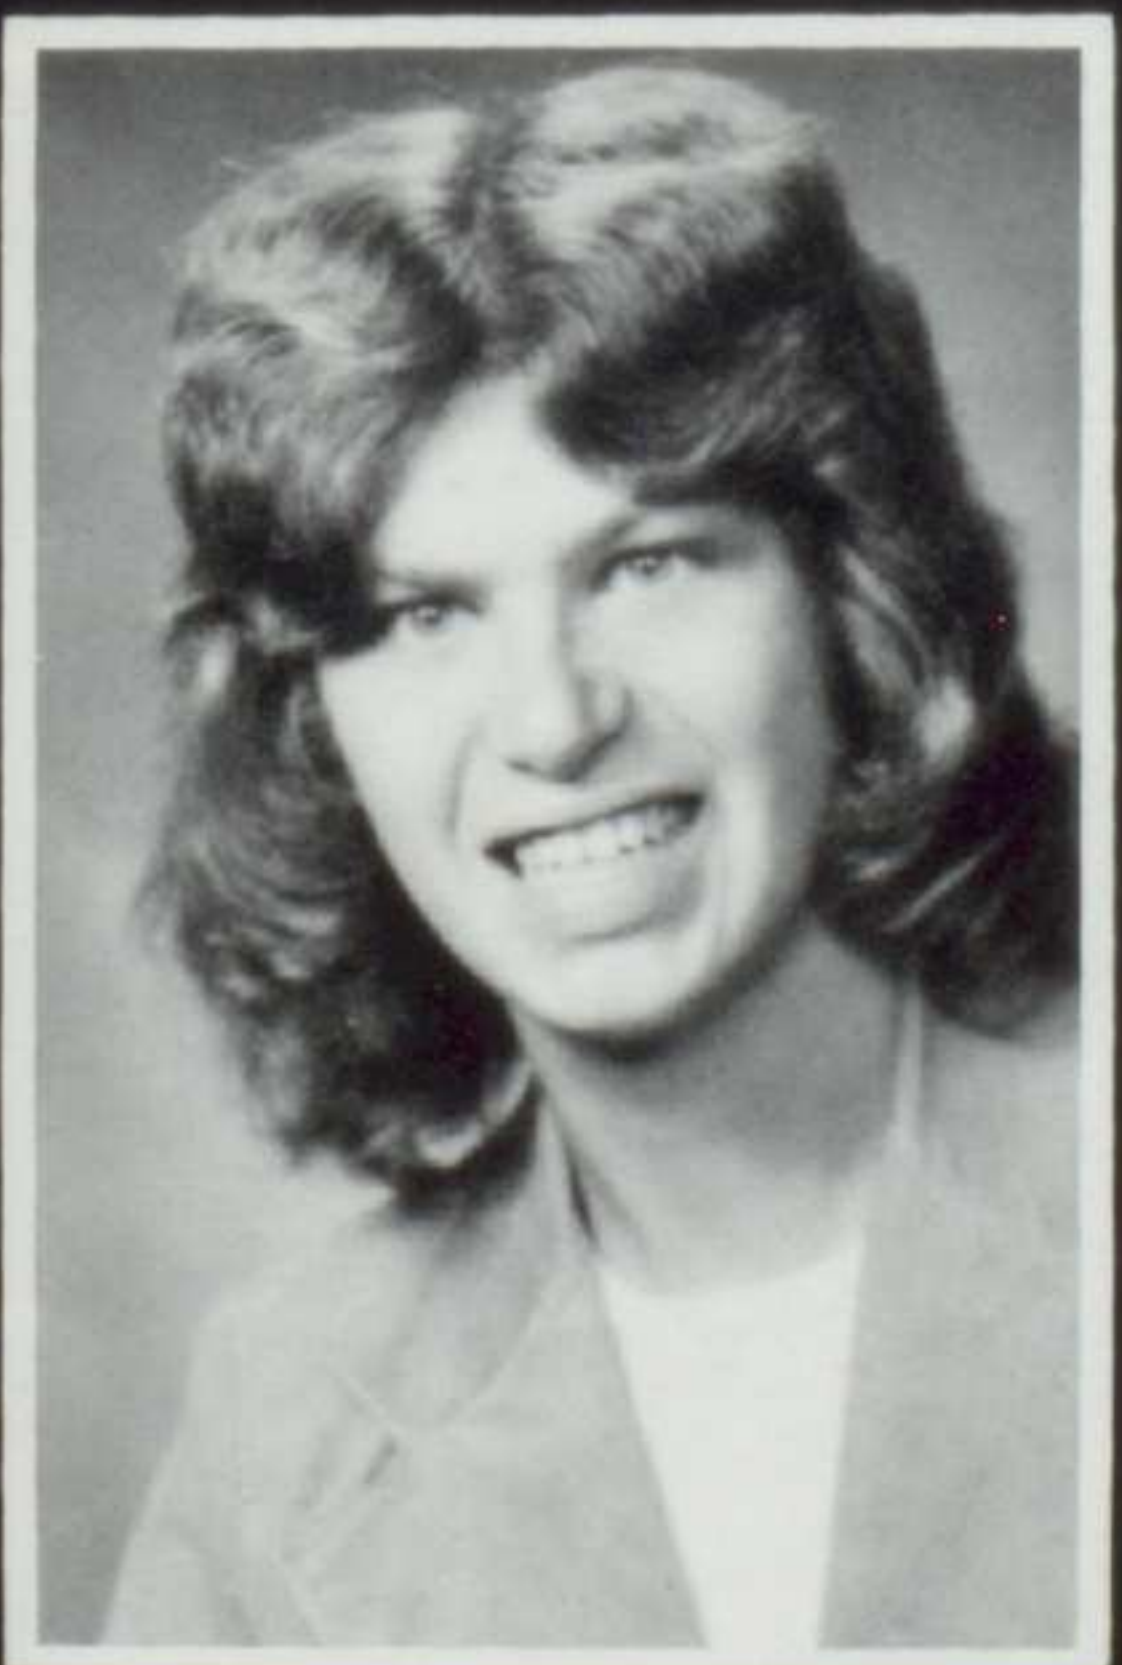

Yesterday is gone;
Yesterday is gone.
But though the day's light may fade
And memories begin to rend,
We'll always remember the faces
Of those that we call "friend."
-We'll always remember the faces
Of those that we call "friend."

Sunrises and sunsets
And long conversations,
These are the things that you share
With your friends.

Walkin' and talkin',
Just listening to music,
These are the things that you do
With your friends.

And this is the time
That I hate the most.
Good-byes are always so hard.
But I've learned that the endings
Are only beginnings
Of new and better times to come.

Heartaches and heartbreaks
And long silent moments,
These are the times
When you've helped me, my friends.

Sharing the laughter,
And sharing the tears,
These are the times
When you've always been near.

And this is the time
That I hate the most.
Good-byes are always so hard.
But I've learned that the endings
Are only beginnings
Of new and better times to come.

Hugging and playing
The love in a friendship,
These are the things
No one else understands.

And I wouldn't trade
One minute of time
For anything else in the world.

'Cause through all of the laughter,
And all of the tears,
Through all of the growing
With all of its fears,
These are the finest times
We've ever had.

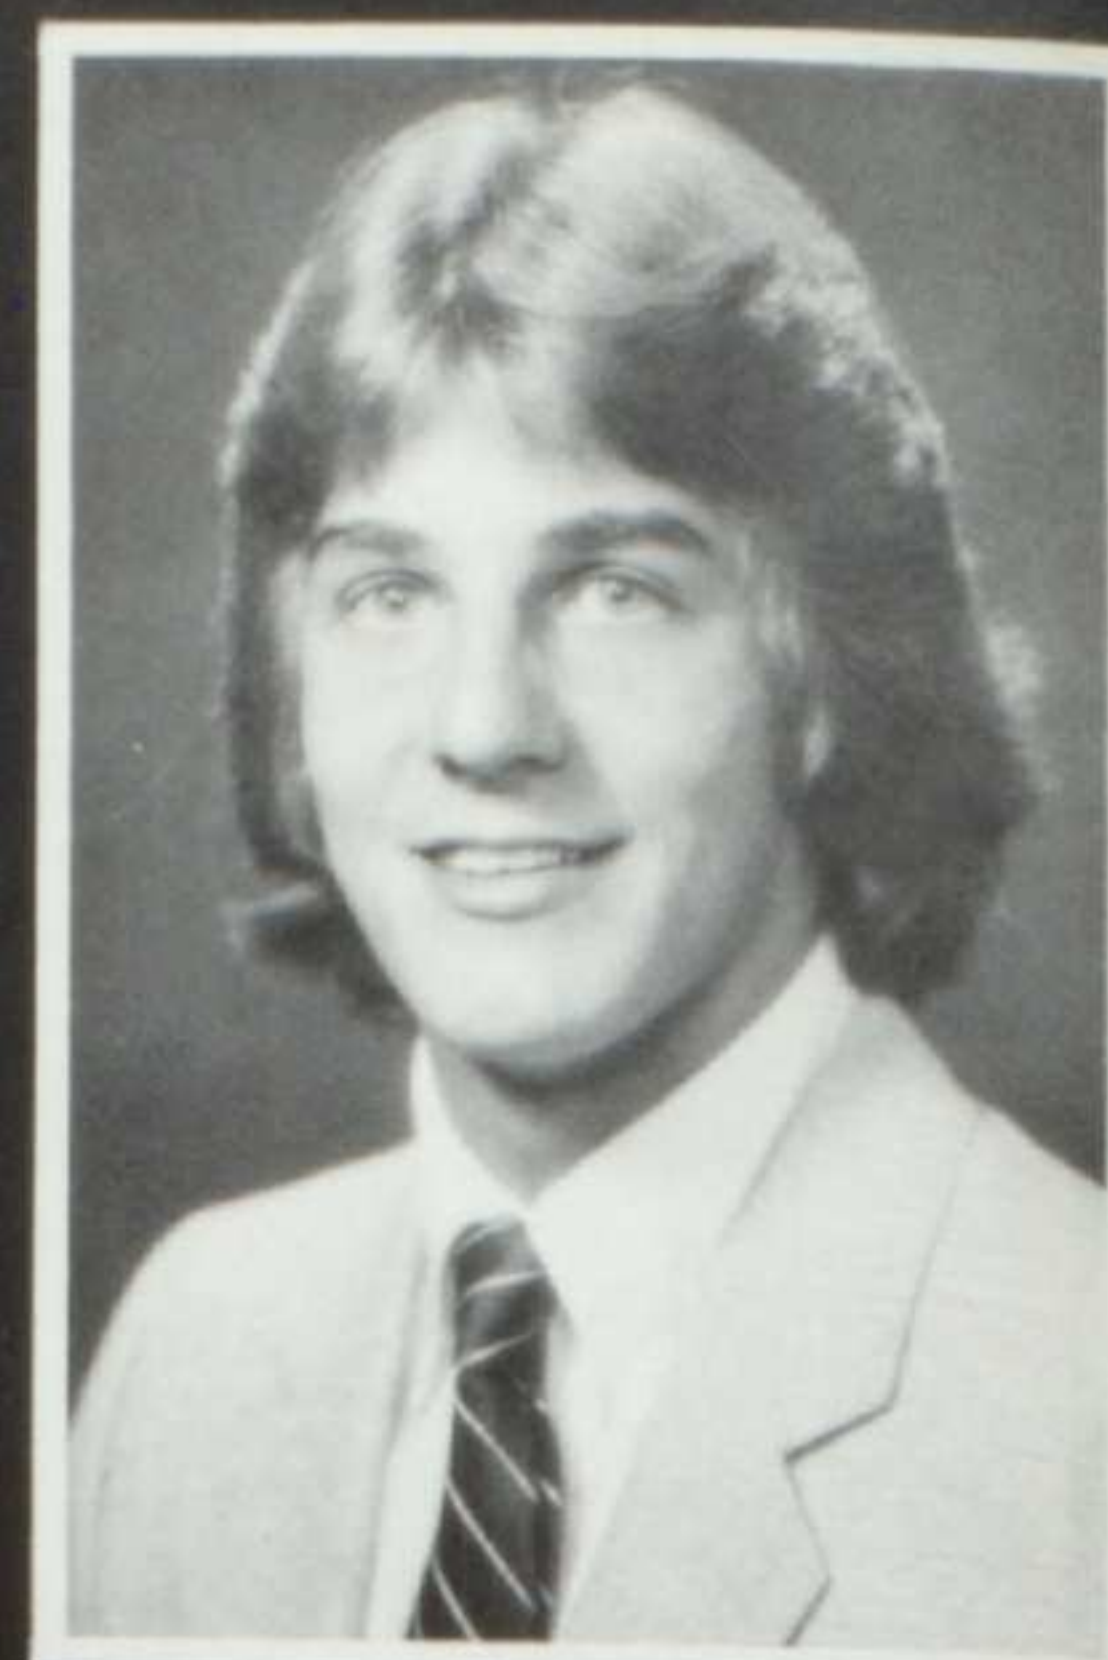

And this is the time
That I hate the most.
Good-byes are always so hard.
But I've learned that the endings
Are only beginnings
Of new and better times to come.

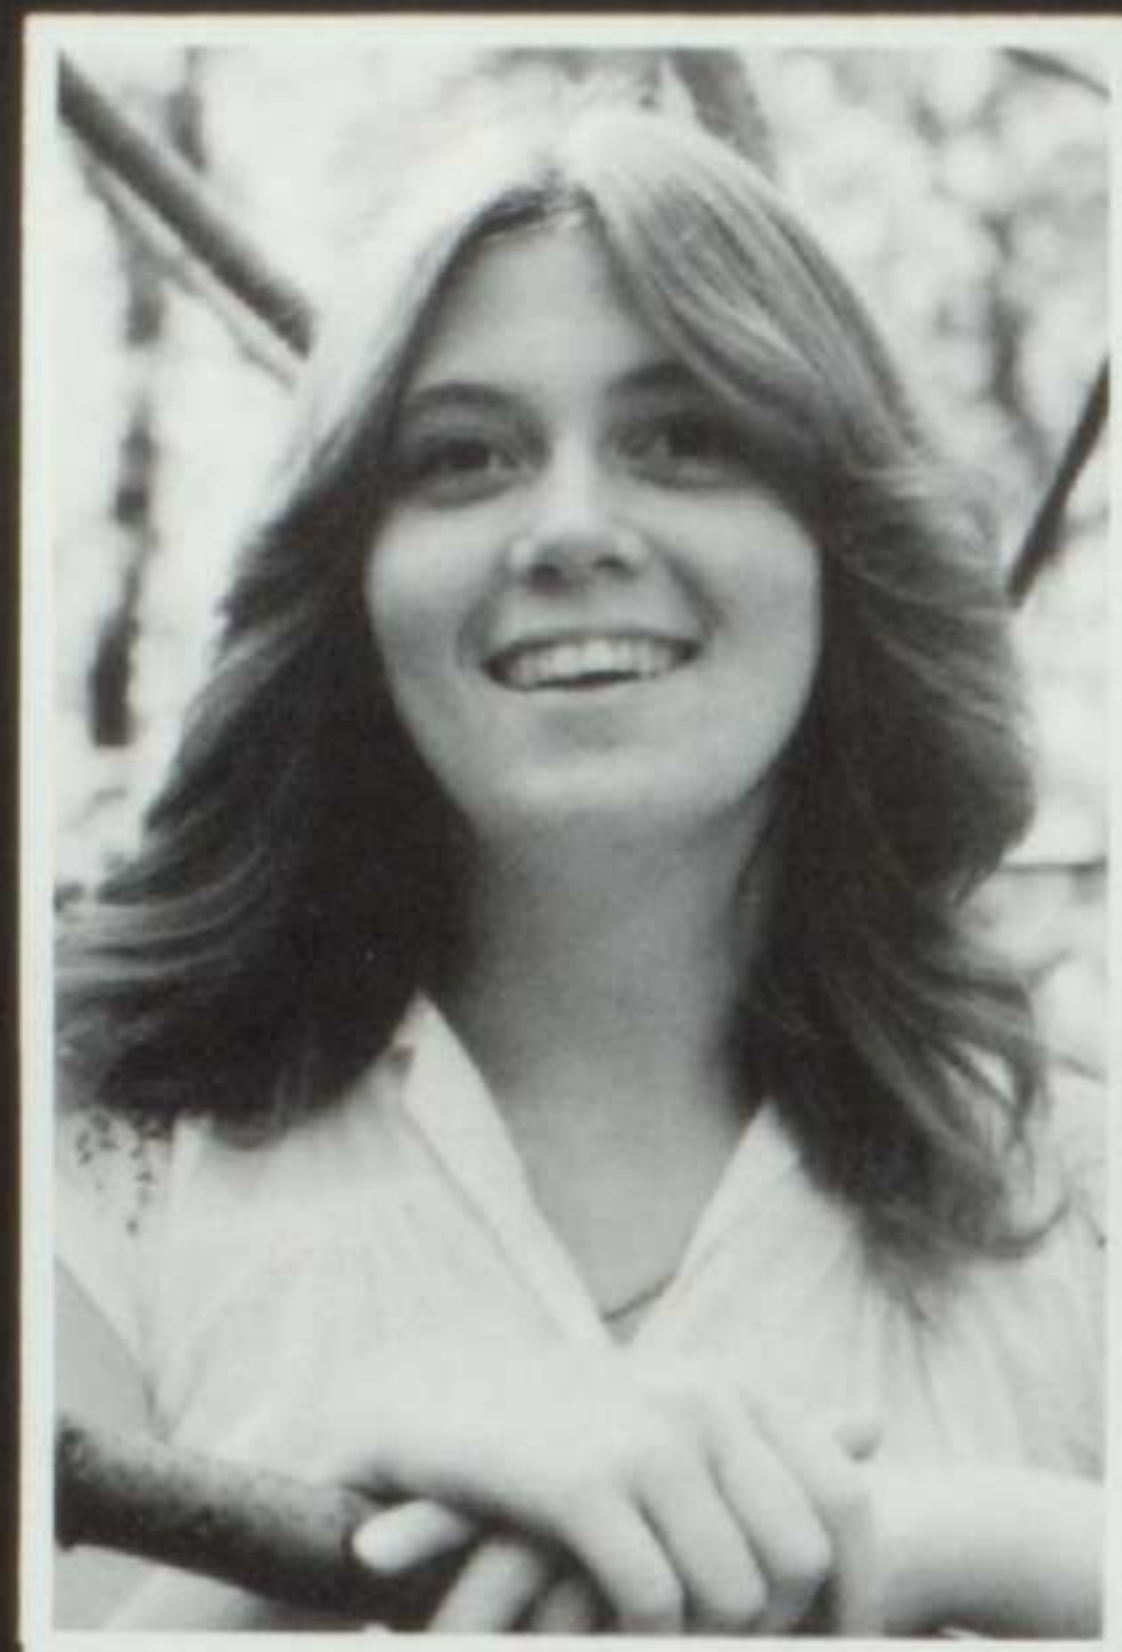

You are falling into a deep, deep trance.

If only for a moment,
We could touch the essence of life
And capture its vital moments
and memories.

If only for a moment,
We could hold the hands of time,
Holding onto the past, yet striving
for the future.

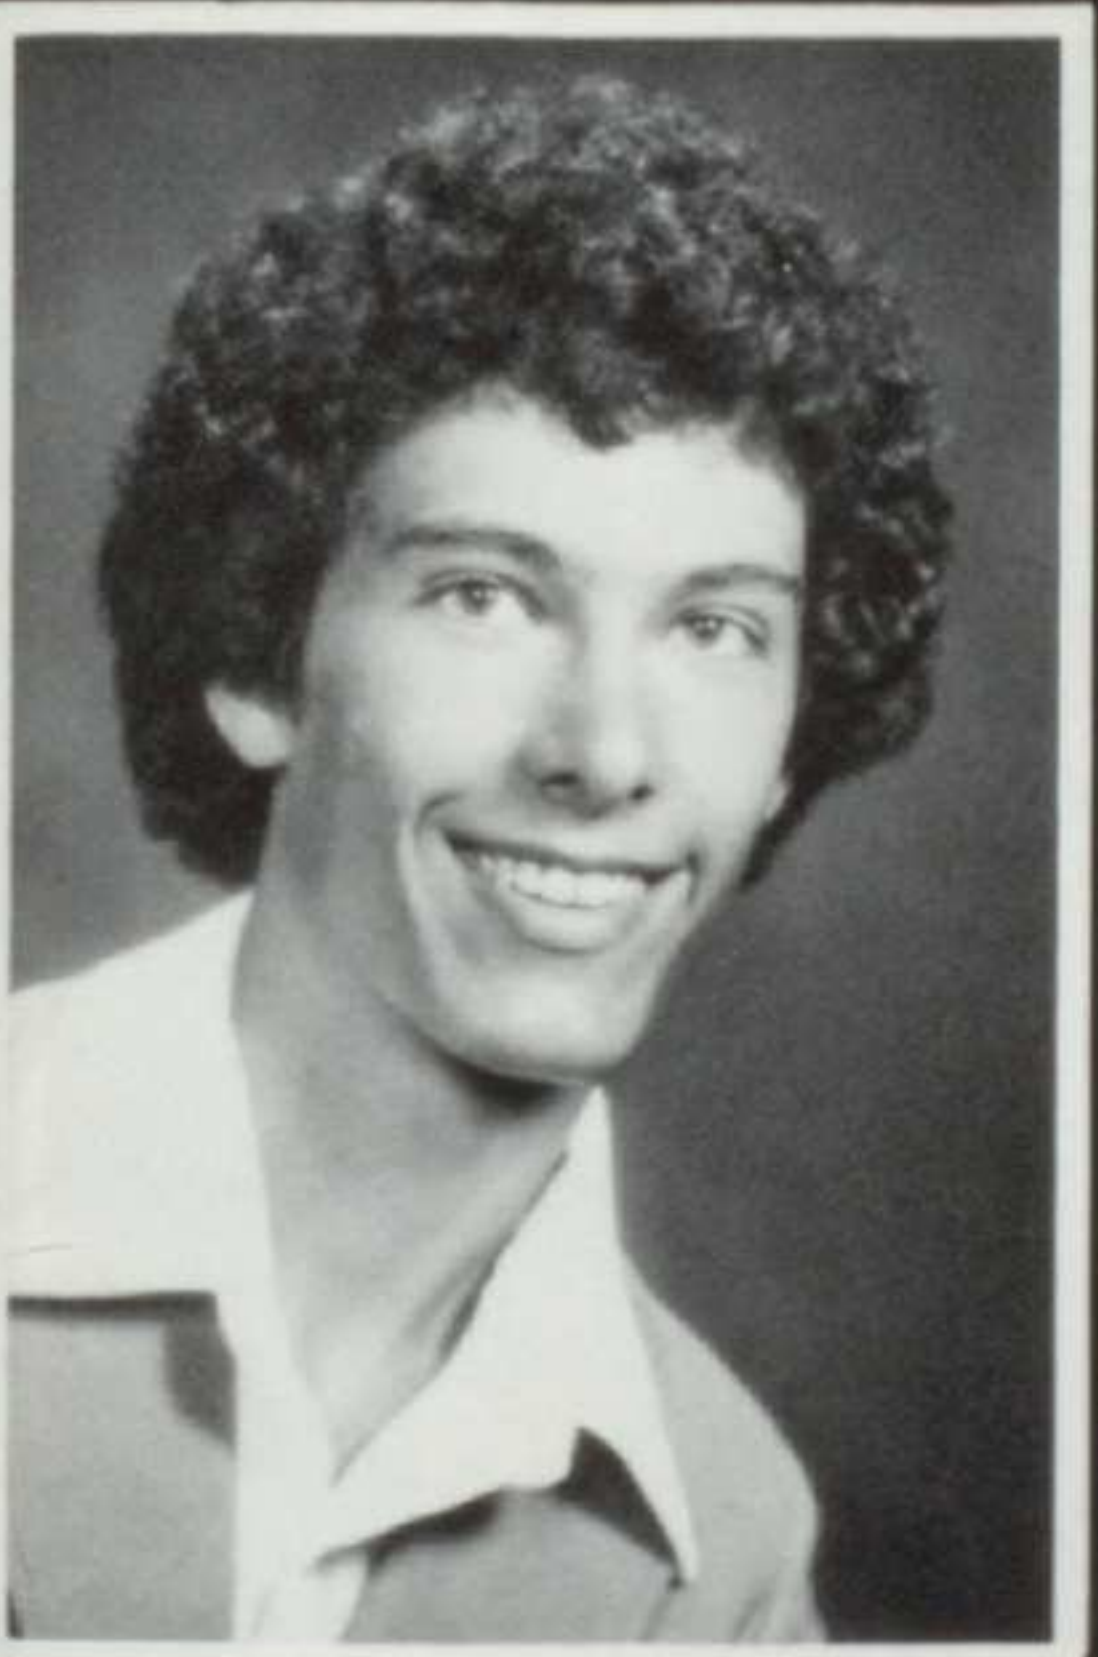

If only for a moment,
We could make friendships last
And never lose the love of a friend
We knew so dear.

If only for a moment,
We could make smiles last . . .

If only for a moment.

I am not one for final things
 For last days, and last hours, and last words
 I do not like farewells
 But this is as far as I can go with you
 This is where I stop and step aside and let you go
 In a few minutes, for the last time,
 You will get out of your chairs in this room,
 Come forth, turn right, and file out of a door
 That most of you will never enter again.
 Yet this is even as it should be.
 If you leave a little straighter, a little stronger,
 A little more courageous, a little larger than you were
 Then I have had my reward.
 If you leave a little more conscious of yourself and others
 A little more understanding and compassionate,
 A little more able to wonder at and appreciate
 The Universe at large.
 Burning with just a little more passion
 For things beautiful and good and true,
 For things eternal,
 Then I am made proud and humble.
 Though time will fade your faces,
 And I will come to forget your names,
 Right now, as you go forth,
 I care very much for each one of you
 And though it is not in my power to bless you,
 I bless you all.
 This is my last to you.

Traditions at Worthington?

What is tradition? The dictionary says that tradition is "a long established custom or practice, handed down through the generations, and generally observed as an unwritten law." That's nice, but what is tradition **really**? It could be eating turkey on Thanksgiving, cake on someone's birthday, or peanut butter and jelly sandwiches for lunch every day, 365 days a year. It could be going to Florida over spring break. It could be never receiving lower than an "A" or higher than an "F" on a math test. Tradition can even be the antiqued, moth-eaten "Go Bucks" sweatshirt, handed down from an older brother and worn only on the day of the Ohio State-Michigan game. But what about tradition at Worthington High School? Is there such a thing?

It's impossible to bring up the topic of WHS traditions without mentioning the Rock. According to legend, the Rock is not really a rock at all; it's merely an over-grown pebble! The story goes that there are so many layers of spray-painted messages on the pebble that it has swollen to the size of a rock. Actually though, the Rock really is a rock. It was uncovered in 1950 when the West wing of the Main Campus, now used as science rooms, was being built. By the 1952-53 school year, students had moved the Rock near the entrance of the school and had begun painting their mottos and comments about life on it.

The Hall of Fame, located near the Central Unit Office, is another WHS tradition. Established in 1956, the purpose of the Hall of Fame is to honor students showing excellence in "scholarship, leadership, athletics and citizenship." Nominations for inductees are made by the Junior and Senior classes in the spring of each year. After nominations, the names of the top 15 Seniors are placed for consideration before a stu-

dent-faculty committee consisting of: the high school principle, five faculty members, the Freshman, Sophomore and Junior class presidents for that year, and two Senior representatives. Before a nominee may be placed in the Hall of Fame, he or she must receive at least ten of the eleven committee members' votes. If all 15 Senior nominees fail to receive the required number of votes, there is no inductee to the Hall of Fame for that year. In addition to WHS students, the Hall of Fame also contains several faculty and administration members who have made outstanding contributions to the high school. It is a tremendous honor to be placed in the WHS Hall of Fame.

Remember those Friday night football games, sitting in the stands and listening to the marching band play "Showcase"? This number is also a tradition at Worthington High School. The band first started playing "Showcase" in the early 1960's at football games, basketball games and pep rallies. Everytime the band played the tune, the enthusiastic crowds went wild. The audiences especially liked the hand movements which accompanied the music. It's because of its instant popularity that "Showcase" has become a classic at WHS.

Perhaps one of the longest standing traditions at Worthington High School is its football rivalry with Upper Arlington. The rivalry began in the 1930's as a result of the Cardinals

frequently nearing a victory over the Golden Bears, but never quite succeeding. In 1933, when football games were played at 3:30 p.m. Friday afternoons, Worthington beat the Golden Bears by a score of 13-7! It was a long 43 years before the Cards "got some Bear meat" again. Not until 1977 were the Cards again victorious, beating Upper Arlington 14-8. The rivalry had become a great tradition.

It is clear that tradition is alive and well at Worthington High School! Not only are there academic and athletic traditions, but there are also traditions that are just plain fun. Some of the traditions are relatively new, while others have existed nearly as long as the school itself. It is likely that these traditions will continue to live, constantly being added to and enhanced by future WHS students.

School on Saturdays?

"What? Go to school on Saturdays? You're kidding?" Well at Worthington High School they're not kidding. In fact, going to school on Saturdays is a very distinct possibility for many WHS students. These students are offered the option of attending Saturday School instead of being suspended. The purpose of Saturday School, as stated in the "Cardinal Notes", is to "enable students who would otherwise be suspended to remain at school and at the same time, provide them with an opportunity to improve their academic standing"; however, as the "Cardinal Notes" further explains, "this option (of Saturday School) will only be made on a one time basis for each offense. Continuation of the same offense will result in out-of-school suspension and not Saturday School."

What does all this mean to the average WHS student? On the positive side it means that students who do end up in Saturday School are given two to four hours, depending on the number of points they've thus far accumulated, to do their homework, something they might otherwise not have completed. Saturday School also allows students to stay in school and avoid the three day absence from school which a suspension involves.

Despite these positive aspects of Saturday School, though, there are quite a few flaws in the system. Many people feel that the possibility of having to go to Saturday School doesn't really diminish students' willingness to cut class or disobey other such rules. As one student remarked, "I cut class for seven hours and only had to go to Saturday School to two." There are also reports that several Saturday School students tend to use their ten minute break to use drugs and "get high".

Regardless of these negative points of Saturday School, the system is definitely an alternative to suspension, and until a better solution is found, chances are Saturday School will remain as the disciplinary system at WHS.

Teaching Styles

Lately at Worthington High School there has been much discussion about the LSI, or Learning Styles Inventories. Many students have taken these inventories to discover their own individual learning style. With all this attention focused on learning styles, teaching styles have been all but forgotten; yet they influence students' learning profoundly.

Surely every student has had a teacher who teaches the same way every year. These teachers do not change their teaching style to accommodate their students' learning styles. Instead, they expect the students to adapt to their classroom methods. If the students fail to adapt, their grades will suffer. These teachers are usually very traditional. Their style consists of lectures, readings, worksheets and questions over the covered material. Periodic quizzes are given, and of course these teachers give semester exams. Each semester it's the same! One such teacher said in defense of his traditional style of teaching: "The students are new each year, so they won't know that I'm teaching the same things the same way year after year." He views this repetition as an

opportunity to perfect his teaching style.

Students also encounter teachers whose style is more flexible and who are willing to change in order to meet the students' needs. Each semester these teachers try several new classroom techniques. These new techniques are then evaluated in terms of the amount of learning the students achieve, how and what material is covered, and how successfully the technique evaluates the students' learning. If the technique does not meet these requirements, it is abandoned. The teacher then searches for an alternative method which will be hopefully more successful in fulfilling the needs of the students. Thus, the students' learning styles are an important consideration of the teacher who uses this flexible approach.

Finally, students at WHS may be lucky enough to have teachers who use the Learning Style Inventory as the basis of their teaching style. This is a relatively new concept, and Worthington is one of the few places in the country where it is being used; although, the technique is rapidly gaining prominence nationally. What exactly does the LSI tell the student about himself and the

teacher about the students? The inventory reveals how each individual student learns best. It explores four basic stimuli which influence learning: environmental, emotional, sociological and physical. After students have taken the inventory, a computer analyzes the results and gives a detailed prescription of the individual's learning style. Once a teacher knows the learning styles of his or her students, he or she can plan their teaching strategy accordingly to best meet the needs of the students. The greatest amount of learning is the result.

It is evident then that there is more to a teacher than meets the eye. One thing is for sure, though, and that is that knowing how a teacher teaches can greatly help students' performances in that class. So, while in their next class at Worthington High School, students should take a minute and analyze what the teacher is trying to accomplish in their teaching methods. This discovery could mean a big difference in the value of students' educations!

Cards-Strength and Character

The 1980 Cardinal football team, like most of the preceding football teams at Worthington High School, was made up of talented athletes and a very dedicated coaching staff. The amount of time these people spent preparing both themselves and the entire team for the season was incredible. The hours of lifting weights and running that went on even before summer practices, more commonly called "two-a-days" started were only the beginning of the players' workouts. The coaches also spent unending hours during the summer preparing for the upcoming season. They worked on the playbooks and reviewed films from previous years to see what could be done to make this year's team better than all the rest.

On July 30, the players and coaches enjoyed their last day of summer vacation, because football practice started the next day. A week later "two-a-days" started, and with them more running and preparation, both physical and mental. Not until the day, though, when the players descended the locker room stairs and saw the sign reading "Full

"... what could be done to make this year's football team better than all the rest? ..."

Dress" did football season really begin. Everybody got to hit! The players worked even harder on the plays they had learned, executing them to the best of their ability. They performed drill upon drill to refine their styles of running, blocking and tackling.

The count down to the first game had begun. After several more practices, the team hosted a neighboring team for a scrimmage. The Cards dug in deep to protect their turf from the first foreign invasion of the season! A few weeks later another team came to scrimmage, and then another, but all were sent home in defeat.

The countdown neared its close; only one week was left until the first game of the season. The team set its goal: an OCC championship. Finally the day before the first game arrived. All of the players sat in the locker room anxiously waiting for Coach Ellwood to come out of his office. As the coach entered the room, the players became silent. Coach Ellwood announced that the varsity team would be allowed to hold its Thursday night pre-game on the newly resodded field. The next night, Friday, August 29, was the Cards' season opener against Watterson, and it was the first of four consecutive, disappointing losses which the team would endure.

School spirit was down and many people said that the Cards were no good. The team stuck together, however, in spite of this opposition. Then came the big blow which stunned both the players and the coaches. Superintendent Dr. Lakey informed Dave Howell, WHS Athletic Director, that the football team could no longer use the newly resodded field for their Thursday night workouts. These workouts did not involve physical contact, but they were intense practices of timing, both offensive and defensive. For the next two weeks the team was not permitted to hold practice on the field. Then a group of concerned Worthington citizens discussed the matter with Dr. Lakey. The result was that the team retained use of the field for the remaining two games.

Despite the team's problems and their ups and downs, the Cards were tough and determined. They proved to be a team of character and strength. They had the ability to come back after several painful defeats, showing that a team's record is not the only judge of its season. The 1980 football Cards finished their season with a respectable 5-5 record.

1. The 1981 Cardinal Yearbook banquet, held at 94th Aero Squadron. 2. Jeff Herrick, the roaming Alternative Program Editor. 3. Ah, the joys of the underclass sections! 4. Foreground: Mr. Bob diligently performs the rigorous duties of Advisor-In-Chief. Background: Le Mark Richardson (a real photographer) performs hara-kiri with his typewriter. 5.
