SENIOR CLASS HISTORY

Not many of us remember that bright September morning when the class of '47 was born. In fact there were only eight there who graduated with our class: David Bachelor, Betty King, Phyllis Henderson, Peggy Moore, Carolyn Nelson, Bill Owens, Eddie Snouffer, and Barbara Weaver. The first and second grades were held in the old school house which has been replaced by the present elementary building. Miss Dyer and Miss Waugh were our first and second grade teachers.

Our third grade was held in the town hall with Mrs. Donahue teaching. The highlights of this year were a tea given for the mothers, a puppet show "Jimmy Toothbrush", given before the PTA, and several roller skating parties.

The following fall the new building was finished, and it was here we completed our elementary grades and junior high. Miss Thomas, Miss Burgess, and Mr. Tyndall were our fourth, fifth, and sixth grade teachers.

The main events of Junior High were the Junior High Mixer and Visitation Day.

With beginning of the freshman year came the start of our high school careers. Our class was greatly increased by the freshmen from Homedale, Flint, and North Perry. Jane Davison and Sally Loos were our class presidents. The main events of the year were the White Christmas Dance and our class picnic at the York Country Club.

The sophomore class president was Eddie Snouffer. We sponsored a "Sweater Dance", had a magazine sale, and checked coats and sold refreshments at the basketball games. At the close of the year, we had our class picnic at Eckel's Lake.

Our first activity of the junior year was the sponsorship of the football concession stand with Mrs. Mayall as our advisor. Peggy Moore was our representative on the Homecoming Court for the second consecutive year. Our class play, "The Whole Town's Talking," was given in November and was a great success. Later in the year, Worthington won the state play contest with "Jacob Comes Home" as its entry, and runner-up to the state basketball championship. We closed the year by sponsoring the Junior-Senior Prom at Brookside Country Club with Ray Mund and his orchestra, and a class picnic at the Columbus Zoo.

Our senior year started out with great success when Worthington captured the Franklin County football title. Jane Hutson was Homecoming Queen and Marie Sunderland was the senior member of her court. The senior class play "Peg O' My Heart" was presented in May.

Thus the history of our class comes to a close. We proudly leave this record of activities behind us, but we will keep the memories of the good times we had with us always.

CLUBS

Y-TEENS

The purpose of the Y-Teens Club is to serve both at school and in the community and to provide interesting and educational projects for the benefit of the members.

To become a member an applicant must conduct herself in a manner above reproach, and she must strive to promote the highest type of young womanhood.

This organization, which is a part of the Y.W.C.A., was formerly known as the Girl Reserves. Miss Frye and Miss Bird are our faculty advisors.

Our activities include formal initiation which was a banquet held this year in the lunch room at the Elementary Building. After an evening meal prepared by some of the mothers of the members, the new members were initiated. In order that we might renew our friendship with the recent graduates, we invited them to the alumnae tea which was held at Cynthia Detrick's home during the Christmas holidays. The Christmas Formal took place this year, December 28, in the Elementary Gym. It was sponsored by the Y-Teens and the Hi-Y. The Y-Teens held the annual spring dance late in the second semester. A rummage sale was held on the 14th of February. The Spring Banquet is our last event of the school year and after the banquet we usually attend a movie.

This page is sponsored by Edward Heil and The Linworth Farmer's Exchange.

HI-Y

The motto of the Hi-Y is "to create, maintain and extend throughout the school and community high standards of Christian character." Any high school boy who will live up to this motto is eligible to join the Hi-Y. The boys must also respect certain rules and regulations. One must put forth his best efforts towards character development, not only when entering the club, but throughout his entire membership. Through this organization the boys may secure companionship, respect and admiration throughout the whole community. The club prepares the boys for the world after they have left high school.

Helping the boys to live up to these high standards is their able advisor, Mr. Dow Nelson. Mr. Nelson has been advisor to the club for the last four years.

As usual, the club has had an active year in 1946-47. The group holds dances and athletic contests. One of its biggest activities is the homecoming dance, which is held after a football game.

Certainly the club has contributed to the fine record in sports and scholarship which this school maintains. We hope that the future will uphold the high standards of former members.

SCIENCE CLUB

The main event of the Science Club is the Science Fair which is held each spring. This gives the members the opportunity to display their researches and projects made during the school year. It also carries out the purpose of the club which is to promote knowledge in all fields of science.

Any student with scientific interest who is taking or has taken either biology, chemistry, or physics may become a member. Mrs. Mayall, the organizer of the club, and Mrs. Tate are the advisors.

MNEMOSYNEAN SOCIETY

The Mnemosynean Society is the newest organization formed in W. H.S. this year. The project for the study club this year is to correlate periods of music and art. Membership is open to anyone interested in music or art.

Because of the small membership it is most convenient for the club to meet in the evenings at the homes of the nine charter members.

The sponsors of this society are Mrs. Hofacker, Miss Bird, Mrs. Schofield, and Mr. Strang.

F. H. A.

The F. H. A. is an organization for the home economics classes all over the nation. It was established in 1944. Anyone having one year of home economics in high school is eligible to be a member. The purpose of this club is to further interest in home economics.

Throughout the year the F. H. A. sponsors dances, parties, serve football and basketball banquets, library teas, and helps with many other community activities.

Each member receives a letter after she has earned two hundred points by serving on various committees.

The officers are elected in the spring, before school closes. These officers take over the offices to which they were elected at the following meeting.

One girl is elected from each school to serve as an officer in the Pickaway and Franklin County club. Elections are held each year.

G. A. A.

The Girls Athletic Association of Worthington High School is a newly-organized group at Worthington this year. It was founded to fill a need for sports in which girls could participate. Any girl in the high school is eligible for membership if she wishes to join any of the teams.

One of the aims of the organization is to stress improvement in the different games, such as volleyball, soccer, tennis, archery, basketball, hiking, baseball, newcomb, table tennis and bounce ball. But the highest aim of all is to have a good time and to learn to be a good sport.

Officers for this year 1946-47 are: President, Mary Lewis; Vice-President, Marilyn Landis; Treasurer, Geneva Laws; Secretary, Ann Moody; Club Advisor, Mrs. Mary Ruth Custis, the Physical and Health Educational Teacher.

First Row—Smith, Herritt, Tate, Amick, Snouffer, E., Leedy, Henderson, Hopkins, Schneider.

FRANKLIN HONOR SOCIETY

Outstanding juniors and seniors are honored each year with membership in the Franklin Honor Society. Eligible students are judged by the faculty on the basis of scholarship, leadership, character, and service. All Franklin County high schools are represented.

The organization holds two meetings a year. One is an informal dance in the fall, the other the initiation banquet and dance in the early spring.

ACTIVITIES

JUNIOR CLASS PLAY

One of the big successes of the year was the junior class play, "Mr. and Mrs. North", presented in the Elementary Auditorium on the 27th of November. Under the direction of Mrs. Hofacker, the three-act mystery comedy provided an evening of enjoyable entertainment.

Ned Merrill, Nancy Gerhart and Ted Hursey handled their leading roles like old troupers. Tom Bolon not only surprised himself, but the director as well, when he added a funny bit of action with the whisk broom.

The supporting cast added to the enjoyment of the play and as the final curtain fell, the audience left feeling thoroughly satisfied.

SHORT CIRCUIT

The school's own newspaper is the SHORT CIRCUIT, which was established three years ago. In that time the paper has grown to a 16-page mimeographed news bulletin, which covers every school topic. The Typing II class takes care of the production, which enables many students to become proficient in typing stencils, using the mimeoscope, and operating the mimeograph.

Debating is an art which develops skill in organizing and presenting ideas effectively, and it teaches one to think quickly "on one's feet." The debate team this year has proved itself a capable group having won many of its contests in a successful and active season. The question, Resolved: That Federal Government should provide a system of complete medical care available to all citizens at public expense, was a challenge to the thinking of Shirley Walters and Bill McCulloh who debated the negative and Joan Morrow and Emery Hetrick who maintained the affirmative view. Jim Meek, who acted as an alternate, had an opportunity to prove himself. Mrs. Hofacker acted as coach and Mrs. Mayall as judge.

OUR STUDENT COUNCIL

The Student Council is the governing body of the school. The council consists of the presidents of the three high school classes and of the Science Club, Y-Teens, Hi-Y, and a representative from each homeroom.

The purpose of the Student Council is to represent the views and ideas of the student body. The council is in charge of all contributions for charity and other service drives. The members of the Council are hall monitors for the school year and they also serve on the Student Court.

SPORTS

COACHES

One of the busiest men in W. H. S. is Mr. Heischman. For coaching basketball and golf, he has achieved a superior rating. Being a letterman in high school and college gave him the proper background. The varsity basketball team of '44, coached by Mr. Heischman, went to the State semi-finals, but lost to Lima St. John. In '46 his team went to the State finals and ranked second in the class "B" bracket.

During golf season, Mr. Heischman is also quite busy. He has produced many creditable golf teams.

Mr. Nelson is our football, baseball, and reserve basketball coach. Before coming to Worthington, Mr. Nelson coached at Stockport, Cuyahoga Falls, and Chillicothe.

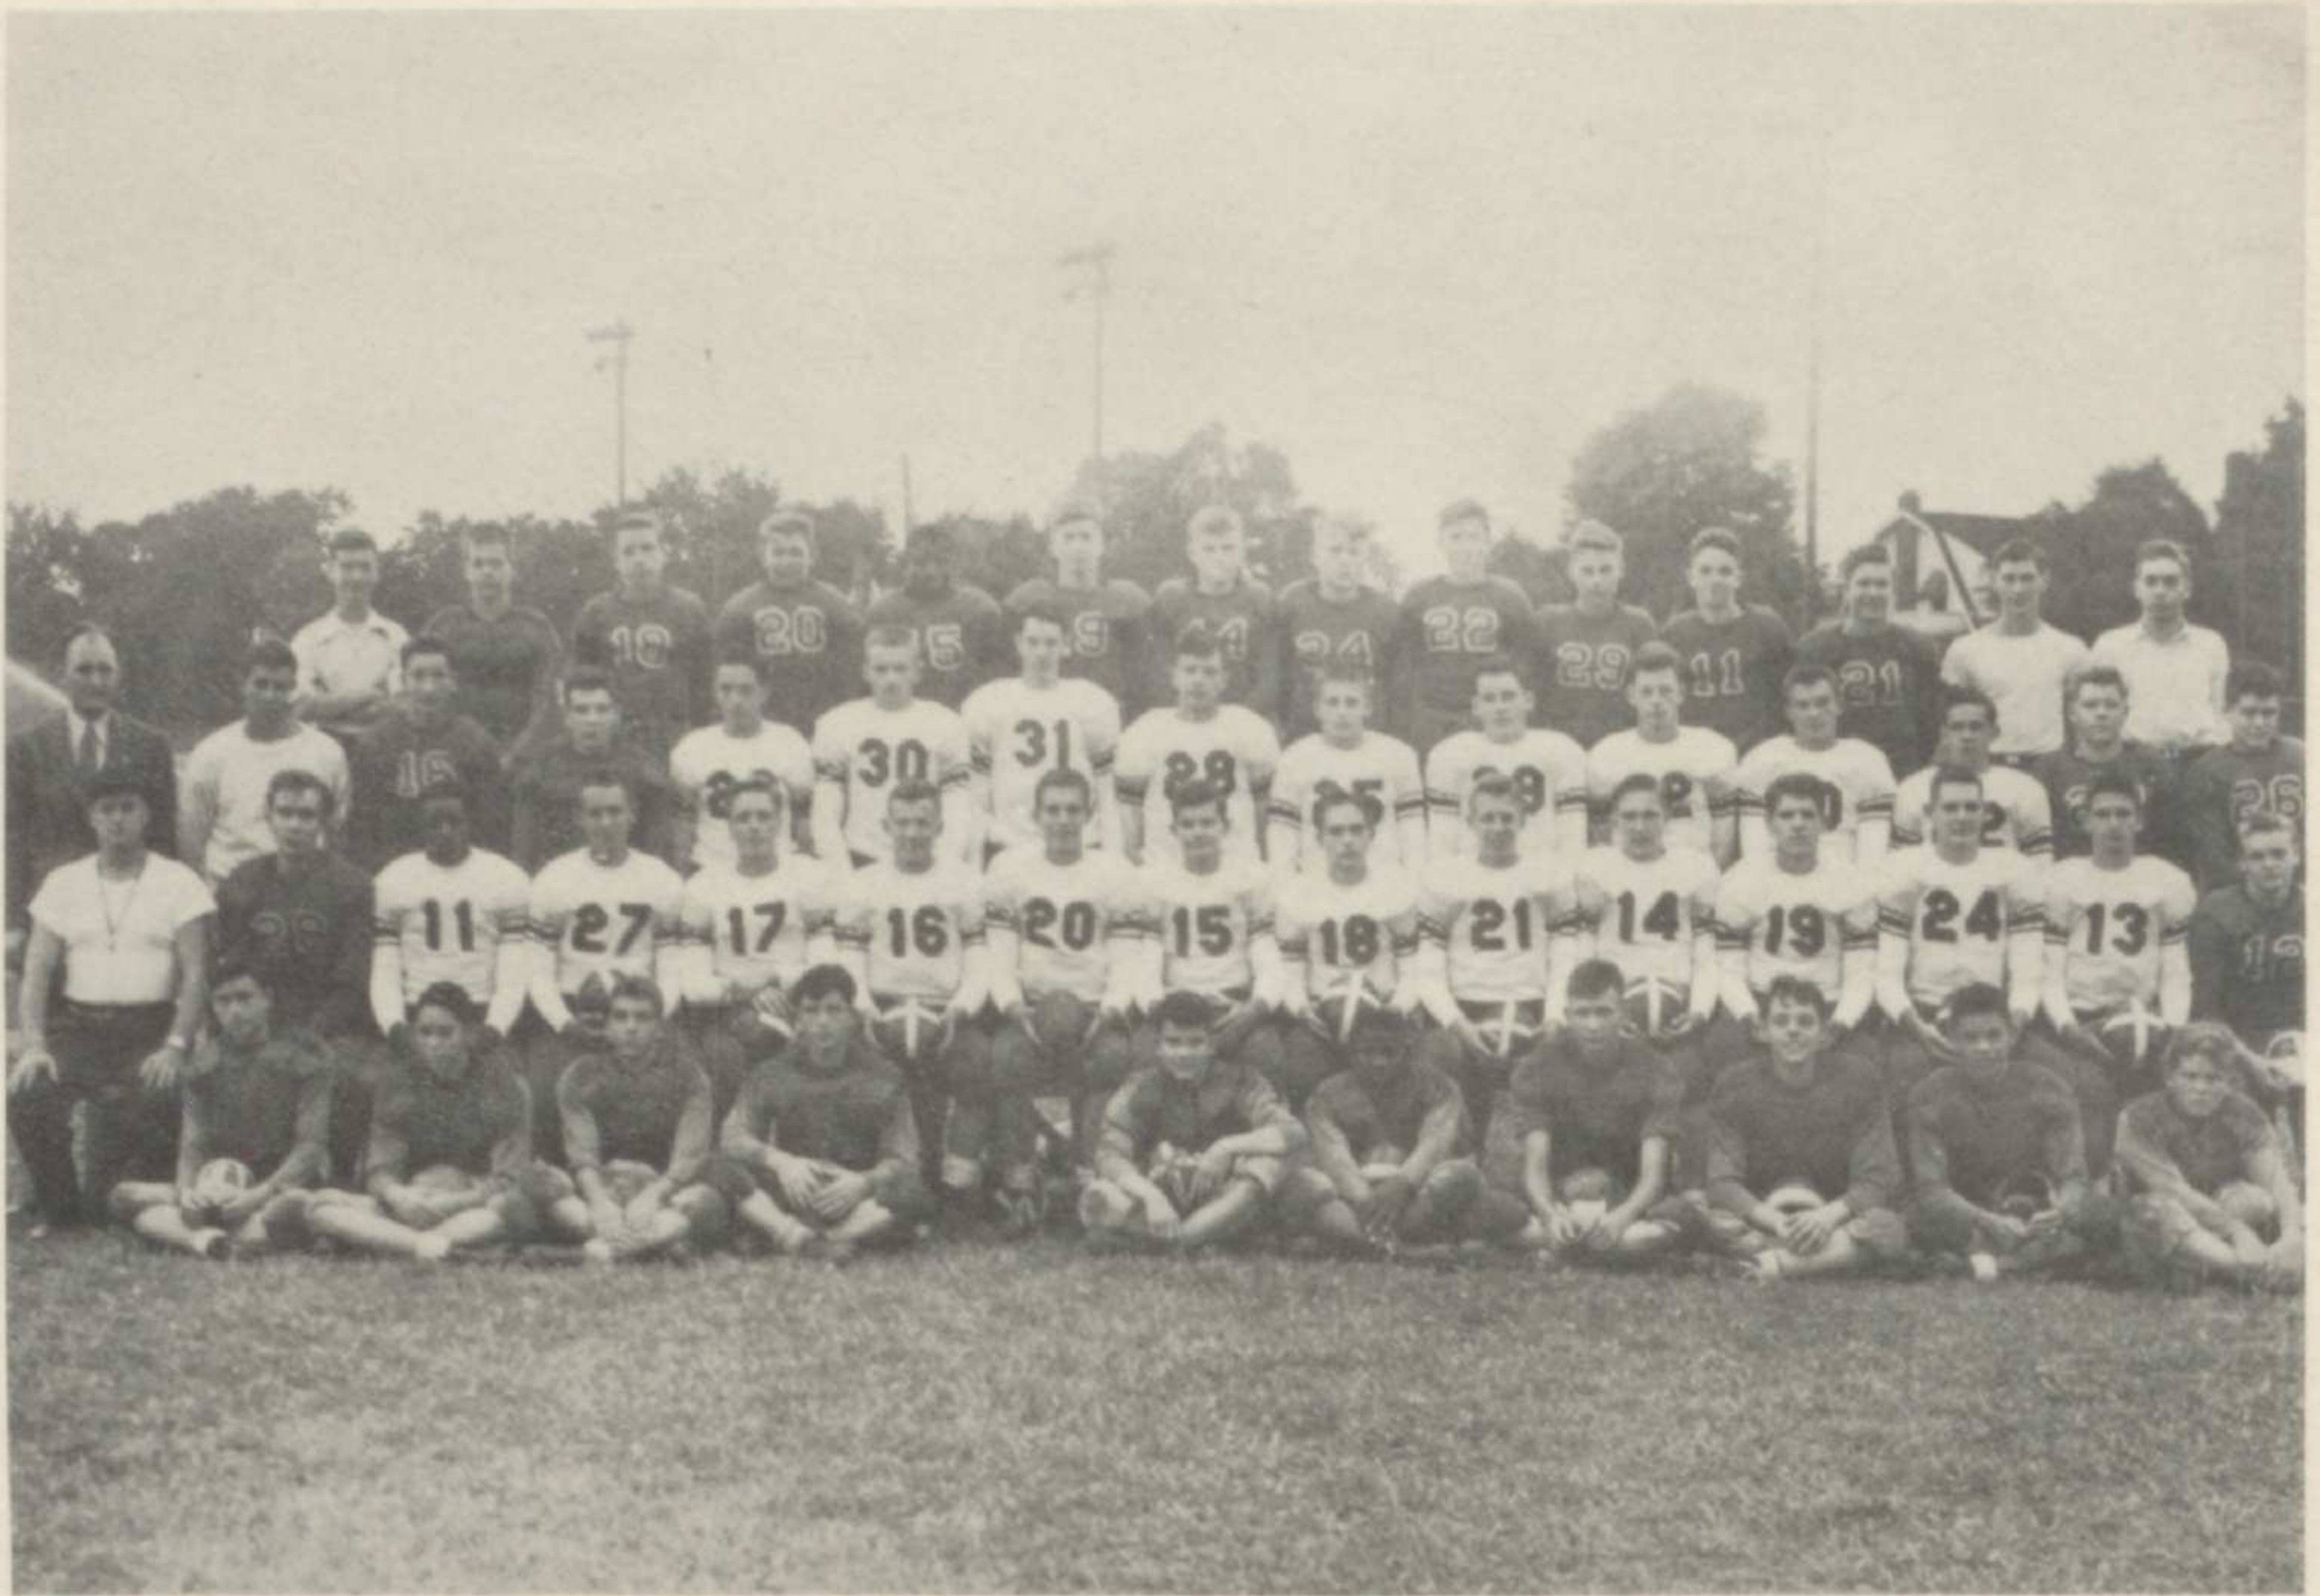

Mr. Nelson's first year at W. H. S. brought him honors with an undefeated reserve basketball team. Since then he has produced many fine teams that make plenty of competition for any rural school.

The '46 football team, under the coaching of Mr. Nelson, ended the season undefeated and untied. This is the best record for a Worthington football squad since '21. Mr. Nelson is constantly changing his methods of coaching by attending coaching schools of various kinds.

Mr. Eisenhart attended Columbus North High School where participated in track for four years. His senior year he was captain of the track team. He then ventured to Ohio State University where he also was a member of the track team for four years, and again was captain of the team his senior year. During his track meets, he has won national championships in the 1000-yards in '43 and the 8-80 in '41.

This is Mr. Eisenhart's first year at Worthington High. He has had the fellows working out since September. With the background he has and the material he has to work with, we are expecting great things of the track team this year.

Mr. Trout hails from Van Buren. During his years as student and teacher, he has been active in sports, especially football and basketball. He served as co-captain of the basketball team in his senior year in high school. Time moved on, and Mr. Trout's next stop was Pandora where he coached the football and basketball team for three years. In '42 he joined the staff of W. H. S. as assistant football coach. We then lost him to the Army, but in '46, Mr. Trout was back at Worthington assuming his old roll of assistant football coach. He has been a great asset to our team.

FOOTBALL

The Worthington Cardinals came through the football season untied and undefeated. The team showed great defensive and offensive power early in the season and seemed to gain more with each victory. This is the first undefeated football team since '20.

The success of this team is due to the spirit and enthusiasm of the boys, as shown throughout training.

We are proud of the fine record made by our boys.

HOME COMING

A chilly rain on the night of October 11 did not dampen the enthusiasm of the queen and her court at the annual Homecoming festivities. They were honored at the Mifflin game and the dance that followed.

The 1946 queen was Jane Hutson, and her attendants were Marie Sunderland, senior, Barbara Brown, junior, Mary Lou Vandergrift, sophomore, and Marci Jacobs, freshman.

Preceding the game, the queen and the court arrived on the field in two convertibles. Captain Jim Sheaf, Bill Owens, Gene Arthur and Captain Ted Benieden of the Mifflin team escorted them from the cars at which time Captain Sheaf crowned the queen with a beautiful crown of miniature mums. Her Majesty then went to the north end of the field where she and her court remained for the game.

VARSIY BASKETBALL

The Cardinals strode through their 46-47 season undefeated in the league and losing only three games in the season. Under Coach Ray Heischman's brilliant coaching the team outclassed the best of the county teams and suffered only one defeat in class "B" competition.

The Cardinals not only won League Championship but also won the Franklin County Tournament, thus winning both first place trophies the county offers.

Members of the team this year were: Earl Nash, Gene Arthur, Bill Owens, Eddie Enouffer, Jim Sheaf, Dick Snouffer, Bill Leyland, Charles Lewis, Jack Reynolds, LeRoy Nelson, John Walker, Wilbur Dalton.

RESERVE BASKETBALL

Worthington may well congratulate its Cardinal Reserves for a splendid year of basketball. The Reserves proudly claim an undefeated record in sixteen straight battles, and in each game displayed the best of sportsmanship and tact. Besides their nine league victories, the boys defeated two Class A schools and five other non-league opponents. Their success is largely due to the superior guidance of Dow L. Nelson, our well-known and respected Reserve coach. He has coached basketball here for five years and has put forth two undefeated teams during that time. Also, their perfect season may be accounted for by the team's ability, teamwork and high standards which they loyally maintained during their training.

SENIOR CLASS PROPHECY

SATURDAY*—April 1, 1967

Dear Diary,

This has really been some April Fool's Day. I've just returned from the first reunion of the graduating class of '47, and believe me, after 20 long years, it was certainly a wonderful experience to see all the gang again. The reunion was held in the Golden Gloves Olympic, built in honor of Jack Reynolds, who won the heavy-weight title for three years straight. Jodi S. Amick and George met me at the door. They are now co-editors of Parents' Magazine. Rumor has it that they are expecting another advertisement soon. Walking down the hall, whom should I meet but Margaret Schneider! She seems to have become quite well-known for her invention of plaid paint.

Bob Quick came up quick as a flash to take my hat and coat. He is owner of the Quick Delivery Service. They specialize in towels for the whole damp family. A familiar person to my left turned out to be Claribel Markeson, who has made quite a hit with her sequel to FOREVER AMBER. Claribel's book, NOLONGER RED (READ) was published by the Fenstermaker, Frank and Firman Co. I understand that Nancy and Shirley dot the "i's" and cross the "t's", while Arlene numbers the pages. Ann Richardson, Hollywood's prominent movie censor, is trying to arrange to have NOLONGER RED made into a movie. Heaven only knows what will happen if she has anything to do with censoring it. Claribel told me that Pat Leedy ended up in a sanitarium about seven years ago. It seems that watching those little black discs go round and round every day drove her crazy. I found that along with Ann in Hollywood, Jane Davison is in a director's chair. Her next movie coming up is THE ANCIENT MARINER in which Janet Gregory has the starring role.

We had an excellent dinner, which was furnished entirely by the millionaire playboy, John Hagerty. John's admirers, mostly chorus girls, say he is tall, dark, and has some.

Diary, you never saw such a lavishly decorated ballroom, which was completely done by Wilbur Dalton & Co. Wilbur has a huge florist shop on East Broad Street, and has become well-known for his ever-popular "Dalton's Durable Dandelions".

On the left of me was Jim Sheaf, who is now snapping photos in Woolworth's 5 and 10. The person on my right was none other than Martha Myers. She has achieved national fame as the only woman over 30 years of age to cross the Olen-tangy River barefoot. Martha told me that dear old W. H. S. still has two familiar faces around the halls. Earl Nash has succeeded Grover T. Shepherd as history professor after all these years. Bob Keenan is the football coach and has coached an undefeated, untied team for five years straight. They say he attributes his

success to his old friend, Dow Nelson, who is still quite friendly in his old age.

But to top all of this, Martha said that Cynthia Detrick is in there pitching silver balls for Worthington champs.

Gene Arthur has recently taken over Roger Eells' studio. His muscular physique appears in every Sunday paper from coast to coast. Gene's motto is, "I will make your torso more so." Gene said that Dick Blakesley informed him that he had just gone over Niagara Falls in his favorite beer barrel and is now making plans to cross the Atlantic.

And, Diary, you'll never guess what! John Goerke has completely changed Einstein's Theory of Relativity. John was just graduated from West Point, where Martha Helmer is Dean of Women.

We had an extremely nice blessing from Reverend Green, who is one of those fire-eating revival ministers. You know, Carl always did have the power of speaking. Especially when he wasn't supposed to.

During dinner I noticed some poor soul at the end of the table, all swathed in bandages. Peering out from them, I finally recognized Walt Zuhars. He has been riding in the Dare Devil Auto Races for some time. He is now instructing a young people's class, but personally, I think he could stand a few lessons himself.

Jacqie Boggs, I understand, came up from Reno, where she has made her permanent residence. I noticed she was quite interested in David Slyh tonight. He is America's new swoon king. Frankie and his Bobby-Soxers have finally been outmoded by Davie and his drooling Nylon-snags.

I learned from Fritzie Brake, who is now singing with the Salvation Army that Bill Leyland and Chuck Lewis are finally playing pro basketball. Mary Lewis is their publicity manager. Due to her fine publicity, both boys have gained universal recognition. And their friend, Bill Owens, is wasting his life away as an airplane mechanic in a clothing store. He has charge of all the hangers.

Our Master of Ceremonies was none other than Frank Roberts. Frank is one of those boisterous barkers up at Coney Island. He barks for Dave Bachelor's Excursion to the Moon, a trip which takes place every hour on the hour.

We didn't have to look hard for a good speaker, either. Leroy Nelson was right there on the job. Leroy informed us that he is running for president next fall. President, did I say? Yes, Diary, he's running for president of the Worthington P.T.A.

The entertainment for the evening was really tops. Music was furnished by Keith Plummer and his "Mysters". His lovely vocalist, Ruth Bent, created quite a sensation. I understand she is married—to the drummer boy. Phyllis Henderson and Peggy Moore, that great dancing team at the Gayety here in Columbus, "came off" with some number. Betty King also added her talents. She is a dancer in the Rockettes of New York.

Joan Springer exhibited one of her great portraits of our own Tiny Sunderland. She calls it "Vim, Varga, and Vitality."

Later in the evening I had a chat with Barbara Brundige, who is Jack Walters' private secretary. She enjoys her work immensely. Jack and his electric trains keep her quite busy. Barbara told me that Mary Buck is training for the title of World's Champion Typist. She is almost up to 250 words per minute, which should do it.

I wasn't greatly surprised to hear that David Timmons and Arthur Thinguldatad make quite a team out at Santa Anita race track as **stablemen**. They do all sorts of **odd jobs**.

Dorothy Davison, head of Better Farm Products, Inc., has succeeded in growing (period). The Herritt, Hard, & Hopkins Canning Factory take care of all Dorothy's products. Marilyn counts warts on the pickles, Evelyn shucks corn (Incidentally, she's hunting for that certain "kernel"), and Gerry is still waiting for the tomatoes to "catch up."

Mr. and Mrs. Jack Denig, the former Jane Cheeseman, closed up Denig's Jewelry for a day to attend our reunion. They arrived late with Mr. and Mrs. Mills. Frankie was quite upset because her prize-winning moth, Gerdie (They do grow moths, you know), had just lost the National Wool-eating Tournament. Jim remarked with a straight face that it was the first time he had ever seen a moth "bawl".

Fred Caley and Roger McNeilly were the only ones of all our class who were unable to attend. Fred is traveling through Europe, having recently made his debut in Carnegie Hall. Roger is also in Europe as Ambassador to Great Britain.

Helen Chrisman is quite a prominent milliner in New York. I noticed her tonight with a most stunning hair-do. She told me it was designed especially for the occasion by Hayward Hartman. His Vogue Shoppe specializes in peroxidizing women's hair, an art in which Hayward is quite gifted himself.

Mary Denig, who is proprietor of a small general store in Arkansas, came upon an old organ grinder at the corner of Broad and High on her way to the Olympic. Feeling sorry for the old man, she dropped a nickel in his cup, but suddenly recognizing Eddie Snouffer under the beard and wrinkles, she took out a dime. Eddie, who was there with monkey and all, told me that Beverly Carskadon is an optician, grinding away her time making rimless glasses with invisible lenses, and that Rosemary Cook is writing to men in prison. She always did have a longing for pen pals.

Barbara Tankovich, leading journalist for the Linworth, Local, now writes the Tasty Tidbits for Today's Table column. Included in her latest menu was Barbara Weacer's favorite recipe for kisses.

No one doubted that Jane Hutson made a pretty picture as queen of the Wash Bowl last New Year's Day. Instead of a crown, Jane wore a "ring".

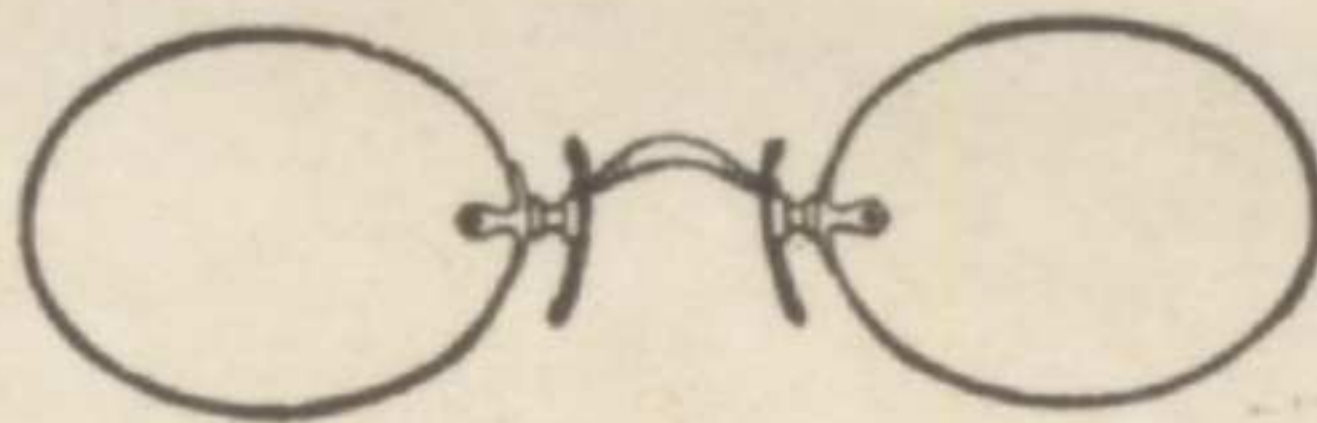

Glory be, to think that Kermit Arthur would ever be leading crime detective in New York City. As a lawyer, I was told that he does mighty well, reading between the lines of theunwritten law.

It was really quite a night, Diary, and—but my goodness! I almost forgot to mention Judy Tate. Of all things, she made the startling discovery of Tate's Island, located in the middle of the Dead Sea. They say the island is just swarming with little "Hills".

Well, that ends a wonderful evening. Howard came for me at 1 A. M. and was quite surprised to find the party breaking up so soon. "Mrs. Gilmore," he said to me, "you look 20 years younger!"

Good night, Diary,

Carolyn

HISTORY OF WORTHINGTON SCHOOLS

The history of our schools dates back to the year 1803, when the first public building was erected in the youthful settlement of Worthington. This was a large log structure standing at the approximate location of the present-day library, and was used for Spiscopalian church services and other public gatherings as well as for teaching. Two large sections of land on the western edge of the settlement were designated respectively as school property—the site of the present high school building—and church land.

This first school stood until 1808 when it was razed and a two-story brick building built in its place, directly opposite the location of St. John's Church. Classes held on the first floor and this building was known as the Worthington Academy, with Philander Chase, first rector of the Episcopal Church, as its first master. Philander Chase, Jr., succeeded his father in the teaching position when the latter became first bishop of the Ohio Diocese.

In 1843 a medical college was started in the old academy building, but soon afterward moved to Cincinnati, and the building was then used for a college known as the Worthington College.

In 1856 the Town Hall was erected for public school use. In 1871, when a larger building became necessary, the Town Hall was sold to the township, and the public schools returned to the Old Worthington Academy building while plans were drawn and progress on the new building was made. This new structure, the West grade school building, was finished in 1873, and the East grade school building was built twenty years later. In 1876 the old academy building was destroyed and the modern new elementary building was erected. Our present high school building was built in 1915.

The first class graduated from Worthington High School in 1880. Since then over 1300 boys and girls have graduated from Worthington High School.

The school bell, which was brought from the East when the old academy building was first built, is now in the belfry of the present grade school building—a living memoir of the hardy pioneers who laid the ground work for the excellent Worthington school system of 1947.

LAST WILL AND TESTAMENT

We, the Senior Class of 1947, being of fairly sound mind and body, in this our last will and testament, bequeath to the Class of '48 our most prized possessions.

To John Walker, George Amick hereby leaves his first year French book and his position at the head of the French class.

Gene Arthur, Guy Madison's nearest rival, leaves his blonde good looks to Sonny Jarrett.

Kermit Arthur bequeaths his stature and service record to Wilbur Dalton.

To Tad Kready, David Bachelor leaves the Home Market truck and the numerous odd jobs that invariably go with it.

Ruth Bent leaves to Jim Pankratz her whispering voice and quiet manner.

To Mrs. Hofacker, Dick Blakesley leaves his gentle stride.

Fritzie Brake wills to Joan Miller her T-shirt collection.

Annette Halley receives Jacquie Boggs' fascinating freckles, and Barbara Brundige leaves her efficiency to all future office girls.

Mary Buck's typing ability is left to Tom Bolon.

To Bob Foster, Fred Caley leaves his timely wisecracks in class.

Beverly Carskadon leaves her year at Ohio State to Emery Hetrick.

Jane Cheeseman leaves to Margie Weese her ability to get along with one boy for so long a time.

Helen Chrisman leaves to all the Junior boys her willingness to help class projects; and to Janet Dutcher, Rosemary Cook leaves her ability to catch a man for every big occasion.

Jane Davison bequeaths to Bobbie Moore her prized bottle of red finger nail polish, and Dorothy Davidson leaves the school free of the Davidson girls.

Jack Denig leaves to Nancy Gerhart and Budd and Company his complete stock of jewelry.

Mary Jane Denig gives to Jo Severence her job at the ten-cent store in trade for hers at the Dales.

Mr. Trout receives as a bequest from John Goerke his magnificent crop of hair, and to Mr. Shepherd, Carl Green leaves his roller skates in order to facilitate his trips up and down the hill.

Shirley Frank leaves her quiet manner to all those students who find it so hard to behave in study hall.

Janet Gregory leaves to Jane Kocher her singing voice.

To the U. S. Navy John Hagerty leaves his rolling walk.

Evelyn Hard leaves her wad of gum to the arm of her democracy chair or to any junior who likes juicy fruit.

To Tippy Boerger, Hayward Hartman leaves his bottle of peroxide so that in the future Tipp's hair will match.

Martha Helmer wills her bunny rabbit nose to the Columbus Zoo.

Barilyn Moench is bequeathed Phyllis Henderson's ability to get along with the alumni.

Gerry Hopkins and Jody Smith leave their transportation to and from school to Dorothy Demos in case of a flat tire.

To Marilyn Landis, Nancy Fenstermaker leaves her much-envied curls.

Jane Hutson leaves the honor of being Homecoming Queen to some other lucky girl.

Betty King leaves Long's soda fountain to Ned Merrill.

Pat Leedy bequeaths to Barbara Wolf and Dan Ryan her ability to play pieces other than the "Moron Song".

To Carol Kauffman, Mary Lewis leaves her love for horses and Chuck bequeaths to Ray Cook his parking space.

Bob Keenan leaves his broad smile to be remembered by an student who feels gloomy.

Bill Leyland leaves his talent for getting out of speech class to next year's victims.

Left to the halls of Worthington High School for the sake of posterity is Peggy Moore's graduation picture complete with dimples as proof of what good-looking girls the Class of '47 had.

Claribel Markeson leaves to Geneva Laws her G. R. letter sweater.

Jim Mills leaves his vacant position on the football team to Coach Nelson with the hope that he will be able to fill it as successfully next year.

Roger McNeily leaves to Bill Hopkins his ability to do dialects in speech class.

Martha Myers bequeaths to Jane Scatterday her favorite song titled "Bill".

Professor Earl J. Nash leaves his personality and good humor to anyone in the junior class lucky enough to get it from him.

Carolyn Nelson leaves her fine record as Y-Teen president to the future president of the Hi-Y.

Billy Owens leaves Danny to carry on for him at W. H. S. in coming years, and Frankie Price and Arlene Firman leave their positions on the Short Circuit to Wanda Barnette.

Page Brightman receives from Keith Plummer that special place at the top of the west stairway, with the condition that Page supply his own girl.

Bob Quick and Frank Roberts leave with their physics books under their arms as proof that they will never forget that forth period class.

To Ted Hursey, Jack Reynolds leaves his fast approach with the girls.

Ann Richardson bequeaths to Eileen Shade her Goldwyn Girl proportions, and Leroy Nelson leaves the Hi-Y and Student Council in need of a new president.

Reluctantly Margaret Schneider gives back to the United States Navy the sailors stationed at Norfolk Navy Yard.

Jim Sheaf bequeaths his long and glamorous lashes to the Mabeline Company for advertising purposes.

David Slyh, Dave Timmons and Jack Walters leave to Tommy Heischman, if he doesn't have them already, the toy cars they amuse themselves with during lunch hour.

Eddie Snouffer leaves his golf clubs to cousin Dick, and to Don Carpenter, Walt Zuhars leaves with pleasure those little sessions in room 5 at noon.

Cynthia Detrick leaves to Bill Postle her Buick with the advice that it runs better when all four wheels are off the ground.

To Donnie Snouffer, Joan Springer leaves her collection of beautiful women drawn during democracy class.

Marie Sunderland, bequeaths to Pauline Smith her culinary ability gained as President of the F. H. A.

Barbara Tankovitch leaves "Bench Warmer" to his own devices as far as his diary-writing is concerned.

Judy Tate and Art Thinguldstad will leave their laughs to anyone who happens to want them.

To the Worthington Library, Barbara Weaver leaves her accumulation of epistles from the direction of Gallipolis, Ohio.

To the faculty members who have made it possible for the Class of '47 to graduate finally, we wish to leave our deepest and sincerest gratitude.

To the Class of '48 we reluctantly relinquish our position as the senior class with the hope that it will have as much fun and success as we have experienced.
