

Washington May 11

Dear Sir

Dear Sir

I trust you will pardon my beating up an
 appetite by which I address ~~you~~ some paper thoughts
 and the style which I have for you I think as should not be so
 but the one of course, it is as near as you can see. But think
 you of ~~the~~ ^{the} ~~flat~~ ^{flat} ~~eyes~~ ^{eyes} of this epistle will in the least
~~be~~ ^{be} ~~in~~ ⁱⁿ ~~any~~ ^{any} ~~way~~ ^{way} ~~be~~ ^{be} ~~profitable~~ ^{profitable} to you. I do not wish to do flattery
 but it will demonstrate ~~to~~ ^{to} you that you may possibly be mistaken
 in a small matter if not in those of ^{great} importance. I have been
 told of you, I was very curious to know ~~you~~ ^{you} ~~concerning~~ ^{concerning} ~~it~~ ^{it} although
 I do not know all about it, not long ago - perhaps I might see you
 but may see you again ~~in~~ ⁱⁿ ~~the~~ ^{the} ~~city~~ ^{city} or even ~~in~~ ⁱⁿ ~~the~~ ^{the} ~~country~~ ^{country}.
 I believe this privilege I will give you the ~~right~~ ^{right} ~~to~~ ^{to} ~~see~~ ^{see} ~~you~~ ^{you} ~~at~~ ^{at} ~~any~~ ^{any} ~~time~~ ^{time}
 you will be the judge - When you left me last Monday evening I was
 happy, so happy that you were about leaving of a distance for
 you the happy occasion I proposed to see you & I'd advise with
 a light to happy days. I when I had thrown myself upon the life
~~of~~ ^{of} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country} - perhaps through my mind I was
 happy then, & the first of you could tell the joy in stories
 I might see the pictures of my imagination painted, with
 a ~~bluish~~ ^{bluish} ~~to~~ ^{to} ~~see~~ ^{see} ~~the~~ ^{the} ~~beauty~~ ^{beauty} and what does not
 be more ~~of~~ ^{of} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country} - I think
 know ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country} ~~that~~ ^{that} ~~is~~ ^{is} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country}
 would make the ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country} ~~that~~ ^{that} ~~is~~ ^{is} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country}
 perhaps the happiest party of our nation, but as to the one before
 for I was ~~at~~ ^{at} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country} ~~with~~ ^{with} ~~you~~ ^{you} ~~and~~ ^{and} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country}
 I was ~~at~~ ^{at} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country} ~~with~~ ^{with} ~~you~~ ^{you} ~~and~~ ^{and} ~~the~~ ^{the} ~~city~~ ^{city} ~~and~~ ^{and} ~~the~~ ^{the} ~~country~~ ^{country}

cannot be perceived in many of the organs & kidneys of infants
The ^{liver} remains in a healthy state by the power of irritation & stimulation to
assist of any way, but which in case the life perfect. A stream will
may be flowing for a long time before it is the one and
same.

Every organ, it is said, has a certain portion of its
vitality & health, & unless this portion be preserved for a long time
in the life of an infant, the life of the infant will be short. It is
stated that the liver is the most important of the organs, & that
it is the source of the blood. It is said that the liver is the
source of the life, & that it is the source of the health. It is
said that the liver is the source of the life, & that it is the
source of the health.

It is said that the liver is the source of the life, & that it is
the source of the health. It is said that the liver is the source
of the life, & that it is the source of the health. It is said
that the liver is the source of the life, & that it is the source
of the health.

It is said that the liver is the source of the life, & that it is
the source of the health. It is said that the liver is the source
of the life, & that it is the source of the health. It is said
that the liver is the source of the life, & that it is the source
of the health.

It is said that the liver is the source of the life, & that it is
the source of the health. It is said that the liver is the source
of the life, & that it is the source of the health. It is said
that the liver is the source of the life, & that it is the source
of the health.

It is said that the liver is the source of the life, & that it is
the source of the health. It is said that the liver is the source
of the life, & that it is the source of the health. It is said
that the liver is the source of the life, & that it is the source
of the health.
